SATURDAY, MAY 5 1900.

IT IS NOW STATED THAT Ex-Governor Pattison, of Pennsylvania, would accept second place on the national democratic ticket with William Jennings Bryan.

DR. ROBERT M. PRICE, of Centreville, the newly appointed State Fire Marshall, will qualify before the clerk of the Superior Court of Baltimore, on Monday, and enter upon the discharge of his duties.

BY A POWDER explosion in a Utah coal mine, two hundred persons were killed outright and a number of others were seriously injured, on Wednefday. This is one of the most appalling disasters of the present year.

MR. RANDOLPH BARTON has been named as co-receiver with Bird M. Robinson, of the Baltimore Building and Loan Association. Judge Morris, in appointing the co-receiver, pays an eloquent tribute to the ability and honesty of Mr. Robinson.

MR. JOHN HUBNER and Mr. Lloyd Wilkinson, by virtue of their offices as President of the Senate and Speaker of the House of Delegates, met in Baltimore on Monday and selected the TRANSCRIPT and *News* as the newspapers in Kent in which the laws passed at the last session of the Legislature, are to be printed.

ADMIRAL GEORGE DEWEY has promised to exhilarate the good people of Baltimore by his presence, on Saturday afternoon, May nineteenth. The admiral has his special car and is traveling like a prince. It will be interesting to note the number of degrees of inflation which Baltimore will give to the presidential balloon of the hero of Manilla.

IN A FAIR AND SQUARE CONTEST, the people of Queenstown district have decided that whiskey and intoxicating liquors shall not be sold in the district. The vote was a great surprise to both parties. Both sides claimed the district by small majorities, but when it was found that the temperance element had won by a majority of 162, both sides were surprised.

IT IS ANNOUNCED THAT the "man-hunt" in Richmond, against which the northern press and the spirituels of Yankeedom raised such a tirade, will take place. The southern people do not propose that their morals shall be regulated by a code set by northern critics. In the midst of the criticism of the people of Richmond, criminals were actually being hunted down by means of bloodhounds in Vermont. The south can and will take care of her own affairs.

IT IS TO BE REGRETTED that Baltimore's Board of Education should have been forced to go so far away from home to secure a superintendent of Public Education. While the Western idea has much to commend it, there are many points in which the Maryland system surpasses that of the "wild and wooly west." Conspicuous among the features which the new superintendent will be forced to leave behind him, will be the feature of mixed schools.

THESE ARE TRULY REPUBLICAN "GOOD TIMES" with vast armies of men on strike throughout the country while the poor are growing poorer and the rich richer. Here are a few of the centres of McKinley prosperity (?)-Philadelphia-building trades, 3000 men on strike; Buffalo, about 2000; strike in mechanical department of the Standard Oil Co., New York; Seymour, Indiana, big strike; West Virginia, over 3000 railroad employes; Carpenters, in Boston; over 1000 wood workers in Minneapolis; one thousand men at Savannah, Ga.; all the union carpenters in Omaha; one thousand carpenters at Kansas City; 1500 at Pittsburg, 1000 at St. Louis, and thus the list might be continued. And still the workingmen are "prosperous."

THE AGED SENTOR HOAR cuts a sorry figure before the country. After one of the most powerful and convincing arraignments of the McKinley foreign policy yet made; after exposing the rottenness of the whole scheme of the administration in regard to colonial possessions, it is regrettable that Senator Hoar, the intellectual giant, not only of his own party but of a great country, should register himself among a class of people who esteem the rights of men as secondary to the lusts of financial greed. My party is wrong; is guilty of an outrage against humanity and against the laws of man, yet I am with my party. This, Mr. Hoar, is the position of the weakling and paltroon, not the courageous and praiseworth stand of a patriot and statesman.

THERE SHOULD BE weeping and wailing north of the Mason and Dixon's Line. A great wave of embarrassing anguish should, and doubtless will, sweep over the sympathetic north country, for the *white republicans* have "frozen out" the persecuted "colored brother" in North Carolina. After great excitement, the colored delegates were refused representation in the delegation to the national convention. This will be considered reprehensible conduct, and should be condemned.

