BATTERY OF ARTILLERY TO CAMP IN TOWSON ON SEPTEMBER TWELFTH

Unit From Camp Meade, First To Fire Shot In World War, Will Participate In Gigantic Demonstration On "Old Defenders' Day."

"Old Defender's Day," September 12th, promises to be a gala day at Towson; in fact, if there is no hitch in present plans the event will far surpass anything of the kind ever attempted in Baltimore county.

A band of 120 pieces has been secured for the occasion by the committee in charge and the day preceeding, September 11th, a batttry of artillery from Camp Meade, the United States unit that fired the first shot in the World War, will pitch camp right in the heart of the town, taking part in the demonstration on the 12th.

Representatives of the War Department have promised thrills aplenty for those who grasp the opportunity to spend the day at the county seat, for a "dare-devil" aviator will be sent from Bolling Field, near Washington, to do stunts, and a parachute jump over the Court House.

After dark open air movies will be shown and the walks in the Court House Park turned into a dance floor.

Folks who want to hear good speakers and spend an enjoyable day had better make preparations now to pack their lunch, come early and stay late, for there'll be something doing every minute.

TEMPORARY, THAT'S ALL.

Very shortly a temporary building will be erected on the south side of the Court House Park for the accommodation of the engineers, draftsmen and other employees of the Metropolitan Sanitary District.

At present they are all over the Court House and are shifted about from pillar to post. The time has come now, however, when quarters must be provided for them. There is no building obtainable suitable for the purpose in the town. So one must be provided.

The Commissioners first thought of leasing a lot in the town and erecting upon it a suitable temporary building, but when the matter of expense, heating and plumbing was considered it was considered wise and most advisable to erect it on the Court House grounds near the building, so that it could have the benefit of the Court House heating plant, plumbing and lighting.

The exact spot selected is the only one in the square where it can be built without destroying or injuring any of the trees or plants.

Naturally we all dislike to see anything on the grounds that will in the least destroy the beauty of the grounds and building, but as accommodations are necessary for this department, and it is only temporary, it is probably the best thing to do, especially since it will only be temporary—the best information being that it will be removed within two years from date.

INSPECTION MADE

Game Warden Visits Island In Gunpowder, Proposed For Game Refuge.

State Game Warden E. LeCompte accompanied Assistant Water Engineer W. F. Armstrong to the Gunpowder river to make an inspection of an island which Water Department officials think will make an ideal game refuge.

The island in question consists of between eight and ten acres of land, a part of which is cleared and the other part of which is wooded. If it is satisfactory the Game Department will purchase it.

MOTORMAN RACES CAR

Doors Are Locked Until Police Arrest Fighters Inside.

When 12 negroes started a fight in an Ellicott City street car, Leon West, conductor, locked the front and rear doors of the car while the motorman drove at a rapid pace to find a policeman.

The negroes, with some colored women, boarded the car at Winners' Lane and the fight started almost immediately.

After West had locked the doors the fight continued. At Ten Hills a patrolman boarded the car and the negros attempted to escape, some climbing out the windows.

Two of the men were cought. They gave their names as Otis Walker, 400 block North Pine st., and Thomas Coleman, 1000 block North Calhoun street, Baltimore city.

Walker and Coleman each were fined $21.45 on charges of disorderly conduct.

BOY TOURIST LOCATED

Youngster's Whereabouts Put An End To Search By County Police.

Wilson K. Levering, Jr., nineteen, who has been touring the country in an automobile and for whose safety there was some anxiety, is safe in Montana, near the Canadian border, according to a telegram received by Wilson K. Levering from his son.

The youth had been writing home regularly, but about 10 days ago his letters stopped. The elder Mr. Levering had asked local police to try to trace his son through other police agencies.

TEACHERS INSTITUTE SEPT 1

State Normal School Will Be Scene Of Annual Affair.

The annual institute for Baltimore county teachers will open at the State Normal School, Towson, on Monday, September 1st, and close on Friday, September 12th.

