SOMETHING EVERY HOUSEKEEPER SHOULD READ.

Do not wait until the laws of Maryland force you to stop using Alum, Lime and Talc Baking Powders, they are health destroyers, and many of the State laws prohibit their sale. Never before in the history of this country have the consumers been offered a pure baking powder at any thing like a reasonable price until the BIS-KIT MANUFACTURING CO., OF BALTIMORE, was organized and placed on the market "BIS-KET."

This brand is endorsed by all the pure food commissioners of all the States in the Union, and owing to its superior quality and the low price at which it is sold it is unquestionably the coming baking powder of this country.

EVERY CAN GUARANTEED TO PLEASE OR MONEY REFUNDED.

Bis-Ket is packed in 6 and 16 ounce cans and cost the consumer only five and ten cents respectively, and can be found at the following stores:

MRS. J. CORDRAY LOUD,

TOLCHESTER RACES.

Many of the "Big Ones" Will be on Hand.

Tolchester is getting ready to entertain some of the most noted horses now on the track. The big stake races will bring some of the finest blood now in the county. Capt. Brino, entered in the 2.18 stake race, will be the most notable among the visitors, his performance at Columbus, Ohio, on Wednesday, placing him high in the lists. The report of this race says:

The 2.20 pace, an early-closing stake of $5,000, brought out such good ones as Audubon Boy, Star Pugh, Captain Brino, Shadow Chimes and Helen D. Audubon Boy was installed favorite, the pools averaging $50 to $40 on the field. Captain Brino showed a world of speed in the first heat, leading all the way. Dick Lee and Helen D. forced him to the three quarter pole, when he came away very fast. He was a sure winner at the seven-eighths pole and Fox did his best to slow him up before he reached the wire, but the mile was paced in 2.07½, the fastest time of the day.

The effort was too much for the Brino horse and Audubon Boy went out and won the next three heats, reducing his record from 2.09¾ to 2.08¼. Star Pugh, winner at Detroit and Cleveland, was driven hard in the third and fourth heats, but could not reach the favorite. Shadow Chimes was never a factor.

A Chestertown lover of track events, on Wednesday night, picked out Capt. Brino against the field, for money at Tolchester. He was also ready to go on record, backed by the cash, that no Kent county horse will "get a piece of the big stake." In this he will be forced either to "put up or shut up," for with Henrietta, Bedworth, Jr., and Numa, on the list, there are those who will back their faith by money that a portion of the four purses will come to Kent.

Supt. Noland is busy arranging for the great racing events. The stake races have filled with a fine string of horses as follows:

Horses in the 2.20 special purse will be named later.

Reddie Russell and Henrietta are now being worked on the Tolchester track, and are reported as having shown some magnificent bursts of speed.

Then, too, Lucie Noland, the fine young mare of Supt. Noland, has developed fine points, and will give a good account of herself before the three days' racing are past.

In anticipation of the greatest attendance ever known on a similar occasion, an addition of fifty feet is being made to the grand stand to accommodate visitors to the races.

PINEY PLAIN RACES.

A large and enthusiastic crowd was present at the races at Piney Plain track, last Saturday. The judges were County Treasurer Albert Story and John Smith. County Clerk John E. George was the starter. A summary of the races is given below.

The Electric Road Again.

WILL IT FORFEIT ITS CONTRACT WITH THE COUNTY BY NON-PERFORMANCE.

September the First the Time of Forfeiture by Lapse of Time.

Public interest now centres around the building of the proposed electric railway between Chestertown, Tolchester and Rock Hall. The question is,—Will the projectors of the enterprise forfeit the rights and franchises granted by the commissioners of Kent and the commissioners' board of Chestertown, by allowing the time to lapse in which the work was to be well under way. After granting, with the most liberal conditions, the right to use the public highways

"Beginning at the corporate limits of Chestertown, at or near Ratcliffe Flouring Mills, thence along the side of the public road to Fannell's branch, to the village of Fairlee, to McClain's corner, to St. Paul's Church, to Edesville, to Rock Hall, to the wharf of the Chester River Steamboat Company, at Deep Landing; also from Rock Hall to the public landing on Rock Hall creek, near the dwelling house on Rock Hall farm, belonging to Dr. A. P. Sharp; also beginning at McClain's corner, and thence to the public landing at Tolchester Beach."

The boards of county and town commissioners set the time limit on September the first. The provision in the county contract is as follows:

"And it is furthermore understood and agreed that the rights, powers and privileges hereby granted, are subject to revocation by the said board of county commissioners, should the said company fail to have the electric road between Chestertown and Rock Hall in regular operation by the first day of September, A. D., 1901."

