STARVED

HAIR

Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness.

The only good hair food you can buy is —

Ayer's Hair Vigor

It feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table.

It always restores color to faded or gray hair. Mind, we say "always."

$1.00 a bottle. All druggists.

"I have found your Hair Vigor to be the best remedy I have ever tried for the hair. My hair was falling out very bad, so I thought I would try a bottle of it. I had used only one bottle, and my hair stopped falling out, and it is now real thick and long."

NANCY J. MOUNTCASTLE,
July 28, 1898. Yonkers, N. Y.

Write the Doctor.

He will send you his book on The Hair and Scalp. Ask him any question you wish about your hair. You will receive a prompt answer free. Address, DR. J. C. AYER, Lowell, Mass.

RESTAURANT AND ICE CREAM PARLORS.

I WISH to announce to my friends and the public generally, that I have opened a restaurant and ice cream parlor at the place until recently occupied for the same purposes by Mrs. John L. Shuster. Meals will be furnished at all hours, the service being entirely under my personal care and supervision. Oysters will be served at all times by the pint, quart or gallon. Ice cream, water ices and cake will be served in any quantity desired. Also bread of all kinds. Creams, ices and cake will be served to transient customers.

MRS. J. CORDRAY LOUD,

CHESTERVILLE NEWS.

Farmers generally have finished threshing. Some fearing that perhaps wheat may fall still lower, will sell right away; others fearing about a note that falls due soon, *must* sell to meet it. We hope they may get a fair price for they are the bone and sinew of the county, and when their interests suffer all other branches of business feel the disastrous effects.

Misses Ethel and Florence Solloway are visiting their sister, Mrs. Rebecca Gardner, on Kent Island. They are having a delightful time on the island.

We have lately had a pleasant chat with two of your hustling agents, Mr. James G. Beck, of a Fire Insurance Company, and Mr. William Smith, of the well-known firm of Hubbard & Son. They have vim, energy and courtesy, which should bring success.

Mr. John W. Jarman's health is still very delicate, although he still continues to take exercise and manifests an interest in his farming affairs.

Rev. Mr. Wilson is enjoying his much-desired and well-earned vacation. His objective point when leaving home was Baltimore.

Mrs. Wilson seems much better and frequently takes a ride out.

Mr. W. J. Clark had so much improved that he was able to give assistance to several farmers during harvest. At present he is not so well.

Mrs. Sallie Foster is the guest of her sister, Mrs. J. W. Stephenson.

Mr. W. E. Jarrell and brother, Mr. Robt. Jarrell, of Caroline, will soon start for Rehoboth Beach.

Mr. Robert Strahan and his two little boys spent several weeks with his mother-in-law,Mrs. Mary Solloway,at this place, and left for their home in Philadelphia, where he is engaged in store keeping. Mr. S. was for a number of years an efficient and worthy employe at Cramps shipard, and more lately at the Pennsylvania R. R. works at Steelton, near Baltimore. His health compelled him to resign and seek an easier if not quite so remunerative occupation. Six years ago he visited his native land, Scotland, and takes pride in the thought, and who would not, that he is a countryman of Burns and Scott,those "Immortal names that were not born to die."

Miss Minnie Startt returned several weeks ago from Brykers, Va., to which place she was sent by her employers, Messrs. Armstrong & Cator, the widely known Baltimore firm. She and her mother are at Mr. Jesse Coppers, near Urieville, where Mrs. Startts' mother resides who is very much indisposed.

Mrs. M. A. Burris, mother of Mrs. E. A. Crittenden has about regained her usual health after a sick spell of several weeks duration. Dr. F. N. Sheppard gave the necessary medical aid. On Wednesday afternoon about 5 o'clock we were visited—a very welcome visitor indeed—by a plentiful rain, accompanied by a high wind and electric storm,during which there were several terrific peals. We had had no rain of any amount for five weeks.

Upon consultation of a diary,whoever may keep one, we think it will be found that this has not been the hottest spell or longest drouth ever known, that "old inhabitants" assertion to the contrary notwithstanding.

OCCASIONAL.

FROM WORTON.

Mrs. Norman Massay, of New York, is visiting her parents, Mr. and Mrs. Sam'l Cooper, near here.

Mr. and Mrs. L.L.Smith and little son, Lou, 2143 Walbrook Ave, Baltimore, are visiting at the home of her sister, Mrs. John A Duyer, near Worton.

Miss Katie Fowler, of Flatland, is visiting Miss Effie Lynch.

Miss Mollie Ashley, is visiting at the home of Rev. F. T. Little, in Baltimore.

Miss Rena Sparks, of Centreville, has been visiting her aunt, Mrs. Samuel Loller, Buck Neck.

Miss Mabel Hyrons and sister, of Wilmington, are visiting at the home of Mr. and Mrs. Sam'l Wallis.

Misses Hope and Margaret Wallis have returned from a pleasant weeks visit to friends in Baltimore.

Mr. Richard Quintin, of Philadelphia, is visiting his cousin, Mr. James Adams, in this villiage.

Miss Grace Gage, of Baltimore, is visiting Miss Ida Fowler.

Union M. E. Sunday School held their picnic at Worton Manor Beach on Wednesday. The day was all that could be hoped for until late in the afternoon when the thunderstorm hastened the pleasure seekers to their homes.

The excessive drought and hot weather were broken on Sunday afternoon by a copious rainfall. Since then we have had several storms with rain which did a great deal of good to crops in this section of the county.

MADGE.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition,hearing will be destroyed forever. Nine cases out of ten are caused by catarrah, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
