27,000 IN BALTIMORE!

A Cycling Fad has Struck Society's Leaders —And they Wear Bloomers!

Many women have found that riding in the shirt waist in summer time, while cooling, is followed by colds and stiffness, as to rest when very warm, where there is any breeze, means a chill. So the "sweater" of the football and baseball players has been adapted to the fair athletes and is one of the funniest looking garments to be found in the stores today. Like the ordinary "sweater" they are of wool heavily ribbed. There the resemblance ends. The straight lines of the ungainly objects of men's wear have given place to the graceful curves of a woman's body. The sleeves are as abnormally puffed out as the most fashionable dressmaker could construct. The straight, round collar has been converted into a deep rolling sailor collar, and instead of the head being pushed through the neck hole, reappearing in the exquisitely tousselled condition, so dear to the heart of the long-haired football player, my lady's "sweater" is open at the throat and laced. There is as much style in the leggings of the fair ones' outfit as in any other portion. The novice invariably gets a pair of ready made leather. But they soon return, and beside picking out a lighter material for summer wear, have them made to order, and are most particular in the measurements taken. There are three kinds of leggings used, the original bicycledlegging, which are short and only cover the calf of the leg; the bloomer legging, which reaches to the knee, and the legging used by the very few young ladies who have the temerity to wear tights. These reach above the knee, are made of jersey cloth or stockinette, and tied with a bow of ribbon. For summer wear the leggings are made of china silk, coevenette, serge or fine homespun to match the costume. This fall the proper thing will be a legging made of thin dongola or grained leather, unlined; for winter, a heavily lined leather legging corduroy.

It is estimated by the dealers that there are 27,000 bicycle riders in the city and that 2 per cent. or 900 of them are women. It is claimed that the proportion would have been much larger this year had the dealers been able to supply the demand for the woman's wheel. Many finding they would have to wait until midsummer before they could get a machine, postponed their entrance into bicycling circles until next spring.

Fifteen Millions of Eggs.

In a single photographic establishment in England 5,000,000 eggs are used every year; while the number in calico printing, leather dressing, and we believe, book binding processes must almost exceed the number used as food. How are the wants of Britain supplied? Our eggs are not manufactured, as an ingenious myth some years ago affirmed was the case. The simple explanation is that they are imported.

The extent to which they are brought across the sea is shown by the fact that last year we paid £3,000,000 to foreign farmers for eggs, every pound of which might have remainen at home for the British agriculturist's benefit. An annual outlay of £3,000,000 means that the eggs for which this was paid must have come into our ports at the rate of more than 3,250,000 on every working day. To this branch of the British commissariat France contributes most largely, Germany and Belgium coming next.—*All the Year Round.*

SNAKE CRAWLS INTO HIS POCKET.

A Terrible Experience.

Charles Miller, of Terrytown, N. Y., a trackman on the Hudson River Railroad, had a thrilling experience with a black snake. During the noon hour miller and a companion sat down beside the railroad to eat their dinner. When Miller had finished his meal he fell asleep. He was aroused by a commotion in his trousers' pocket and was horrified to behold the tail of a snake as the reptile disappeared into the cavity. He wore loosely-fitting trousers, the pocket of which was torn. Instantly he felt the cold serpent coiling about his leg. He screamed and attempted to free himself from the snake by kicking vigorously, but the snake clung tighter, and at intervals squirmed and wriggled about. Miller's companion ran to his assistance, and by gentle manipulation succeeded in removing the reptile, which proved to be a black snake three feet and six inches in length. It was killed by the trackmen. Miller was so terribly frightened he could not move for hours.

A Mule and His Mortgage.

Last year a colored farmer in Georgia went to a white neighbor and said:

"Mas'r Johnson, I give you all $5 fer dat big-legged mule," referring to an animal that had become useless because of some disease of the limbs, and been turned out to die.

"What on earth do you want of that mule?" replied the owner. "He's too weak to work and too lame to drive more than half a mile at a time."

"Dat doan' make no difference to me, boss. I wants dat critter, and give you all $5 fer him."

The offer was accepted, and the trade was made. A few weeks after the former owner met the purchaser in town and asked how the big-legged mule was getting on.

"Fust rate, fust-rate," was the ready reply. "I done mor'gaged him for $20."

And it was found to be a fact. The negro had borrowed $20 for 12 months at 1 per cent. a month and given a lien upon the lame mule as security.—*Chicago Record.*

Reader, did you ever take SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" Everybody needs take a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

Every package has the Red Z stamp on the wrapper. J. H. Zeilin & Co., Philadelphia.

BEFORE I could get relief from a most horrible blood disease, I had spent hundreds of dollars TRYING various remedies and physicians, none of which did me any good. My finger nails came off, and my hair came out, leaving me perfectly bald. I then went to

HOT SPRINGS

Hoping to be cured by this celebrated treatment, but very soon became disgusted, and decided to TRY S.S.S. The effect was truly wonderful. I commenced to recover after taking the first bottle, and by the time I had taken twelve bottles I was entirely cured—cured by S. S. S. when the world-renowned Hot Springs had failed.

DR. M. CURBY BURKHARD'S
FEMALE PERIODICAL PILLS

LADIES: By special request from patients at a distance, who can not personally consult me, and being unable to answer the many correspondents, and furnish at short notice the **Favorite Prescription**, as used by me during a practice of twenty-five years, have consented to prepare and supply to you this unrivaled remedy for Female Irregularities. The climax of medical chemistry attained in **Dr. Burkhard's Periodical Pills**, being six degrees stronger than any known medicine, yet so mild that the feeblest can take them with perfect security; yet so powerful in their effects that they can be safely called a Never-Failing Regulator. Each box contains fifty pills, with full directions enclosed. Price, Five Dollars per box. Sold by druggists or sent by mail upon receipt of price. Refuse all patent medicines. Take only the prepared prescription of a physician in practice. **Dr. M. Curby Burkhard**, the reliable specialist. Office, 137 Park Avenue, Baltimore Md. Cut this out for future reference.

MASURY'S
HOUSE PAINTS!

THE MOST ECONOMICAL AND DURABLE in the MARKET.

They are not an experiment but have been in use for more than twenty years in Chestertown and vicinity. In adopting the same, no error of judgment can be committed, as the goods are established facts, which is best proven by the attached testimonials from Frank H. Howard and W. J. Sappington.

CHESTERTOWN, MD., May, 13th, '95.
MR. PERCY T. MCFEELY.
Dear Sir:—In regard to Masury's Paints they are first-class in every respect and their Combination Lead is the best on the market. It will go further and cover up better than any Combination on the market. We have been using these goods for 20 years and they have given entire satisfaction, and I think we ought to know a GOOD LEAD in that time, being the largest users of Lead and Oil in the county, we know what we are talking about, and we have used some of their Ready Mixed Paints, and think they are the best in the market. You always get a full gallon when you buy their Paint.
Yours respectfully,
Signed, FRANK H. HOWARD.

CHESTERTOWN, MD., May 17, '95.
MR. PERCY T. MCFEELY.
Gentlemen:—I have used Masury's Goods for the past ten years, and I believe Masury Coloring Matter to be the best manufactured. I have used John W. Masury & Son's Pure Combination White Lead to my own satisfaction and to the satisfation of the owners of the property on which I used it. It has stood on my work as good as Pure White Lead and Zinc. I haven't had one single job to crack, peel off, blister or chalk. I have done some jobs with Masury's Combination as far back as 1887 and a number all the way along to 1895. Respectfully yours,
Signed, W. J. SAPPINGTON.

This celebrated Paint can be had at
PERCY T. McFEELY'S
PAINT and FURNITURE STORE.
