HAMPTON'S VEGETABLE TINCTURE,

THE

Great Restorative and Invigorator,

AND CURE FOR

Rheumatism, Dyspepsia, Scrofula, &c.

THIS medicine is altogether *from the Vegetable Kingdom*, and may be used by any one *without injurious consequences*, by a wise choice and combination of some of the best of each class of co-operative simple remedies. It fully reaches all the essential organs of the human system, and thus it has proved itself so effectually curative of the whole round of CHRONIC AFFECTIONS.

This article was discovered by Dr. JESSE HAMPTON, now in fine health in the 79th year of his age. He was born in Virginia in 1775, emigrated to Kentucky—then a wilderness—with his father in 1779. In early manhood he was so reduced by disease as to be almost wrecked in constitution. He spent much of his living for medical advice and attention, and grew nothing better, but worse. Finding no relief from his physicians, he resolved to try the restorative power of the roots, barks, leaves, plants, &c., of the forest. He then dwelt in the midst of the *Red Men of the Western Wilds*. Having heard much of their skill in the use of vegetable remedies of the forest, and knowing their mode of medicinal practice must be one of practical experience and not of theoretical speculation, he made himself acquainted with their remedies, and also with their practical medical knowledge of the early settlers of Kentucky, had obtained from the "medicine men" of the Indians.

He carefully studied the nature of the medicines used by them, combined them according to the light he had received, used them as he had been taught, and had the cheering satisfaction of finding disease driven from his emaciated body and vigorous health given in its stead. His case was of no ordinary kind, but astonishing to his friends and neighbors. The fame of it spread; the people far and near sent to the doctor for his successful and wonderful combination of Indian remedies; which was freely given them, until the cases became so numerous and the demand so great, that the doctor was advised by his friends, and induced thro' justice to himself, to put his *Vegetable Tincture* in bottles, and charge a price for it which was freely given. Finding its way into the first and most intelligent families, and astonishing all by its wonderful cures; commanding certificates and testimony in its favor from the leading and some of the most talented men of the country.

Unparalleled Success.

The many cures made by it, and the great demand, have induced the proprietors to offer it to the afflicted in this county, with the honest conviction that the same happy results will follow its use here, as in numerous other places. Hon. *Henry Clay* and Hon. *R. M. Johnson* have certified to its merits. Captain *Canot*, brother of the celebrated physician to the *Emperor of France*, was cured by it of Chronic Inflammatory Rheumatism of seven years' duration, after the skill of the physicians of Paris, London, and of this country had failed Rev. Vernon Eskridge, Chaplain U. S. Navy, was cured by it. Also, Judge Davies, Hon. T. H. Shelby, members of Congress, with members of the State Department, Washington, and hundreds of others, who give their testimony to this wonderful discovery.

PHYSICIANS

have cured themselves and the members of their families, by its use, after their own remedies had failed; and some of these are so generous as to recommend it to their patients.

It has shown itself most powerfully curative of *NERVOUS DISEASES* in their various forms, giving new life and vigor, restoring the shattered constitution, and thus infusing hope in the place of despondency. By its mild, pleasant and safe action on the stomach, liver, kidneys, lungs and the nervous system, it cures *Dyspepsia, Liver Complaint, Diseases of the Urinary Organs, Coughs, Asthma, Bonichal Affections, Consumption, Scrofula, King's Evil, Worms, St. Vitus' Dance, Rheumatism, Gout, Neuralgia, Fits, Fistula, Piles*, with all diseases arising from impure blood.

THE FEMALE SYSTEM

has, in *Dr. Hampton's Vegetable Tincture*, A CURE for its numerous and complicated derangements. Hundreds who have been debilitated and dispirited, and on the verge of a premature grave, have been restored by its use to blooming health, which we are abundantly able to prove by such a host of *Living Witnesses* as we think no other medicine can produce.

To publish *all the testimony* in its favor would make a large volume.

Numerous letters and certificates, showing its *RESTORATIVE AND HEALING QUALITIES*, are published in a pamphlet, which with their originals, and a host of other commendatory letters not yet published, the proprietors will be pleased to exhibit to the public.

Attention is not called alone *to the quantity* of the testimony, but also, to its HIGH CHARACTER.

Thousands will testify to cures on themselves, wives, children and friends, after all other remedies had failed. We give below a few extracts.

We request all to call and get pamphlets (gratis) and see the history of the discovery of this medicine, and read the certificates of its cures, showing a mass of testimony, such, as we believe was never given to any other medicine.

LIVER COMPLAINT, DEBILITY.

Extract from a letter from Joseph Harris, Alexandria, Va. After speaking of wonderful cures on himself, he says: "Mrs. H. has been suffering with the liver complaint and with inability, constantly complaining from weakness through her whole system. She now enjoys better health than for thirty years, being entirely restored by the use of Hampton's Vegetable Tincture."

DISEASED SIDE, BREAST, EYES.

Extract from a Letter from J. Grimes, Loudon co. Va. "My wife has been for years afflicted with great weakness; pain in the breast, side and back; palpitation of the heart; feebleness of the nervous system; loss of appetite; complexion sallow; the sight of one eye almost gone, the other very weak. I am pleased to say, Hampton's Tincture has restored her to perfect health. Her eyes are as good now as ever they were."

RHEUMATISM, 38 YEARS.

Mrs. E. Bagwell, of Virginia, suffered from Rheumatism from her 12th to her 50th year of age; at times entirely helpless. Being wealthy, she employed the best medical attention, and tried many medicines, but was cured only by Hampton's Vegetable Tincture.

