National Democratic Ticket.

For President of the United States:

WILLIAM JENNINGS BRYAN,

of Nebraska.

For Vice-President:

ADLAI E. STEVENSON,

of Illinois.

HUMBERT, king of Italy, was assassinated as he sat in his carriage, at Monza, Italy, on Sunday evening. The assassin was Angelo Brissi, a young Italian silk weaver, who had been at work at Paterson, New Jersey. The man was captured.

THE ELECTION in North Carolina on Thursday resulted in a sweeping Democratic victory. The constitutional amendment restricting the negro vote, is estimated to have won by about sixty thousand majority. Many negroes voted for the amendment.

THE HONORABLE PHILLIPS LEE GOLDSBOROUGH is sweltering in a heat of pious resolve not to trust democrats in any move for election reform. The chairman of the Republican State Central Committee remembers with keen regret his signal failure in this direction a few years ago. Mr. Goldsborough, thinking to catch the democrats unaware, with verdant enthusiasm headed a movement of reform to be carried into effect in the election in the first district. The invitation to the political banquet of reform was only considered as a first-class joke —a spider and the fly arrangement as it were, and was accordingly refused. The democrats are well satisfied with the embryo Statesman's "grain of salt" precautions?

LIKE MANY WISER IF NOT OLDER POLITICIANS, Ex-Mayor Ferdinand Latrobe, of Baltimore, has discovered, though late, that he has talked not wisely and too much. After having been elected to the mayoralty of a great city seven times and having been sent to the State Legislature several times by a loyal democracy, Mr. Latrobe elevates his sensitive political nostrils and scents odors of national dishonor from afar. Mr. Latrobe would do well to bear in mind that on more than seven occasions thousands of conscientious but loyal democrats were compelled to hold a bottle of aromatic spirits to their noses as they deposited a democratic ballot bearing his name conspicuously printed on it. By exercising one-half the forbearance which the Baltimore city democracy was called upon to exercise in his behalf, the ex-mayor would find but little trouble in deciding to support Mr. Bryan or any other nominee whom his party might name. Mr. Latrobe has modified his immortalizing statement that Maryland will go republican by forty thousand and condescends the reassuring opinion that his first estimate may be reduced to *ten thousand*. Little wonder that he should have become disgusted at his own prophecy of democratic defeat.

UNITED STATES SENATOR GEORGE L. WELLINGTON may be powerless to wound more than the susceptible feelings of his old party associates, but he proposes to do that with refreshing vigor and honesty. The Hon. George L. is neither a political nor mental weakling that his position should be treated with an assumed air of unconcern and indifference by his erstwhile republican friends. Senator Wellington has partially broken silence and says:

"I am unalterably and forever opposed to imperialism, which I shall fight with all my power. I am opposed to President McKinley because he has deceived me in national affairs, and I shall oppose his re-election. I am not now prepared to state what part I will take in the campaign, but I will attend if possible the liberty congress at Indianapolis.

"I do not know whether I will support Bryan or not. There are some things about him which I do not approve. I have never been a negative quantity in politics. When my conclusions are reached and my plans matured the public will be advised of them."

Republican leaders in this Wellington revolt are doing a monstrous piece of whistling to scare away the ghost of republican defeat in Maryland.

CITIZENS PROTEST.

As stated in the TRANSCRIPT last week, the star-route mail service between Chestertown and Prices Station has been discontinued. This action of the Department at Washington created considerable inconvenience and the following protest signed by many of the most prominent business men of Chestertown has been forwarded to the Post Office Department.

THE SECOND ASSISTANT POSTMASTER GENERAL, WASHINGTON, D. C.:—We, the undersigned citizens and business men of Chestertown, respectfully remonstrate against the discontinuance of the star route service between Prices Station and Chestertown, and we represent that this service during the past 18 months has been a most valuable one, and a source of great convenience to the citizens of Chestertown and vicinity. Upon the discontinuance of the round-trip service by the steamer Emma A. Ford, which usually takes place in September, there will be no daily mail reaching Chestertown, after the arrival of the train, which service has again and again been represented to your Honorable Department as unreliable. We respectfully ask that steps be taken to continue the Prices Station service. We understand that it was discontinued at the request or suggestion of the postmasters, and while it may be inconvenient to the postmasters to handle this mail, because of its arrival at 8 P. M., yet, we respectfully suggest that the business interest of this town shall not be subordinated to the convenience of one or two postoffice officials, as the greatest good to the greatest number should in this instance, as in all others, be looked after by your Honorable Department.