The agreement with the town is:

"And it is furthermore understood and agreed, that the rights, powers and privileges hereby granted are subject to revocation by said commissioners should the said company fail to have the track laid and the railway in operation by the first day of September, A. D., 1901."

The electric railway company has now less than one month in which "to have the electric road from Chestertown to Rock Hall in REGULAR OPERATION."

The people of Kent from the very first have been profoundly interested in the building of this road, and any possibility of its abandonment, or the forfeiture of its rights and franchises, naturally arouses deep concern.

A gentleman who is presumed to be in thorough touch with the gentlemen back of the railroad, when seen, stated that just at this time there is nothing of a positive nature to be given to the public, but he has no fears that the road will not be built. The combination of circumstances responsible for the delays thus far will be overcome and the work will be pushed forward. No abandonment of the projected road need be thought of, he contends.

WITH THE FARMERS.

Varying Reports From Agriculturists And Fruit Growers.

Kent fruit growers will learn with satisfaction that Baltimore commission merchants predict that owing to the hot spell late in June, which killed off half the peach crop in Delaware and Maryland, the price of peaches will be much higher than usual. These peaches were not expected until August 1. A big crop is expected from the South. The price last week for Georgia peaches was about a dollar more per crate than that of last year at the same time. These peaches, however, are finer than usual, and good ones may be had for fifty cents a basket. The shortage of the peach crop will consequently be partially made good by high prices.

Though a light harvest of apples is expected from the country nearby, the dealers say that a large crop is expected from New York State later in the season. The apples seen here so far from nearby farms have been of inferior quality. They are selling for fifty or sixty cents a basket, or three times as much as last year.

The past asparagus season was one of the finest in years, and has been followed by good prices for all small fruits in the local markets.

Mr. T. E. W. Crew, of near Tolchester has threshed an average of over 26 bushels of wheat per acre as his crop for this year. A portion of Mr. Crew's seeding averaged over 30 bushels.

Mr. P. Jump threshed about 22 bushels per acre.

SOME DELAWARE AVERAGES.

The *Delawarean* says: "Farmers are now busy threshing wheat, and from reports coming in, the yield is not up to the average. The largest yields that have been reported in this section are: Charles H. Pardee, average of 31 bushels on 30 acres and 20 on 37 acres, making a total of 1700 bushels on 67 acres; S. C. Gehman & Son, average of 31 bushels on 12 acres; Benj. Moore got 2000 bushels from 100 acres and was the first to market wheat in Dover, having sold and commenced delivering to J. A. Hartnett & Bro. on Monday at 70 cents per bushel; T. C. Roe secured 1400 bushels from 50 acres, and his yield of winter oats was over 50 bushels to the acre; John Carey got an average of 27 bushels to the acre; ex-Sheriff Joseph McDaniel's crop of 70 acres was 1400 bushels."

The yield in Kent county, Delaware, is not so good, the average in that county not exceeding fifteen bushels an acre, while in Sussex the average is the smallest, twelve bushels an acre.

PUBLIC SCHOOL MATTERS.

Miss Mary F. Coster, teacher of school No. 1, in Quaker Neck, has resigned. This makes two vacancies in the county, Coleman and in Quaker Neck.

The board of school commissioners, at its meeting on Tuesday, passed a resolution of great importance to teachers. The board decided to confirm the appointment of only those teachers who hold a diploma from the State Normal School, from Normal Hall, Washington College, or the county examiner's certificate.

The school board is trying to arrange to place an assistant teacher at Fairlee school, Miss Caroline I. Smyth, teacher

STRICKEN BY HEAT.

Humanity Taxed to the Uttermost by Extreme Heat.

Monday and Tuesday were trying days upon depressed humanity. Though the thermometer on Monday registered but 91°, or nine degrees less than the first spell of intense weather, the humidity was something awful.

Fredus Vansandt, who had been engaged in loading wheat in the field of Mr. John Price, was prostrated at about sundown on Monday evening. The thresher had been running on Mr. Price's yard during the day and Mr. Vansandt had been a great sufferer, but remained at his post until he was literally stricken down in his tracks. He was promptly taken to Kennedyville and was treated by Dr. G. Irving Barwick. The stricken man remained at Dr. Barwick's home during the night. Though still ill, he insisted on being removed to his home on Tuesday morning, which was done.

Mr. Lemuel Meginnis, of Millington, was overcome by heat while running a thresher on the farm of Mrs. Anna Wallis, near Kennedyville, on Monday. The unfortunate man was completely prostrated by the suffocating heat of the boiler combined with that of the sun. He was at once removed to Mrs. Wallis' home where every possible attention was paid him. Dr. J. Horton Kelly was summoned and treated the sufferer.

