Rice Kept Awake

The courts of law in Japan, like many scientific groups in various parts of the world, are convinced that plants require sleep. Not long ago a farmer won a suit for damages against a company which had erected a large neon advertising sign alongside his rice field, claiming that his crop had failed because the sign had prevented it from sleeping at night. —Collier's Weekly.

Don't Irritate Gas Bloating

If you want to really GET RID OF GAS and terrible bloating, don't expect to do it by just doctoring your stomach with harsh, irritating alkalies and "gas tablets." You can't eat or sleep. Your head aches. Your back aches. Your complexion is sallow and pimply. Your breath is foul. You are a sick, grouchy, wretched, unhappy person. YOUR SYSTEM IS POISONED.

Thousands of sufferers have found in Adlerika the quick, scientific way to rid their systems of harmful bacteria. Adlerika rids you of gas and cleans foul poisons out of BOTH upper and lower bowels. Dwelling on Grievances—

Power of Trouble Is Increased And Distributed by Talking of It

THERE is a curious and very much mistaken idea that by talking of our grievances and our troubles, we decrease their power over us to make us miserable. Instead, by dwelling on them we reinforce their power. We not only do this, but we scatter the seeds of their discontent, as we unburden our hearts, and a whole new crop of disturbing thoughts enters into the minds of those who bear with us during our outpouring of words.

Making Misery.

If the person to whom we speak is near and dear to us, our troubles weigh on them almost as their own. We are unwittingly the cause to them of an added weight of discordant thoughts, and perhaps they may be trying to get the better of their own bothers.

Sympathy Versus Help.

We have only to consider the effect on ourselves of listening to others talk of their worries, misfortunes, and hard luck, to realize the depressing power of such conversation. It is seldom we can do anything to help them. In fact persons who talk of their troubles seldom do it to get helpful suggestions. They are bespeaking sympathy and often are disturbed, hurt or annoyed, when they get advice, even though it be excellent. What is wanted is to hear expressions of understanding of their position as difficult, and to hear their actions considered wise. Is this not really what we, ourselves, hope to hear when we air our troubles?

Trouble Mongers

When we are awakened to the fact that talking of our woes adds to those of the listener without lessening ours, that we are implanting troubles in the minds of others, we surely will try to be more careful about giving vent to the misfortunes by talking about them. Moreover, if we do continue to be trouble mongers, no one will be eager to talk with us.

Winning Out.

If, instead of dwelling on our grievances, we discuss pleasant topics, we are not only giving pleasure to others, but we are actually doing ourselves a kindness as well. We diminish our own depression by rising above our troublous thoughts, thus becoming conquerors in and through our conversation.

When You Want to Alkalize Stomach Fast

Try This Amazing Fast Way —The "Phillips" Way Millions Are Adopting

On every side today people are being urged to *alkalize* their stomach. And thus ease symptoms of "acid indigestion," nausea and stomach upsets.

To gain *quick* alkalization, just do this: Take two teaspoons of PHILLIPS' MILK OF MAGNESIA 30 minutes after eating. OR — take two Phillips' Milk of Magnesia *Tablets*.

Try this way. Get either the liquid "Phillips" or the remarkable, *new* Phillips' Milk of Magnesia Tablets. Each one equals a teaspoon of the liquid. Only 25¢ a box at all drug stores.
