THE RAINS of the present week have been general, and will be worth thousands of dollars to Kent county farmers in increased crops of corn, fruit, grass and vegetables.

AT A BIG John Walter Smith meeting in Baltimore a few evenings ago, some one passed Warfield buttons through the audience, and many of the admirers of the Eastern Shore candidate, mistaking them for Smith souvenirs, decorated themselves and helped out the joke.

J. FLETCHER WILLSON, John Medders and Samuel J. Wickes, the delegates who will represent Kent County in the State Convention to be held in Baltimore on Wednesday next, are all gentlemen of capacity, unquestioned democracy and representative of the best citizenship of the county.

IT WILL SOON be known whether McKinley, or Alger, his Secretary of War, has been the monster blunderer in the present war. Many believe that the deposed capinet officer has been made the scapegoat for the sins of a bungling, second-term-seeking executive. Elihu Root, of New York, is to be Secretary Alger's successor in the cabinet.

THE INDICATIONS NOW are that Dr. J. W. Hering, of Carroll county, has the call for the State Comptroller nomination. This would be one of the strongest selections possible. A financier of wide experience and a gentleman of unsullied character, his selection by the State democracy would be a pledge for good government and an economical administration of State affairs.

IT IS RATHER SUPRISING that Baltimore city real estate owners are granted a right to their sidewalks only so long as the rights are not wanted by some one else. In short, the property rights of the individual are subservient to the wants of corporations. The barricades, street fights and other contests which have been taking place at intervals for months past on the streets of Baltimore are simply ludicrous. The point at issue should be finally settled, and that promptly.

ROBERT INGERSOLL, the eloquent agnostic has at last solved the great problem. Without a moments warning he died while sitting in a chair on Friday, of heart trouble. The great doubter has ceased to see through a glass darkly; his work of tearing down the magnificent structure of Christianity without rearing a temple of refuge in its place, has ceased; the blasphemer has met his God. A man of transcendent talents, he was the most potent disorganizer in the religious world since the days of Tom Payne.

THE REPUBLICAN JOKER was abroad in the land several days ago, and with the wisdom of an owl, and with appalling confidence gave it out that the republicans were seriously considering the feasibility of placing a woman on their ticket as a candidate for treasurer. The novelty of the proposition readily caught a few and the pros and cons of the matter were seriously discussed. It was claimed by the credulous that ninety per cent. of the women in Kent would desire the election of the female treasurer, would work in her behalf and would secure her election. Many, however, looked upon the proposition as one of the same list as the "citizens' ticket" movement.

THE DANGERS from the now generally used Parlor Match is being constantly impressed upon the community by fires and narrow escapes from fires. A gentleman of the county sent a load of hay to a village last week and one of these little firebreeders, the (parlor match) was in some way ignited, a mass of rubbish was set on fire and the load of hay, wagon and horses made a narrow escape from being burned. Too much care cannot be exercised in the use of the match. It is doubtless true that many of the fires of "incendiary origin" are caused by the parlor match. The destruction of a carriage and harness was reported through the TRANSCRIPT last year from this cause.

MISS JEWETT, the young Boston woman who is successfully courting notoriety as the champion of the negro rapist, is objecting to the criticism of the Baltimore *Sun* of her remarkable utterances on the occasion of her Boston speech. This is not the first time the *Sun* has stood as a bulwark of safety to the south and the southern people as against northern traducers. This northern young lady, evidently carried away by the enthusiasm created upon her audience of Boston colored friends, forgot that the great southern journal was on the ramparts. The *Sun* pays its respects to the young woman in moderate language, but with an effectiveness which she will not soon forget. The part of wisdom would be for New England enthusiasts to follow the eloquent advice of Governor Northern and allow the South to deal with southern issues in its own peculiar way.

"We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Charles Holzhauer, Druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness. Sold by M. A. Toulson, druggist.

MESSRS. GOULD AND STEWART, the gentlemen who are making the exhaustive investigations of conditions in the Kent county peach belt, have completed their work in the extreme lower section of the county, and will now operate with Chestertown as a centre. The gentlemen stated yesterday, in response to a question by a TRANSCRIPT representative as to what point of importance they had so far discovered, that the chief discovery in Kent has been simply to verify what has long been known, that cultivation and care are as necessary as climatic and other conditions to secure good crops and long life for fruit trees. They state that without an exception, the yields in the orchards visited are largely commensurate with the care given to trees in cultivation and fertilizing to counteract the drain made upon the trees by producing fruit.

OUR INDUSTRIAL EDITION.

The work on the Industrial Edition of the TRANSCRIPT is progressing rapidly, and is meeting with such warm and hearty support on all sides as to assure its ultimate and complete success. We have reason to be gratified with the kindly manner in which all our best and most worthy citizens have espoused the cause for which it is to be issued, and are acting in unison with us, which means strength. Material as well as moral support is necessary in such an enterprise, and our work is receiving both. The edition will be one of which every citizen may be proud. It will be a complete review of the past and present of Chestertown and Kent County. It will be printed on a superior quality of paper, is to be profusely illustrated, and will contain biographical sketches of our business and professional men, and will treat of the educational, religious, commercial, industrial and social status of Chestertown. Its object is to advertise the town and county; their resources, agricultural and industrial, establishing the just claims which we have upon public notice. Every business man can readily see the advantage thus to accrue to his personal interests, and should advertise the part he plays in her success.