Mr. Samuel Lee lost one of his finest work horses on Monday. The animal was being driven by a colored man in hauling wheat, to Buck Neck, when overcome.

A DROWNING AT HARRIS' WHARF.

A Medical Student Loses His Life While in Bathing.

A sad drowning occurred at Harris' wharf, about four miles below Betterton, on Wednesday morning, at 8 30 o'clock. Mr. Frank Douglas, a medical student, of Baltimore, was the victim. He had been visiting his college-mate, Mr. Lewis P. Atwell, and on the morning named these two young men, together with several friends, went down to the wharf to crab, bathe, etc. Donning their bathing suits they went out on the pier; young Douglas had been cautioned not to jump from the pier because he could swim but little and the water at that point is about ten feet deep, but he heeded not the caution, and jumping off sank immediately, and on rising called for help, and Mr. Howard Atwell, a lad of seventeen years of age, jumped over after him. Young Douglas grabbed his would-be rescuer around the neck, and both sank. While under the water young Atwell succeeded in extricating himself from the grasp of the drowning man, or else he too would have been drowned. Young Douglas never came to the surface after going down the second time. He was about 19 years of age, and a young man highly thought of by all who knew him.

The body was found about one hundred yards from where it went down, in eight feet of water. The remains were taken to Baltimore for interment. Mr. Atwell attended school last year with young Douglass, and last Friday the latter paid him a visit, and was to have remained with him a week.

OBITUARY.

MRS. GRACE KELLEY.

On July 31st, at Wilmington, Del., Grace Kelley, wife of John E. Sylvanus. Services were conducted at her late residence, 1105 West street, on Friday, at 2.30 P. M. There will be services at the home of her parents, Mr. and Mrs. W. H. Kelley, at Locust Grove, on this, Saturday at 10 o'clock A. M. Interment at Galena cemetery.

CHURCH NOTES.

A Pleasant Picnic.

The teachers and scholars of Emmanuel Protestant Episcopal Sunday School enjoyed their picnic on the beautiful grounds at Hotel Bolingly, Queenstown, on Wednesday. The sky was overcast and a pleasant breeze prevailed, rendering the day moderately cool and refreshing. A light shower came, causing some temporary discomfort, immediately after dinner. Refreshments were partaken of in the pavilion. Supt. Horney and his corps of assistants at the hotel were courteous and kind, and thanks are extended them by the pleasure-seekers. Mr. Wm. McConner, representative of the Chester River Company, also extended courtesies which added to the pleasure of the day. Several accidents tended to cast a shadow over the otherwise enjoyable program. Miss Mary Whaland sprained her ankle severely, necessitating the calling in of Dr. Hopkins. Miss Lulu Homes, a guest of Mr. and Mrs. Thomas G. Wroth, suffered throughout the day from the painful effects of a cinder in her eye, and called in the services of Dr. Hopkins. Miss Coale had her hand in a sling, the result of a ball game, and there were scores of nettle-stung and cut-feet bathers.

The reopening of the M. E. Church in Galena, will take place to-morrow, Sunday, August 4. Programme for the day: Love feast, 9.30 A. M., led by the pastor; preaching, 10.30, by Rev. Dr. McBurney, of Philadelphia; preaching, 3 P. M., by Rev. E. C. Sunfield, pastor Millington M. E. Church; a song service, 7.30 P. M., led by Rev. J. W. Prettyman, pastor M. E. Church, Crumpton; preaching, 8 P. M., by Dr. McBurney. The choir of Crumpton M. E. Church, led by Mr. Bratton, Prof. Robert Godwin, with his cornet, and Mr. Thomas Ware, with his piccola, will assist with the music of the occasion.

Kesley Chapel Sabbath school will observe Children's Day services next Sunday night, August 4. This school has been only recently organized, which accounts for its observance of the day so late in the season, but believing that "It is never too late to do good," they will carry out a programme that will prove as instructive as entertaining. Public cordially invited to attend.

Samuel H. Baynard, who was at Leslie camp several days ago, was much pleased with the plan of having the grounds enclosed by a fence and charging admission to them. For every person and horse entering the gates, five cents was charged. From this source enough money is realized to pay the expenses of the camp. No collections were taken at the services and there was no begging to meet expenses.

"Little faith" will be the subject at Grace Presbyterian church at 3 P.M., and at Worton Presbyterian church at 8 P.M. Sunday schools as usual.

Preaching at Morgnec, Sunday, August 4, 1901, at 3 P. M. Subject,—"Prayer Answered by Fire." Sunday school at 2.15 P. M. W. B. COLEMAN.