The instructors will be Dr. Eugene A. Bishop, Dr. Francis A. Litz and the supervisors, Miss M. Annie Grace, Miss Amy C. Crewe, Miss Jennie E. Jessop, Miss Emma A. Boettner, Miss E. Heighe Hill and Miss Nellie V. Gray.

Dr. Bishop will lecture on "The Child's Mind and the Common Branches."

Dr. Litz will give a course in the appreciation of literature, and it will include the interpretation of selected masterpieces of prose and poetry and the study and discussion of the material in the various reading texts used in the elementary schools.

The supervisors have been working on the revision of the course of study during the vacation period, and they will present the results of their studies to the teaching corps.

FORGETS PARKED "LIZZIE"

Absent-Minded Man Reports Car Stolen, Later Remembering Its Location.

Reporting to the county police that his car had been stolen from near the Court House, Towson, the owner of a "Lizzie," who lives in the "upper end" had Marshal Stansbury and several officers scanning auto licenses.

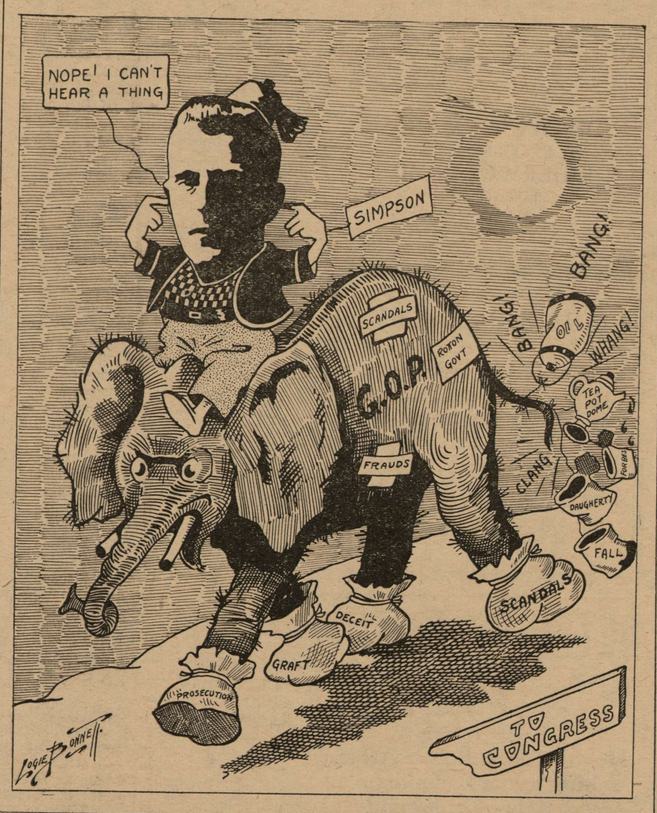
Some time later the same man returned to police headquarters looking a bit sheepish and hesitating to explain. He had found his car parked just where he had left it, only unfortunately he had forgotten for the time being just where it happened to be.

LANDHOLDERS' FIELD DAY SEPT 20.

The fourth annual landholders' field day, held under the auspices of the Elkridge Hounds, will be held on "Long Quarter Farm" Saturday, September 20th.

The program will begin at 11 A. M. with a trap-shooting contest for cash prizes; at noon luncheon will be served, after which prizes will be awarded for the best four-horse or mule team and general utility horse. There will also be a tug of war and parade of hounds with plenty of music to liven things up.

HE'S OFF!



ELECTION OF DEMOCRATIC CONGRESS AS IMPORTANT AS ELECTION OF DEMOCRATIC PRESIDENT

This District Has Seldom Been Represented By A Republican And People Are Fortunate In Having A Democratic Representative Now, Who Has Been Faithful To His Trust.

While we are interested in the election of a Democratic President we must not forget the importance of a Democratic Congress.

