WHEAT EXPERIMENTS.

Loss in Harvesting Before the Grain is Fully Ripe.

Dr. Charles Lowndes, of Talbot county, has made some interesting experiments in wheat harvesting designed to show the loss incurred by cutting wheat before it is fully ripe. The wheat experimented with was planted on the 10th of October on stiff white-oak land and seeded a bushel and a half to the acre. At Harvest time Dr. Lowndes took three samples of five heads each, all the heads having the same number of bars and of grains in each bar. No. 1 was taken when the grain was in the milky state, No. 2 when in the donghy state and No. 3 when the grain was fully ripe.

Three days intervened between the taking of each sample. All the samples were kept in the same place and subjected to the same conditions of Temperature and moisture. The wheat was rubbed out by hand. Each sample was carefully weighed on a druggist's prescription scales. No. 1 weighed 68 grains, No. 2 65 grains and No. 3 75 grains. No. 1 was dark, shriveled and unsightly; No. 2 was better, but off color and the grains were not plump; No 3 was perfect in condition and color. This shows a loss of over 15 per cent. in harvesting wheat when in the dougby state. Why the milky state grains weighed more than those in the dough state is an unanswered question.

AN IMPRESSIVE FUNERAL.

Little Chauncey Parks Laid to Rest.

After having remained in the water for hours, the remains of Chauncey Parks, the unfortunate little son of Mr. and Mrs. R. F. Parks, who was drowned in Chester river while bathing on Friday morning of last week, were recovered at 9 o'clock on Friday night. The grief-stricken mother and father passed through an awful ordeal during the long and almost hopeless search for their lost treasure. Messrs. Robert N. Boston, Walter K. Goodhand, Addie Needles and others were tireless in the search and about 9 o'clock the net which they dragged caught the body on the bottom in the channel near where it had gone down.

Funeral services were held at the home on Sunday afternoon. The house was crowded with those who had known the interesting little fellow on the streets, in the public school and in the Sabbath school. Rev. E. C. Sunfield conducted the services. Rev. Mr. Sanner, the brother of Mrs. Parks also made appropriate remarks. Several pieces which the child particularly loved in the sunday school were beautifully sung by Misses Anna Lambert and Fannie Stuart, and Rev. E. C. Sunfield and Mr. M. W. Thomas. The pall-bearers were Roland Parks, Ned Westcott, Charles Hines, Cordray Loud and Charles and Thomas Kibler. Interment was at Chester cemetery. Undertaker John N. Dodd had charge of funeral arrangements.

A SAD DEATH.

A Visitor Succumbs to Typhoid Fever.

A death of pecular sadness occured at the home of Mr. and Mrs. Arthur Hurlock, Queen street, at 7 o'clock on Tuesday evening. About ten days ago Miss Maud Garrett, of Rockville, Montgomery county, and Miss Beulah Wood, of Gaithersburg, come to visit their friend, Mrs. Hurlock. Miss Garrett had been in poor health for several weeks and came to Chestertown from Caroline county, where she had been spending several weeks with friends. Three days after arriving at Mrs. Hurlock's, Miss Garrett was stricken down with fever. A physician was summoned and so soon as the fever had become clearly defined a trained nurse was sent for. All that medical skill and the care of a professional nurse could do was done for the patient but the constitution already weakened by the disease was unequel to the ordeal of withstanding the inroads of the consuming fever. The deceased was twenty-three years of age, of a lovable and gentle disposition, and had a wide circle of devoted friends. The remains were taken to her home for interment.

STATE CAMP SESSION PATRIOTIC ORDER SONS OF AMERICA.

The fifth annual session of the State Camp of Maryland Patriotic Order Sons of America, which meets in Chestertown Auguth 14th and 15th, will bring to the town about 100 delegates, and in addition a number of visitors. This organization, which is represented in Chestertown by Camp No. 34, is also represented on the Eastern Shore by Camps at Sudlersville, Henderson, Crumpton, Rock Hall, Templeville and Ingleside. The strongholds of the order in the State are in Baltimore and vicinity, and in Carroll county. In all there are forty-one Camps, with a membership of probably 2,600. Several new Camps are in process or organization, and may also be represented at this meeting.

This patriotic order was first organized in the city of Philadelphia, December 10th 1847, as the Junior Sons of America and was composed entirely of young men under the age of twenty-one years. When the civil war broke out a general voluntary enlistment of members, in pratical exemplification of the teachings of the Order, in its love for the old flag, compelled its entire suspension.

After the restoration of peace it was reorganized, and is now firmly established in nearly every state and territory in the United States.

The great strength of the order lies in Pennsylvania, that greatest of all States for fraternal organizations, where there is a membership of about 60,000 divided among about 700 Camps. It is said to be the third order in that State in point of membership. In Maryland its growth has been during the last ten years, within which time it has forged steadily ahead, without any effort at a "boom," until, at the present time it is generally known and recognized as one of the best and most progressive fraternal organizations within the State, and, as such, is steadily gaining accessions to its ranks.

The coming session presents no subjects for damaging controversy or discussion, and the proceedings will be largely of the routine order; nevertheless, they will occupy the whole of the two days designated. Nearly all of the delegates will arrive by steamer on the evening of the 13th, and leave by the same means on the morning of the 16th.