LOCAL POLITICS.

With the approach of the fall campaign all democrats are getting in line for active work. The disappointments of the primary contest are being forgotten as the fight against the common enemy draws near. All things considered, the thoughtful democrats find that after all, a republican triumph this fall would be a calamity of a too serious nature to be lightly considered.

It is known that all republicans are not building "air castles" upon democratic disaffection. A gentleman prominent in republican circles said on Tuesday, that unless matters mend considerably within republican ranks the democrats will sweep the county by five hundred majority. This is, of course, greatly overdrawn, but our friends have troubles of their own to be reckoned with. For instance, one of the promonent members of the ticket this fall is being, this early in the fight, confronted by his persistent slanders of the colored voters of his party. No denunciations have been too bitter for him to hurl at that large element of Kent county republicanism. When defeats have come, many of them attributable to causes entirely foreign to any sins of commission or omission of the colored voters, this gentleman has denounced them as traitors; has heaped blighting epithets upon their devoted heads, and has declared that they were loadstones which the party would be glad to rid itself of. Colored leaders know of these things and are indignant. Then, too, there are other members of the party who are not entirely satisfied with the trend which republican affairs are taking, and may give trouble later on.

Much interest has been felt in both parties as to the real significance of the resignation of Mr. Westcott as chairman of the Republican State Central committee and the selection of Mr. Wilbur Eliason for the place. It has for a long time been an open secret that State's Attorney John D. Urie has coveted the honor of being the official head of his party in Kent. Indeed, it was stated that the dethronement of Mr. Urie as attorney to the republican board of county commissioners and the promotion of Mr. Westcott to the place, was the first nipping of the bud of the chairmanship ambition of the State's Attorney. Nor has a change come over the political dreams in some quarters, and interesting developments are being actively evolved. As the ticket is slated to make its appearance about the middle of August, Mr. Urie and his corps of ticket-makers are becoming somewhat rushed, and each Tuesday finds matters on a hustle at headquarters.

The local republican bulletin gives the following list of names from which it is expected the ticket will be selected:

For Senator—Wilbur Eliason, Jas H. Baker, F. H. Harper.

For Delegates—A. M. Kendall, J. W. Harper, F. B. Rogers, W. W. Chapman, Joseph Downey, R. S. Emory.

For Treasurer—Wilbur Eliason, Frank R. Rouse, Geo. W. Owens, W. A. Crew, Robert Comly, Henry Tonkin, B. N. S. Wilkins.

For State's Attorney—J. D. Urie.

For Orphans' Court—Thos. A. Jacobs, Samuel Mallalieu, F. H. Harper, Wm. J. Vannort, S. F. Smith, Isaac Leary, I. R. Leaverton, W. W. Baldwin.

CONVENTIONS IN MARYLAND COUNTIES.

Conventions were held in several of the Maryland counties on Tuesday. In Cecil and Talbot the contest was marked by hustling contests. In Cecil ex-Senator John S. Wirt and Senator Crothers measured strength. It was found that Senator Crothers had five of the nine district delegations. Wirt and Crothers delegates to the State convention were put in nomination, and Mr. Crothers won. The delegates will be uninstructed in regard to a candidate for Governor.

In Talbot the contest was between Mr. Carrington and Mr. J. Frank Turner for the States attorneyship. Mr. Carrington won. The delegates to the State convention were instructed to vote for Hon. John Walter Smith for Governor.

Calvert's delegates will go to the State convention uninstructed. Somerset instructed for Smith, as did Dorchester. Frederick county will make a persistent fight for her "favorite son" Col. Buchanan Schley.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

—THE—

Kent County Savings Bank

IS THE ONLY

"Savings Bank"

IN THIS COUNTY.

It opened its doors for business July 1st, 1893, and since then

Has Paid To Its Depositors $11,145.24 In Interest on Their Deposits.

In addition to the above magnificent amount this Bank will pay its Loyal Depositors on July 1st, about $2,000 more, as semi-annual interest from January 1st, 1899.

We are the Pioneer Interest-Paying Bank in this community, and our well-established 3 per cent. Savings Accounts are constantly increasing and are popular with all classes.

The Kent County Savings Bank is subject to the same examinations as the National Banks of this county, and is also annually examined by a committee of its Stockholders entirely distinct and separate from its Board of Directors.

Look at These New Features!

On Tuesday, May 9th, 1899, a full meeting of the Directors of this bank decided to pay

Two Per Cent. Interest Per Annum On Accounts Subject to Check.

These accounts are to be subject to check at any time, for any amount without notice, and 2 per cent. will be paid on balances of $50 and like amounts.

SPECIAL DEPOSITS may be made with the bank for 12 months or longer, on which we

Will Pay 4 Per Cent Interest Per Annum.

It is our determination to do an absolutely safe business and to pay our depositors the best rates of interest consistent therewith.

We desire you to become a depositor in the only Savings Bank in Kent county, and shall be glad to communicate or talk with you concerning our methods of transacting business.

Very respectfully,
J. K. K. LADRIDGE, President.
WM. F. RUSSELL, Cashier.