No matter what reforms a Democratic platform may stand for, or how anxious a Democratic President may be to put them in execution, he is powerless without a Congress in sympathy with him.

So many voters fail to recognize the importance of Congress; they appear to feel that if they elect a President he can accomplish anything alone; when the truth is that without a Congress cooperating with him his hands are practically tied.

The great importance of having a full Democratic delegation in the House of Representatives from Maryland at this time is most apparent in this Presidential campaign. For Congress may determine who shall be the next President, and with La Follette running as an Independent it may be that neither

MAN HELD AS SUSPECT

Frank Krause Arrested By Police As Man Who Held Up River View Trolley.

Frank Krause, 32 years old, was arrested by the police and is being held for investigation in connection with the hold-up August 2nd, of a street car returning from River View.

Neither Marshal Stansbury nor any of his "flying squad" would divulge the nature of the information that led them to suspect Krause.

INVITATION ACCEPTED

Members Of National Grange To Camp On B. John Black Farm.

A caravan of more than 200 automobiles and approximately 700 motorists will camp August of next year on the farm of B. John Black, near Randallstown. The encampment will be part of an extended tour of the Eastern States by members of the National Grange, a farmers' organization.

Mr. Black returned to his home this week after a trip through Pennsylvania and New York. He left Randallstown August 11 and drove to Elmira, N. Y., where he joined the 1924 summer tour of the grange members.

During the trip last week Mr. Black invited the tourists to camp on his farm. They will spend four days at Randallstown, during which time they will make sight-seeing trips to Baltimore, Washington, Annapolis and down the Chesapeake Bay.

DUNDALK FLYERS DELAYED

Flight Of Guard Unit To Ohio Halted Until New Planes Are Ready.

The flight of the Maryland National Guard air unit from Logan Field, Dundalk, to Fairfield, Ohio, to get new planes, expected this week, has been delayed for a few days until complete arrangements for the delivery of the planes have been made.

The unit will get eight new planes. The Army officers in charge of the depot are anxious to delay the Maryland flyers as little as possible and therefore will not have the detachment leave Logan Field until the new planes are ready for the trip here.

LUTHERVILLE AGENT HONORED AFTER 31 YEARS CONTINUOUS SERVICE

John K. Chambers Who Took Charge Of Pennsylvania Railroad Office In 1893 Is Tendered Testimonial By Fellow Townspeople.

Mr. John K. Chambers, of Lutherville, was the station agent of the Pennsylvania Railroad there for 31 years, having taken charge of the office in 1893.

In all that period he has been a faithful, intelligent and diplomatic representative of his company, and at the same time has been obliging and accommodating to the patrons of the road.

A few months ago he was honorably retired and pensioned, having reached the age limit of three score years and ten.

The people of Lutherville, who are all his friends, anxious to show their esteem and affection, presented him on Wednesday evening last with a testimonial in the shape of a book setting out his years of patient and faithful service to the railroad and to the patrons of the office, signed by 100 citizens, and at the same time with a very substantial purse.

Mrs. James P. Reese, who took the initiative in securing the testi-

TWO SHIPS COLLIDE OFF SPARROWS POINT---ONE BADLY DISABLED

Schooner Charles B. Stanford, Anchors To Await Arrival Of Tug, Which Tows Her In For Repairs.

The steamship Eastern Knight, bound from Baltimore to New York, was in collision with the four-masted schooner Charles B. Stanford four miles off Sparrows Point.

A wireless message received from Captain Hutton, of the Eastern Knight, by the Maritime Exchange, contained the information that he was proceeding to New York.

The maritime observer at "The Point" reports that the stern of the Stanford is badly damaged and that the schooner is at anchor awaiting the arrival of a tug to tow it to Baltimore.

Officials of the C. C. Paul Company, Stewart Building, Baltimore city, agent for the schooner, said it carried a crew of eight men, and that it was in command of Capt. Charles Nicholas.

The Eastern Knight is an 8,000 ton steamer and carried a crew of