Chronic Inflammatory Rheumatism.

The wife of Thomas M. Yeakle, Grocer, 76 Pearl street, was a great sufferer for eight years. Restored to health by Hampton's Vegetable Tincture.

MERCURIAL RHEUMATISM!

Mr. Jarret Plummer, 158 East Baltimore street, suffered this disease intensely six years; could not sleep; dreadful ulcers formed on his limbs, from which splinters of bones issued.—His physician pronunced him incurable; but Hampton's Vegetable Tincture cured him.

HEREDITARY SCROFULA!

A boy in the family of Hon. W. P. Thomasson, once member of Congress from Kentucky, was a mass of sores from head to foot. His eyelids turned inside out, protruding over the eyeballs so as to produce blindness. He was cured by Hampton's Vegetable Tincture.

Dispepsia, Nervous Disease, &c.

Mr. Wm. Oidham, of Baltimore custom house, suffered these complaints for eighteen months, with body and mind seriously affected. He was cured by Hampton's Vegetable Tincture, after other things failed.

COUGH, CONSUMPTION, &c.

Mr. Henry C. Winn had a cough for 5 years, great weakness, &c.; had, in all, five or six physicians; tried all their remedies, but was cured only by Hampton's Vegetable Tincture.

Sold by *Hall & Greenwell, Burgess & Williams, John T. W. Dean* and *Geo. W. Wilson*, Upper Marlboro'; *Wm. H. Early*, Brandywine; *John Simmes*, Beltsville; *Scott*, Bladensburg; and by druggists and dealers generally.

RECENTLY PUBLISHED.

COMPLETE IN TWO VOLUMES, ROYAL 8vo.

THE FARMER'S GUIDE TO Scientific and Practical Agriculture,

Also, the New and only Correct Edition of

"STEPHENS'S BOOK OF THE FARM."

BY HENRY STEPHENS, F. R. S. of EDINBURGH.

With an American Appendix, by the late J. P. NORTON, Professor of Scientific Agriculture in Yale College, New Haven.

THIS work embraces every subject of importance connected with Agriculture in all its various branches, both theoretical and practical. "Its clear and copious details, the fulness and accuracy of its information, the completeness of every illustration, have, in an Agricultural work on practice, never been equalled." It is arranged under four separate heads, represented by the four seasons of the year—Winter, Spring, Summer, and Autumn—and the notes of Professor NORTON are appended in the same order, adding greatly to the value of the work by adopting it to the soil, climate, growth, &c., of this country. The united labors of two such distinguished writers constitute this the most complete and valuable Agricultural work ever issued from the press. It comprises *two large royal 8vo. volumes, and contains 1600 pages, besides 14 splendid steel engravings, and about 600 engravings on wood.* The latter illustrate almost every implement of husbandry now in use; the various methods of plowing, planing, &c., &c.: and the former, the domestic animals, the farm-steading, &c.

Letter from Mr. Stephens.

"REDBRAE COTTAGE, EDINBURGH, Sept. 30, 1851.

"MESSRS. LEONARD SCOTT & Co.,

Gentlemen:—I beg to say that your '*Farmer's Guide*' is the only genuine edition published in the United States of America of my work, the '*Book of the Farm*.' The edition circulating at present in the States, under the title of the 'Book of the Farm,' is taken from the first edition of my work, written ten years ago, which, in my second edition, I entirely remodelled, and in great part re-wrote, adopting all the more recent improvements in the practice of Agriculture suggested by scientific experiment, and making it, in effect, quite a new book.

I am, sirs, your obedient servant,
HENRY STEPHENS."

Notices of the Press.

FARMER'S GUIDE.—The concluding No. of this work is upon our table, and we but repeat the unanimous verdict of the Agricultural press, in saying that it is among the most complete and reliable of the contributions to scientific and practical Agriculture. The arrangement of the work is convenient for reference, the illustrations beautiful, the language plain, clear, intelligible, and truthful. The work comprises two royal 8vo. vols. of 1600 pages, including 600 woodcuts and 14 steel engravings.—*Ohio Cultivator.*

We have received this highly interesting and useful, but, above all, very practical work.—We know of no other Agricultural work ever published in this country which might compare with the one just named in usefulnes and intrinsic merit in general.—*Buffalo Weel Grower.*

THE FARMER'S GUIDE.—This work is a rich mine of Agricultural knowledge, presented in a simple and familiar style, giving copious details of the best practice on English farms, and adapted to general use in this country by the judicious notes of the American editor. The intelligent farmer will find it very attractive reading. In the comparison between English and American husbandry, for which it furnishes ample materials, he may obtain many valuable hints for increasing the product of his own acres. The mental stimulus given by the perusal of such writings is quite as important as their more immediate purposes. * * *—*New York Tribune.*

The work is elegantly printed on thick white paper, from the English stereotype plates, and is neatly bound in emblematic gilt of various styles.

Arabian Horse Powder.

THIS Powder gives to a Horse a good appetite, loosens his hide and gives him a beautiful coat, makes him lively, as well as improving his general appearance: at the same time curing the Bots, Grubs and all other internal diseases that they are subject to.

The All-Healing Oil,

is a certain cure for sprains, burns, galls and sores of all kinds for Horses, Cattle or Man. It has been known to cure extreme cases of Rheumatism. Being composed of the most potent remedial agents applicable to the above purposes, it enjoys a reputation for facility of action, scarcely equalled. It needs nothing but a trial to convince the most skeptical of its peculiar and beneficial effects.
