TOLCHESTER COMPANY,
Pier 7 Light St., Baltimore, Md

Maryland Russell, 9751.

HANDSOME BAY STALLION,
16 Hands High. Trial Record of 2.40.
Will travel in Kent during the season of 1900.

Service for season, $10; payable during or at end of season by cash or note; $15 to insure. Season mares not proving with foal will have this fall's chance free.

MARYLAND RUSSELL, No. 9751, with a trotting trial of 2.40, is the best-bred big horse in this section. His colts are all good size, are good looking, fine dispositioned; the kind that bring good prices without the expense and risk of training, while those that have had the advantages of track work have been speedy and finely gaited. His sire is one of the greatest trotting progenitors, while his dam is already the dam of Ollie, 2.24, and two others with trials better than 2.40, with very little training, which all goes to show that Maryland Russell not only has speed, but the ability to transmit it.

For further particulars, address

Wm. H. McKee,

Notice to HORSEMEN.

HAVING made arrangements to work horses on the Tolchester track, I desire to announce to the owners of promising horses that I will be prepared to work and speed horses and break colts. Having started off such good ones as Regulus, 2 18¾; Daisy B., 2.16¼, and Victor B., who can go as fast as you ask her, I feel sure that if you have youngsters possessing good natural action I can make trotters or pacers for you. Respectfully,

mar.5-3m. J. B. PENNINGTON.

COURT ADJOURNED.

A Long and Tedious Session Brought to a Close.

At the close of the long-drawn out damage case of Evans against the P., W. & B. R. R., the criminal docket was taken up at the night session on Friday.

Benjamin Dixon was acquitted of the charge of illegal dredging, and Thomas Gibbons was convicted of having unculled oysters and a rifle on board his vessel. James W. Chapman, Esq., represented Dixon, and W. W. Beck Esq., was counsel for Gibbons.

On Saturday Annie Baynard was convicted of breaking into the store of Mr. Thomas S. Wickes and stealing about forty dollars in gold and a quantity of merchandise. She was sentenced to five years in the penitentiary.

Charles Blake was convicted of assault with intent to kill, and was sentenced to 5 years in the penitentiary.

The Cecil county damage case of W. B. Broadway against the Ericsson Steamboat Company was removed to Harford county.

Monday was devoted largely to hearing charges of violation of the local option law. The first cases were agaist Dr. H. F. Phyfer, a druggist at Locust Grove. It was charged that Dr. Phyfer had sold whiskey in violation of the local option law. The defense was that whiskey, while furnished upon the prescription of the physician-druggist had been sold only in cases of sickness. L. W. Wickes was counsel for the defendant.

Case of State against J. Thomas Lamb, charged with violation of local option law was continued until October term upon plea of defense that an important witness was not available. The accused was held under $600 bail, in default of which he was remanded to jail.

The court imposed sentence on Capt. Gibbons of 6 months in House of Correction, and $75 fine; on Charles Blake, of 5 years in the penitentiary; on Thomas Taylor, of 6 months in House of Correction for being habitually disorderly; on Wm. Jasper, of 6 months in House of Correction.

Case of Hiram Brown, assignee of claim of the late Wm. D. Burchinal against the county commissioners. This is a case where the county treasurer, Capt. Burchinal, was prohibited by the county commissioners from turning over to the sheriff for collection sundry tax accounts amounting to about $1200. Being thus put to extra labor in collecting said accounts the treasurer claimed pay for extra services. Mr. Brown was deputy treasurer and assignee of the claim. The case was decided in favor of the defendant, the court ruling that the county treasurer's salary was intended to cover and pay for the collection of all taxes collected through his office.

CATLIN ITEMS.

Free Rural Delivery Enthusiastically Received.

Rural free delivery of mail was inaugurated in Queen Anne county on Tuesday last. Carrier Norman A. Wallen having previously visited routes of other carriers in Delaware and thoroughly canvassed his own route, had his business well in hand for the start, and upon arrival of mail train at Millington, having the hearty co-operation of Dr. Walls, postmaster, and Mr Price, his assistant, the mail was made up and in hand within half an hour after its arrival. The start was made from Millington at 10.15, and after delivering mail to every house along the Millington road, at 11.05 was at McGinnes fully one-half hour ahead of the "Star route mail." The Chestertown carrier's (No. 1) time being too short for him to reach saw mill corner, he failed to make connection with No. 2, but since, the postoffice at Chestertown has received instructions for carrier No. 1 to leave Chestertown at such an hour as will enable him to make connection without fail. Much enthusiasm was manifested along the entire route, and the Postoffice Department at Washington is receiving praise as being the first and only department of the government that had inaugurated any service which was a direct benefit to the country people. Iron letter boxes are not yet in place all over the routes, but till they arrive the farmers have placed in position wooden ones which answer every purpose for the present. PATRON.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism and hundreds bear testimony to the truth of this statement. One application relieves the pain, and quick relief which it affords is alone worth many times its cost. For sale by M. A. Toulson, druggist, Chestertown, Md.

While all regret the loss of the M. E. Church, we are much interested in watching the workmen busily preparing the site for the new one. Mr. Arthur's Sunday school class of ladies will advance the funds by holding a salad supper at Downey's hall, on Saturday, May 12th.

Mr. T. B. Durding's house has been razed to the ground, and his store is undergoing repairs. What an improvement the new building will be in the centre of the villiage.

Much painting in and around town seems to be the order of the day. The K. of P. hall and Mr. Lee A. Durding's dwelling, are receiving new spring dresses.

A walk to the shore is very delightful this lovely weather. Children fish for minnows while their elders enjoy the scenery.

Mr. Chas. Thomas was married in Baltimore last Monday evening, to a lady of that city. Several Rock Hall friends witnessed the ceremony. The happy couple are at their home on the Haven.

LANKFORD NOTES.

EDS. TRANSCRIPT:—Our roads are being put in first-class order by Messrs. Willis and Bramble. The farmers are beginning to cry forrain. The unplowed ground is getting hard and the present drought bids fair to ruin the grass crop, and also effect the wheat to some extent. Others say that a heavy rain now would destroy the pear crop. Asparagus is improving, but it isn't what it should be by a long way, although prices are good. Mr. George Beck has the choicest grass so far, while Mr. Richard Groves' grass is nearly as good.

There have been a great many asparagus crowns planted in this community this spring; the demand for more is great, but they cannot be had. Mr. Wm. T. Brice planted about thirty-six thousand crowns, while Messrs. Trew, Strong, Jump and Groves, planted several thousand each.

Mr. George Hatcherson was the early bird in corn planting, having finished replanting this week. Mr. Richard Bryan was also one of the early ones.

There will be but few tomatoes grown in this section this year.

But few sheep have been sheared as yet, the fifth of May being about the proper time to shear.

Mrs. Thos. Trew has returned home after a pleasant visit in Baltimore.

Capt. Vickers and son are progressing with their new boat, which is to have sail, and will be propelled by gasoline in calm weather.

Camp meeting in Baker's woods the coming summer, is something to think about.
