Feeder Cattle Buying Pool

During the week of Aug. 6, the Md. Farm Bureau Federation will promote a drive in the seven large cattle feeding counties for those who desire to join the Feeder Cattle Buying Pool.

This is a splendid opportunity for economic buying for those who expect to deal in this class of cattle. Last year Washington, Frederick and Montgomery counties bought forty-three carloads at a saving of something like $8 a head in price, or more than $5,000 on the whole shipment. The cattle were delivered promptly and when sold later, after fattening, brought top market prices. The cattle will come from the western ranges as far west as Nebraska. They will be conditioned on Maryland farms and sold early next spring.

Farm Bureau Meetings

Fifteen Farm Bureau meeting were held in as many communities throughout Kent this past week. This coming week, beginning Monday, Aug. 6, every Kent County farmer will be visited on his farm by some of his neighbors and asked to join the Farm Buerau.