THE REPUBLICAN CONVENTION of the First Congressional District, met in Salisbury on Thursday. The convention brought together all the most prominent republicans on the Shore. The meeting was called to order by Phillips Lee Goldsborough. William M. Day, of Salisbury, was made chairman and Thos. A. Mallalieu, of Queen Anne, secretary. Thomas M. Bartlett, of Easton, and B. Frank Lankford, of Somerset, were elected district delegates to the Republican National Convention, at Philadelphia, June 19. Thomas M. Conway, of Worcester, and M. A. Humphreys, of Wicomico, were elected alternates.

POOR AGUINALDO, after having defeated him more than a thousand times in battle; after having captured his entire family, together with a Gambrill's flour barrel filled with his family's wearing apparel, Mr. McKinley's administration has at last killed him. The human flea is either dead or General Otis doesn't know just where he is. With these highly desirable conditions existing in "Our new possessions" it may be assumed that the "glorious triumph of American arms" is complete and the work of peacable assimilation is finished.

Attorney-General Isidor Rayner has been asked if the County School Commissioners would go into office on the first Monday in May, (next Monday) or if the failure to amend the old law as to the time of organization would prevent it. He said: "I shall give the Governor a written opinion on this subject. The old boards, I hold, go out of office on the first Monday in May and the new boards go in. The only question is whether the new boards can appoint the secretary and other officers until August The Legislature inadvertently omitted to repeal the section which provides for organization of the boards in August. This point was considered after the present bill had been passed, but it was thought best not to submit any supplementary legislation. The old boards must surrender to the new boards in May, and I do not see any practical difficulty in the new boards' proceeding with their work of organization."

REPUBLICAN HARMONY.

Republican harmony in Maryland has a negative quality which the leaders are vainly trying to conceal. The "harmonious" convention in Chestertown on Tuesday failed to indicate the real conditions on the outside. While it is true that no material opposition developed in Saturday's primaries, the fact remains that there is throughout the county a feeling of unrest and disaffection within republican ranks. This element only needs a leader to bring out its strength. The leadership of converted (?) democrats is galling to the men who are republican from principle; the men who fought republican battles when there was no hope of reward. These old veterans find it difficult to harmonize with the changed conditions when Mr. Urie unquestioned and unquestioning makes and unmakes political slates and smashes to smithereens political hopes and ambitions.

In other counties even more unpromising conditions exist. Mr. Lowndes and Senator Wellington, it may with safety be predicted, will never again drink out of the same political punch-bowl. In Worcester county on Tuesday, contesting delegations left the convention in disgust, swearing vengeance against their persecutors. The Mullikin faction in Talbot is in open revolt and refused to go into Tuesday's convention. Republican "harmony" and republican "prosperity" are manufactured of the same material.

MARYLAND STATE NEWS.

Charles county has several cases of smallpox.

The democrats carried the town election in Salisbury by a majority of 218.

Ellicott City has a man who resigned an office.

Fourteen Porto Rican ecclesiastical students have entered St. Mary's Seminary, Baltimore.

There were fully 200 loaded box cars in Cumberland yards Saturday, many being filled with corn and wheat from the West ordered by the British Government for starving India.

A 129 acre farm in Howard county escaped assessment. The farm is valued at $4,000.

Burton West, a prosperous farmer, was found murdered on the roadside, near Snow Hill, on Saturday night. Two negroes have been arrested.

Gen. Allan Rutherford, clerk to the Maryland Court of Appeals, died on Saturday afternoon. Mr. J. Frank Ford, of St. Marys county, was elected clerk of the Court of Appeals to succeed the late General Allan Rutherford.

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure,—John E. Clifford, Proprietor Norwood House, Norwood, N. Y. This remedy is for sale by M. A. Toulson, druggist, Chestertown, Md.

Beware of Ointments for Catarrh that contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free.

Sold by druggists, price 75c. per bottle.
Hall's Family Pills are the best.
