SATURDAY, JULY 26, 1902.

THE CIRCUIT COURT for Cecil county, on Thursday, after hearing evidence in the election contest cases for that county ordered the ballot boxes of the Fifth and Eighth districts opened and the ballots examined, the ballots in the other districts of the county having already been examined.

THERE IS AN interesting sequel to the ousting of Mr. Robert Moffett, a Democrat, and the subsequent renting of the Almshouse farm to Mr. Joseph Atwell, a Republican. Mr. Atwell had already rented one of Col. William J. Vannort's farms, and has now sub leased the Almshouse farm to Mr. William T. Kendall, a *cousin* of State's Attorney John David Urie—see?

ELECTRIC RAILWAY FRANCHISES.

Acting as the official representatives of the whole people, the board of county commissioners will be confronted by a grave responsibility on Tuesday next. Two corporations are seeking grants of valuable franchises. They are asking the right to use the public highways (purely and distinctly the people's absolute property) for the construction and operation of an Electric Railway. The citizens of the county, or at least a great many of them desire the road constructed, but with proper safeguards of the interest of the county. Neither the taxpayers nor the TRANSCRIPT care who builds the road other than that this valuable privilege of the use of public property shall be granted to those willing to give most in return. There is in our opinion, in the present state of the matter decided differences in the offers made by the two syndicates asking for franchises. The tax-payers,—the people, are considering this matter from a purely practical, business standpoint, and will expect of the board of commissioners that they act with an eye single to the best interest of the county which of course they will do.

By an examination of the charter passed by the Legislature of 1902, incorporating the Kent and Cecil Light, Power and Railway Company, it will be seen that the President and Board of Directors "shall fix all rates, charges and tolls upon passengers, freights and property transported on said road or roads." The same section (Sec. 10) specifies: "Provided said tolls are not over FIVE CENTS PER MILE FOR PASSENGERS, nor over TEN CENTS PER TON PER MILE for MERCHANDISE."

The law under which the Baltimore and Chestertown Railroad Company is formed, restricts the charge for PASSENGERS TO THREE CENTS PER MILE, the universally established rate throughout the country, and the charge for merchandise to FIVE CENTS PER TON.

The commissioners should see to it that all possibility of extortion is avoided. The people have been burthened all too long with extortionate passenger charges.

The same company asks that county BRIDGES be considered as coming under the heading of roadways and subject to the Company's use. This is a matter not demanded, we understand, by the Baltimore and Chestertown Railroad Company.

The commissioners should insist upon a forfeit being put up as an indemnity to the people. It is business, it is fair and right. Nor should this forfeit have a string to it, but should be subject to well outlined conditions until the road is completed.

Unless Mr. Urie and his friends can meet the ample evidences of fairness and good faith shown by Mr. Barroll and his friends in the matter of a CASH MONEY FORFIT, AND GUARANTEE AS LOW PASSENGER AND FREIGHT charges as is absolutely assured to the public by the law under which the Baltimore and Chestertown Company is incorporated, then his proposition should not for a moment be entertained. The capitalists who will guarantee the greatest benefits to the community at large for the privileges granted should, upon all business principles be granted the franchise.

In directing public attention to these, in our opinion, material differences in the offers made by the respective companies, we have simply discharged our duty which the people have a right to expect and demand. It matters not who makes the offer, but, considered from a purely business standpoint, the *best* offer should be accepted by the board of commissioners.

The Same Old Story.

J. A. Kelley relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelley is a well known citizen of Henderson, N. C. For sale by M. A. Toulson, Chestertown, Md.