OUR TELEGRAPH SERVICE.

In reply to the communication addressed to him by a number of prominent citizens and business men of Chestertown, relative to our local telegraph service, Supt. W. B. Gill, of the Western Union Telegraph Company, writes as follows:

DEAR SIR:—Acknowledging receipt of your letter of the 21st, permit me to state in response thereto that I have had compiled from our records a statement showing the receipts at Chestertown for the past ten years, commencing with 1891. The average yearly is $611.82, or about $50 per month.

We would be glad at any time to meet the desires of our patrons and enlarge our revenue, providing it can be done consistently with a proper regard for our expenditures. You will readily recognize that the entire receipts at Chestertown at $50 per month, would not pay the rent, and an operator and messenger boy, without reference to the cost of the maintenance of 115 miles of wires to give Chestertown an outlet to Philadelphia, placing him in communication with other parts of the United States and Europe.

Our expenses at Chestertown are and have been about 50 per cent of the receipts, that is one half of all the money taken in at Chestertown simply for the maintenance of that office under the present arrangements. Taking your suggestion of a town office would mean that we would be compelled to pay out all the money that we would take in, without reference to the cost of maintenance and equipment of an expensive plant between Chestertown and Philadelphia.

We would only be too glad for you or any others in Chestertown to make us a suggestion whereby we can maintain an office in a centrally located place where our expenditures would be co-equal with our present expenses.

Yours truly,
W. B. GILL, Supt.

While conceding the desirability and wisdom of Mr. Gill's general proposition of conducting the business at Chestertown on a basis of profit to his company, it is none the less evident that the Chestertown office has been dealt unfairly with.

From a business standpoint, what right has the Western Union Company to charge to the office here the cost of keeping up one hundred and fifteen miles of wire between this point and Philadelphia? Why not pro rata this expense with the dozen or more offices along the local line? Then too it is not an unfair or unreasonable inference that the increased expense of bringing the office within the reasonable reach of the business and general community will result in its receipts being largely increased.

To ask that the citizens of Chestertown offer a suggestion whereby a centrally located office can be maintained in Chestertown without any increase of expense is a proposition which certainly, Mr. Gill does not expect to be treated seriously. The business community will do anything within reason to secure better telegraphic facilities, but Mr. Gill must remember that a proper regard for the status of the business balance sheet is not confined entirely to his end of the line.

NOVEL WAGER ON BRYAN.

A 240-Acre Farm, a Cottage, Five City Lots and Twenty Indiana Gas Belt Lots Put up.

Charles W. Bridges & Co., extensive real estate dealers have posted a novel proposition of the sale of farm and city property, which is practically a wager on Bryan's election. The firm announces that a farm of 240 acres, a cottage and five lots in the city, and twenty lots in the gas belt towns have been placed with them to be sold upon the following conditions:

The farm property is priced at $5,000 for 240 acres, the gas belt town lots at $125 each, the Indianapolis lots at $300 each and the cottage at $2,200. The deeds to all the property are to be made out and deposited by the owers with the cash paid for them. If Bryan is elected the ownership of the property passes to the parties putting up the cash and the money goes to the owners of the property. If McKinley is elected both the deeds and the cash are passed over to the person or persons who put up the money. Thus the property is sold at what is claimed to be its fair cash value if Bryan is elected, and given away if McKinley wins. The real estate firm is a responsible one and declares that the offer is made in absolute good faith. The owners of the property are for Bryan, who are willing to back their judgment with their property.

offer to the farmers of Kent county their well-known brands of WHEAT FERTILIZERS. During the past eight years nearly one fourth of the total wheat crop raised in Kent county was grown with the following brands of Fertilizers. A number of the largest crops and best wheat yields have been from these goods. These facts should be a sufficient recommendation of their reliability.

TRUSTWORTHY—

An absolutely Pure Bone Phosphate. Any one wishidg to use an absolutely Pure Bone Goods, cannot do better than use this brand. We have sold large quantities of it, and it has given universal satisfaction.

PROPAGATOR—

A Pure Bone and Mineral phosphate, testing high in Ammonia, Phosphoric Acid and Potash. We have found this brand very popular with those wishing to use a High Grade complete Fertilizer, but unwilling to pay the price of pure bone goods. We can confidently recommend this brand.

