APPEAL TO DEMOCRATS.

Maryland Association Issues Address to Voters.

WHY MR. BRYAN SHOULD WIN.

The campaign committee of the Maryland Democratic Association met at its headquarters last week and mapped out its plan of campaign.

Mr. Frank Driscoll was appointed chairman of a subcommittee on the distribution of literature and was given authority to choose a committee large enough to insure every voter in the State being reached in some way. A vote was taken and the association unanimously decided to co-operate with the State Central Committee and to begin at once its work.

ADDRESS TO MARYLAND DEMOCRATS.

The following address to the voters of Maryland was adopted and 10,000 copies have been ordered printed for distribution:

"To democrats, as democrats, the Kansas City platform comes with authoritative force. It was adopted unanimously by the convention—the supreme tribunal of our party—was approved by the votes of all the delegates from Maryland, and therefore no man who claims to be a democrat can consistently withhold his support from it.

"But the platform appeals to higher entiments than party loyalty; to a sense of justice which would not invade the rights of others; to a love of liberty that would not deprive others of their freedom; to a veneration of the Declaration of Independence and the Constitution; to a patriotic desire for the preservation of our republic and the perpetuation of our liberties.

"Hitherto the principles of liberty and the rights of man as set forth in the Declaration of Independence, defended by our forefathers with their lives and guarded by the provisions of the Constitution, have been looked upon as sacred, but the present administration has openly violated them by asserting the right to conquer or purchase the Filipinos and by disregarding the Constitution in the Porto Rican Tariff bill. It boldly sets up the doctrine that Congress is above the Constitution.

"In view of these assaults upon the foundation of the Republic, the democratic party pledges itself to stand for the preservation of the Declaration of Independence and the supremacy of the Constitution.

TRUSTS IN POLITICS.

"As might be expected, the Republican party, which seeks to conquer and to crush out liberty in the Philippines, and which has put upon the Porto Ricans taxation without representation, contains as its most influential members all the trusts, which drive out of business the independent proprietor, forcing him either to become a servant of the trust or to accept beggary. By crushing out all competition these trusts are dangerous to liberty.

"The democratic platform promises definite measures to correct these evils, and standing upon the platform is a man whom the people know to be in earnest in his intentions to destroy the trusts. The enormous growth of trusts during the past three years of republican control proves that party either unwilling or unable to curb them.

"The Kansas City platform also denounces government by injunction and the blacklist, favorite methods of the trusts to oppress their employes.

"The platform recognizes the dignity of labor and recommends a department of labor in the national administration.

FINANCIAL.

"Consistent in its opposition to all trusts, the Democratic platform opposes the paper-money trust authorized by the recent Republican Financial bill, and declares that to give to private corporations a monopoly of money, which is as much of a necessity as anything we eat or wear or use, creates a trust at least as dangerous to liberty as any other, and, as a remedy for this republican trust in money, the democratic platform declares that all money should be issued by the National Government and should consist of gold and silver and notes issued by the United States, instead of notes issued by and circulated for the profit of the banks, but indorsed by the United States as is done under the Republican Financial bill.

"To us the platform seems consistent througout, standing on every question for liberty and the rights of the people against the encroachments and oppressions of commercial greed and interests favored by special privileges. But to those who see, as we do, the dangers of imperialism and the other trusts, but do not see any danger from the banks being given a monopoly of the issuance of money, we submit that the money plank of the Kansas City platform, put in in the face of great pressure to leave it out for policy's sake, at least serves this good purpose. It is a guarantee of the sincerity of the party and its leaders.

THE CANDIDATE.

"He who would scorn to get an office through votes gained by deception or misapprehension may be safely trusted to keep faith with his supporters and to do exactly what his platform pledges him to do so far as is in his power.

"If William J. Bryan is elected President he will have power, irrespective of the republican senate, to enforce existing laws against trusts and to stop the McKinley policy of imperialism, and no one doubts that he will do both.

"His election will mean the triumph of patriotism over greed, of the Republic over the Empire, of liberty over oppression.

"To the accomplishment of this object the Maryland Democratic Association pledges to you its best efforts and it asks the aid and support of every lover of liberty in our State.

"Our enemies are strong and powerful, and so much is at stake that every democrat and democratic club and association ought to feel that upon him or them rests to some extent the responsibility of carrying Maryland for liberty and the republic."

How many years of her life does a woman spend over the hot cook stove getting those three meals a day? Back aching, head throbbing, nerves twitching, it's all the same, there are three meals a day to be prepared. Dr. Pierce's Favorite Prescription cannot lighten woman's labor, but it can and does increase her strength. It cures those diseases of the womanly organs which undermine woman's vitality.

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired, worn-out women who are afflicted with female weakness," writes Mrs. Ira W. Holmes, of Cedar Rapids, Iowa. "It has helped me very much and a skillful physician once said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

Dr. Pierce's Pleasant Pellets do not re-act upon the system. They are a good thing to keep in the house. One 'Pellet' is a laxative, two a cathartic dose. The medicine for every woman.
