OF INTEREST TO TAX-PAYERS.

The following is the cost of Republican partisan investigation of the county's financial standing:

Sidney P. Townshend	$250
Frederick Willson	250
Kent News	250
Enterprise	250
Total	$1000
County Tax-rate	$1.35

ALL FACTIONS OF THE PARTY are so well represented on the Democratic ticket as to insure the closest harmony. Nobody is "boss" but the people. They waged the contest at the primaries and nominated the ticket.

MR. BLACKLOCK, the expert accountant has completed his report and will hand it to Mr. Richard Groves, chairman of the special committee appointed by the Grand Jury, on Monday in Baltimore. The Grand Jury will likely be called together on Monday Aug. 10th.

THE PERSONAL CHARACTER and reputation of the nominees of the Democratic County ticket is too well-known to need any comment. Every man on the ticket is worthy of the most loyal support of his party, because of his unswerving democracy and his upright personal character.

IT IS SAID that because of the recent slump in the stock markets, the fortune of John D. Rockfeller has depreciated $100,000,000. This is but another way of telling the public at large that another rise in standard oil is anticipated, or that Mr. Rockfeller wants the people to make another $250,000 appropriation to Chicago University.

GEN. A. LEO KNOTT, the well-known lawyer, of Baltimore City, and one of the most prominent Democrats of the State, has announced himself a candidate for the Attorney Generalship of Maryland. Gen. Knott was a member of the last General Assembly, and is a man of sterling worth and character. He would undoubtedly add considerable strength to the State ticket. The names of Mr. Olin Bryan and Mr. Isaac Lobe Straus have also been mentioned in connection with this office. Either of these gentlemen would make a strong candidate.

GREATER NEW YORK, with its millions of population, its asphalt causeways, its parks unsurpassed, its fine sewerage system, its fine schools and hundreds of other expenses, enjoys a tax-rate of $1.41 on the $100. Kent county with its 18,000 population, its dirt roads, which are a source of great revenue to some people, its schools, which for the next school year will receive an appropriation of $10,000 when they received $18,000 last year, and which will scarcely permit of the schools being kept open for more than 8 months in the year, and other expenses, some of which the people know nothing about, enjoys the total County and State tax rate of $1.52 on the $100. Democrats think over this.

A Sure Cure for Diarrhoea.

Coming as it does, in the busiest season, when a man can least afford to lose time, a sure and quick cure for diarrhoea is very desirable. Anyone who has given it a trial will tell you that the quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. For sale by M. A. Toulson, druggist.

THE DEMOCRATIC CONVENTION.

Democratic primaries were held in the several districts of the county on Saturday last, and while there was a spirited contest in several of the districts, a most friendly feeling was manifested and harmony prevailed all along the line. Candidates known as Organization and Anti Organization candidates were in the field in the Second, Third, Fifth, Sixth and Seventh districts, while in the First district quite a contest was waged between Mr. Bradford Dudley, the Organization candidate, and Mr. William Steel, an independent candidate. There was no contest in the Fourth district, Messrs. Dixon for Clerk and Beck for States' Attorney, naming their respective delegates. The Anti-Organization forces won in four of the seven districts, thus giving them control of one of the largest and most harmonious democratic conventions ever seen in the county, which met in the Court House on Tuesday at 11 o'clock A. M., for the purpose of nominating a ticket. Throughout the entire day there was exhibited a feeling of absolute harmony, and it seemed to be the consensus of opinion among the large number of Democrats in town that this is no time for party strife or for the avenging of individual wrongs. Every one seemed to realize that this is a most critical period in the history of the Democratic party, not only in the State of Maryland, but most particularly in Kent county. Conditions confront the voters of Kent county and of the State of Maryland at the approaching fall election, which, if the Democratic party fails of election, will not only saddle upon the people of the county an exhorbitant and unjust tax rate, but will produce a state of affairs dangerous in the extreme to the intelligence and manhood of our great State. It was the consideration of these grave conditions that prompted the delegates to the convention to nominate a ticket, the members of which would not only represent the best interests of the Democratic party, but whose manhood and intelligence entitle them to the respect and suffrage of every loyal voter in the county. The ticket as nominated by the convention is one of the strongest tickets the Democratic party has ever placed before the voters of the county From top to bottom every man is distinctly a representative citizen. All factions of the party are sufficiently well represented to preclude the possibility of the ticket being dubbed as any one man's ticket. It is distinctively a party ticket, placed in the field by the people's representatives, and therefore contains the best element of Democracy. That it is the duty of every Democrat of Kent county to give the ticket his most hearty and earnest support, not only because of the good men upon the ticket, but because of the grave issues upon which the contest for election will be waged, is plain. Nothing save the most absolute harmony and most sincere co-operation on the part of every democrat, will win this fall's election. Party principles must be placed before individual preference, for this is the year in which we are fighting for principles rather than for men. The mismanagement of the county finances, which has saddled upon the people a tax-rate which is not only unjust but intolerant is before the people in such a plain and forcible manner as to make it clearly the slogan of war, and this issue together with the great and serious labor question, which makes the white man pay his tax for the maintenance of all the institutions and classes of his county government will furnish excellent campaign material upon which to wage the contest. Now then with a ticket that is the representative of all the elements of the Democratic party, and with issues back of the ticket the importance of which cannot be overestimated, let us all pull together and elect the ticket which has been placed in nomination.

THE REPUBLICAN MUDDLE.

Unless all signs fail, there will be a warm time in the Republican camp when the State ticket is nominated. The Organization and Anti-Organization forces are getting farther and still farther apart, and it seems sure that Ex Governor Lowndes will make a strong fight in the primaries for the nomination for Governor. The *Sun*, in its issue of Thursday has the following:

"One who is as close to the Lowndes-Jackson-Wachter-Mudd combination as anyone in the city or State said:

"'The Rubicon has been crossed and beginning from to-day the anti organization Republicans are preparing to put up one of the hottest fights ever known in the political history of the Republican party. Lowndes will unquestionably be the favorite with this combination, and if all signs do not fail he will be the next Republican nominee for Governor. Behind him will be this combination, which unquestionably will dominate the next convention. Jackson will unquestionably be able to control the Eastern Shore, and despite the fight that the Stone and McComas element is attempting to wage against Congressman Mudd in Southern Maryland, he will be able to carry every county in his district. It is a well-known fact that Senator McComas is having his troubles in Western Maryland, as indeed in many other parts of the State. It is up to Governor Lowndes and his friends to look after these counties. Baltimore city, it is claimed, will be controlled by the Wachter element, and combining the strength of these four there is but little doubt that Governor Lowndes will receive the nomination."

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well-known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic Colera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best colera medicine in the world" There is no need of employing a doctor when this remedy is used, for no doctor can perscribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by M. A. Toulson, druggist.