TRY ME—

A COMPLETE FERTILIZER.

We introduced this brand seven years ago to meet the low price of wheat. It is a mixture of the very best Phosphates and High grade Sulphate of Potash, tests very high in both soluble and insoluble phosphoric acid and potash. It contains sufficient ammonia to give the crop a good start, is absolutely free from anything that can sour or injure the land. It is more durable than any cheap phosphate and will not give out before the crop matures. During the past six years more wheat has been grown with these goods in Kent county than with any brand of goods ever used here Everyone who has used these goods acknowledge that they drill better and more satisfactorily than anything they have ever tried,

We are also prepared to put up SPECIAL MIXTURES with highest grade of goods at lowest possible prices.

We do an entirely local trade, confined to Kent and Queen Anne's counties, employ no agents or traveling salesmen, but deal direct with the farmer, thereby saving considerable expense to the consumer. It is therefore as much to our interest as it is to theirs for us to give our customers first-class goods and full value for their money. Our goods are compounded on the latest scientific principles and are manufactured under the personal supervision of Mr. P. B. Hollis, who is well-known as an experienced agricultural chemist. Their mechanical condition is as near perfect as possible, and we guarantee all our goods to be in perfect drilling order.

We sell at the lowest possible price, and solicit the patronage of our friends and the public generally. We are now ready to book orders for goods. Our place of business is in the KENT NEWS BUILDING, where we will be pleased to see any who may call.

James Orr, Margaret K. Orr, his wife,
vs.
John Orr.

In the Circuit Court for Kent county, in Equity.

THE object of this bill is to procure a decree for the sale of certain real estate situated in the first district of Kent county.

The bill states that the plaintiff and John Orr are seized as tenants in common in fee of a farm near Millington, Kent county, Md., and that John Orr is a person of unsound mind, and resides in the city of Philadelphia, in the State of Pennsylvania, and that it is not possible for him to execute a valid deed, either of partition or of sale of said property.

And the bill further states that it is impossible to divide the said real estate between those entitled without material loss.

And the bill further states that because John Orr is of unsound mind it is impossible to have said property sold or divided without the aid of this honorable court.

And the bill further says that the said John Orr has never been declared non compos mentis, nor has any trustee been appointed for him.

To the end, therefore, that the real estate mentioned in these proceedings be sold and the proceeds distributed to the respective heirs at law,

It is therefore ordered by the Circuit Court for Kent county, as a court of equity, this 26th day of July, 1900, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in Kent county once in each of four successive weeks before the 27th day of Aug., 1900, giving notice to the non-resident defendant of the object and substance of this bill, and warning him to appear in this court in person or by solicitor on or before the 12th day of September next, to answer the premises and show cause, if any he has, why a decree ought not to pass as prayed.

Caroline De Ward
vs.
Charles S. Smith, William A. Jones and May C. Jones.

No. 1387.

In the Circuit Court for Kent county, in equity

THE object of this bill is to procure a decree for the sale of certain real estate situated on Cross street, in Chestertown, Maryland, of which Rachel A. Salter, colored, died seized and possessed.

The bill states that Rachel A. Salter, colored, late of Kent county, died, seized and possessed of a house and lot of land which was conveyed to her during her life by Wm. D. Burchinal by deed duly recorded in the clerk's office for Kent county.

And that the said Rachel A. Salter died intestate, and her heirs at law are Caroline De Ward, who is a widow; Mary C. Jones, wife of Wm. A. Jones, both of whom reside in Baltimore city, and Charles S. Smith, who is an assignee of a part interest in said property.

And the bill further states that Rachel A. Salter also had another daughter, Elizabeth, who married a man by the name of George Daniel, who, your oratrix is informed, is now alive, and who is in the penitentiary in the State of Massachusetts

And the bill further states that the only way in which an equitable division can be made is by sale of said house and lot, and the division of the same under the direction of this honorable court.

To the end therefore that the Real Estate mentioned in these proceedings be sold and the proceeds distributed to the respective heirs at law—

It is therefore ordered by the Circuit Court for Kent county, as a Court of Equity, this 27th day of June, 1900, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in Kent county, once in each of four successive weeks before the 31st day of July, giving notice to the non-resident defendant of the object and substance of this bill, and warning him to appear in this court in person or by solicitor, on or before the 17th day of August next, to answer the premises and show cause, if any he has, why a decree ought not to pass as prayed.
