BECK, WALKER & BROWN,

FERTILIZER MANUFACTURERS,

Offer to the Farmers of Kent and Queen Anne Counties,

Fertilizers of all Kinds

WE WOULD CALL ATTENTION TO OUR

Special Brands for the Spring Crops of 1900,

Corn and Tomatoes.

We are also prepared to fill orders for special mixtures for all crops, Potatoes, Oats, Asparagus, General Truck, Pear and Peach Trees, etc.

☞ In consequence of the prevalence of late years of insects and worms destructive to the spring crops, we use in all of our Spring goods an insecticide which will tend to check the ravages of these pests.

All of these goods will be in first-class condition, and can be used in any machine without becoming pasty and sticky. Only the best materials obtainable will be used in their composition. They have been used by a number of our prominent farmers for the past eight years, and in all cases have given satisfactory results. We would be glad to refer intending purchasers of Fertilizers to the parties who have used them. All our brands of goods are prepared under the personal supervision of Mr. P. B. Hollis, who is well-known in this community as an experienced agricultural chemist.

INDIGESTION

If you have it, you know it. You know all about the heavy feeling in the stomach, the formation of gas, the nausea, sick headache, and general weakness of the whole body.

You can't have it a week without your blood being impure and your nerves all exhausted. There's just one remedy for you——

Ayer's Sarsaparilla

There's nothing new about it. Your grandparents took it. 'Twas an old Sarsaparilla before other sarsaparillas were known. It made the word "Sarsaparilla" famous over the whole world.

There's no other sarsaparilla like it. In age and power to cure it's "The leader of them all."

$1.00 a bottle. All druggists.

Ayer's Pills cure constipation.

"After suffering terribly I was induced to try your Sarsaparilla. I took three bottles and now feel like a new man. I would advise all my fellow creatures to try this medicine, for it has stood the test of time and its curative power cannot be excelled." I. D. Good,
Jan. 30, 1899. Browntown, Va.

them when they are lying just at our feet. So small you say!—yes, it may be, but if spurned and rejected, may close the vista beyond which are greater things.

Who will dare say when you enroll the name of a "Little Helper" that you have not started a ripple that shall extend to the uttermost parts of the earth. If the growth of the past eight years is an earnest of its future, the "Babies Branch" is destined to become a power.

Do not overlook the work, give it your attention and active interest, and because it *is* small, help us the more, that it may become great. And, let us not be weary in well doing, for in due season we shall reap, if we faint not.
