WOOLLEY AND METCALFE.

These are the prohibition National Standard bearers as named at the Chicago convention on Thursday. John G. Woolley, the presidential candidate is of Illinois, and Henry B. Metcalfe, his running mate, is of Rhode Island. Woolley was chosen on the first ballot, receiving 380 votes to 320 cast for Dr. Swollow, of Pennsylvania. Dr. Swallow was then unanimously chosen for second place but refused to accept the nomination. The convention was marked by the greatest enthusiasm. More than one hundred speeches were made before a ballot was taken.

GOVERNOR SMITH has very promptly and very properly silenced his vice-presidential boomers by stating that he is not and will not be a candidate.

THE WORK of coercing American working men into the ranks of Hannaism has already commenced in the workshops and factories of the tariff-protected trust lords.

IT IS FEARED that the loss of christian life in China is very great. A cable message received at the Methodist Episcopal Mission Board on Thursday morning, stated that the mission at Chee-Foo, in the Tien-Tsin district, had been destroyed and that one hundred and sixty had been killed. It is also stated that all foreign representatives are held as hostages.

HON. LOU MCCOMAS is spilling tears of joy and is smiling smiles of admiration "for the magnificent work" done by Teddy Roosevelt in Maryland last fall. Every democrat joins the statesman from the granite hills of Western Maryland in his outbursts of admiration, for wherever the "glorious Teddy" touched, republican Gibraltas trembled and fell. Let the distinguished Teddy come again to take up the good work of democratic compaigning.

U. S. SENATOR GEO. (LICK LOWNDES) WELLINGTON, it is stated, thinks that McKinley can not carry Maryland. Farmer Lowndes, who has retired to the shades of private life, says that he predicts the success of the republican ticket in this State. As between the two Western Maryland political forecasters, Senator Wellington so far outclassed the ex-governor last fall, that democrats are disposed to think him the surer prophet in the approaching presidential campaign.

AN ARMY OF APPLICANTS and the friends of applicants for command of the oyster police boats invaded Annapolis on Thursday. Anne Arundel statesmen were of course most in evidence, but Kent was not represented by a delegation so far as we know. Senator Kirwin, of Queen Anne, was on hand, asking that the appointment of mate of the Anna B Smith be given to that county. The delegations were given a hearing, but the Board of Publit Works adjourned without making any appointments.

THE GREAT MASSES of the commercial travelers of the country will hurrah for and support William Jennings Bryan, at Kansas City. In their circular the commercial travelers say:

To our Members and Friends: You are earnestly requested to so arrange your routes as to be in Kansas City July 3 and 4, to be present at the National Democratic Convention. Let us gather there from all sections and make this the grandest rally in the history of commercial travelers. We will have fun, scatter sunshine, add to the pyrotechnics and show the country that the men who carry the grip are going to work and vote for Bryan. If you will make an effort to be there and try to get all the traveling men together on that occasion we will give you all the assistance we can. A military band of thirty pieces will be at the disposal of the traveling men all the time. Our regalia will consist of white Fedora hats, our regular every-day umbrellas and grips and badge, which can be had in Kansas City. The traveling men are to head the parade We invite you to join us and we will treat you as only traveling men know how.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, MRS. S. DOTTY, Des Moines, Iowa. For sale by M. A. Toulson, druggist.

F. A. RICHARDSON, one of the most representative and reliable newspaper correspondents in this country, writes to the Baltimore *Sun* from Washington, as follows: "It is only five days since the adjournment of the Philadelphia convention, and the pronunciamento which it put forth is discredited and repudiated. Orators, politicians and newspapers of the faith all unite in giving notice: 'We will not pin our fortunes to the platform; it is drivel, it is meaningless, it is insincere. We will make our fight on the letters of acceptance of our candidates and on the declarations of our campaign speakers.' Verily, a fine beginning for the McKinley campaign!"

THE KENT COUNTY CENSUS ENUMERATORS have completed their work and the books have been duly forwarded to Washington. While not allowed to give official figures, it is generally understood that Kent has made substantial gains over the population as returned by the census of ten years ago. It is estimated by those in a position to know, that the county's population will reach about eighteen thousand five hundred, insuring three representatives in the State Legislature, an increased proportion of the public school fund and other advantages. The centres of greatest increase in population are Chestertown, Rock Hall, Still Pond and Betterton.

STILL POND FARMER'S CLUB.

The Co-Operative Cooking Plan Discussed by the Ladies—A Delightful Day on the Banks of the Chester.

The June meeting of the Still Pond Farmers' Club, was held at the home of Capt. Robert S. Emory, on Thursday. A number of the members of the club were absent because of the pressing demands of extensive farming interests. No formal session was held but the day was spent in discussing many interesting topics and in inspecting the fine fruit farm of Capt. Emory. Everything was found in perfect order, and the various experiments in which Capt. Emory is engaged were explained and discussed. This is one of the most noted fruit farms, not only in Maryland, but in the south. The subject of spraying, the San Jose scale, transportation rates on fruit and kindred topics, came up for consideration.

