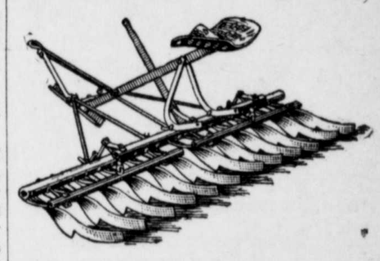
The Acme Harrow, a put verizer and clod crusher, just received a big supply for fall use. It is a good one.



The Osborne Spring-Tooth Harrow. It is also a good ground worker; just received a big supply of them. Call and see them both before working up your fallow ground for wheat seeding.

And now the most important of all is a good Wheat Drill. We sell the

See it before you buy one, it is a sure winner. Car load just received, and our prices will move them. It is the same Drill as the Bickford & Huffman, only much lighter in draft.

A Word About Fertilizers!