The ladies indulged in a discussion of the question of domestic labor, and were unanimous in declaring that the outlook from the housekeeper's standpoint is anything but promising. Mrs. Tilghman Shafer declared that in her opinion, in every town or community of any size, a system of co-operative cooking is not a distant thing. The adoption of this plan, said Mrs. Shafer, will greatly simplify the present complicated servant question. The idea of a great cooking establishment where housekeepers may send or leave their orders for any particular meal, and have it served fresh and hot at their homes, is a thing which will come as the sequel to present conditions, and will not be such a difficult performance either. The idea of securing Swedes and other labor, was discussed, but was found to present some obstacles difficult of removal.

Mrs. Daniel Hill considered the housekeeper as doubly blessed who is not dependent upon such domestic labor as abounds in Kent.

Mrs. Harris coincided with this view, but recognized the fact that but comparatively few ladies are exempt from this state of dependence.

The dinner was one which for elaborateness, variety and elegance of service, could have been found nowhere else than in Kent county.

Those present were: Mr. and Mrs. James S. Harris, Mr. and Mrs. Joshua R. Jarrell, Mr. and Mrs. E. B. Pennington, Mrs. Daniel Hill, Mrs. Tilghman Shafer, Mrs. George Davis, Messrs. Frank P. Cochran, Carson and Walter Harris, C. C. Hopper and Edward W. Emory.

TEACHERS ASSOCIATION.

Public School Savings Banks Discussed by the Teachers of Kent—Officers Elected.

The Teachers Association of Kent county met in Chestertown on Friday last with a large attendance.

Mr. Joseph Peterson, the newly appointed examiner of the public schools, occupied a seat beside Examiner W. G. Smyth and took a lively interest in the conduct of affairs.

Eleven o'clock was the period on the programme assigned to a report of the committee appointed at the recent Teachers' Institute to investigate the feasibility of establishing the Public School Savings Bank in Kent This committee is composed of Prof Henry Tonkin, Prof. J. A. Greenwood, Mrs. S. A. Hurlock, Misses N. E. Gooding, Henrietta Wallis and C. C. Hopper.

In making its report the committee read a strong letter of endorsement of the system in Talbot county from Prof. Thomas D. Bowers. An outline of by-laws and regulations to govern the making of deposits and other details, was read, and a full discussion of the subject was entered into. All of the teachers gave evidence of a deep interest in the proposed banking system for the pupils of the public schools, and wherever it is considered practical it is thought will be heartily willing to give the matter a trial. The committee was continued to make further investigations into the subject and will report at the September meeting. Each member of the committee is an enthusiastic advocate of the establishment of the system, believing that it will be of vast benefit to the children of Kent as it has been wherever it has been tried.

Mr. Milton Melvin introduced a resolution pledging to Mr. Joseph Peterson, the newly appointed examiner of public schools, the hearty assistance and co-operation of the teachers of the county in his work. This highly gratifying assurance of endorsement and good will was passed by an unanimous vote.

The following officers were elected for the ensuing year: President, Joseph Peterson; vice-president, Henry Tonkin; recording secretary, L. J. Smyth; corresponding secretary, Miss Nettie Gooding; treasurer, Milton Melvin; literary committee, Misses Arsula Moffett, Susie Taylor, Bettie Wallis and Mary Hazel.

Caroline De Ward
vs.
Charles S. Smith, William A. Jones and May C. Jones.

No. 1387.

In the Circuit Court for Kent county, in equity

THE object of this bill is to procure a decree for the sale of certain real estate situated on Cross street, in Chestertown, Maryland, of which Rachel A. Salter, colored, died seized and possessed.

The bill states that Rachel A. Salter, colored, late of Kent county, died, seized and possessed of a house and lot of land which was conveyed to her during her life by Wm. D. Burchinal by deed duly recorded in the clerk's office for Kent county.

And that the said Rachel A. Salter died intestete, and her heirs at law are Caroline De Ward, who is a widow; Mary C. Jones, wife of Wm. A. Jones, both of whom reside in Baltimore city, and Charles S. Smith, who is an assignee of a part interest in said property

And the bill further states that Rachel A. Salter also had another daughter, Elizabeth, who married a man by the name of George Daniel, who, your oratrix is informed, is now alive, and who is in the penitentiary in the State of Massachusetts

And the bill further states that the only way in which an equitable division can be made is by sale of said house and lot, and the division of the same under the direction of this honorable court.

To the end therefore that the Real Estate mentioned in these proceedings be sold and the proceeds distributed to the respective heirs at law—

It is therefore ordered by the Circuit Court for Kent county, as a Court of Equity, this 27th day of June, 1900, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in Kent county, once in each of four successive weeks before the 31st day of July, giving notice to the non-resident defendant of the object and substance of this bill, and warning him to appear in this court in person or by solicitor, on or before the 17th day of August next, to answer the premises and show cause, if any he has, why a decree ought not to pass as prayed.
