MISS MARY A. SCOFIELD.

Interesting Narrative.
GREAT SUFFERINGS CURED.
Truth Stranger than Fiction.

LET THE AFFLICTED HEAR THE TESTIMONY OF A LADY.—To those who have the pleasure of knowing her we need say nothing; but to others we remark that a desire to benefit the suffering induces her thus to speak.—None can appreciate her joy and gratitude in being relieved from pain, after years of suffering almost unparalleled, but those (if there be any) who have suffered like her.

Miss S. has long been a resident of our city—for the last two years has been successfully conducting a school at No. 630 Baltimore street.—The happy change in her health is a subject of astonishment and joy to her numerous friends. We ask those interested to call on her. She will tell them more of her cure by *Hampton's Tincture* than she has written. Thus it is this remedy goes on giving relief to the sick. We refer the public to them. From more distant places we also hear the same happy results. These facts, with the concurrent testimony of thousands, should cause skepticism and prejudice to hide their heads, and concede that Hampton's Tincture is in truth a wonderful discovery.

BALTIMORE, October 18th, 1855.

Messrs. Mortimer & Mowbray—Gents: I have delayed entirely too long in writing to you in relation to the virtues of Hampton's Tincture. I fear, even now, that I cannot give the afflicted world a just idea of the good I have derived from its use; the benefits have been so great that I feel inadequate to the task. I was attacked with the chronic rheumatism, in its most malignant form, at the early age of two and a half years, and continued to be so afflicted until I crossed the Atlantic Ocean, on my way to America, at which time it changed its form into a gathering. I had at this time acquired my growth, and never expected to be well again, as the disease came in the first place of my being *vaccinated* from a child who had the white swelling. When my gathering first broke it did not discharge less than one quart, and so continued to trouble me every time I took cold or was in the least fatigued; my bodily strength was reduced to the weakness of infancy; I was several times very near the grave; my hip-joint had been out of place ever since I had the first attack. At the age of thirteen my hands became dislocated. These sufferings, and the general debility I felt from the constant discharge of my gatherings, caused me often to think that I should never be permitted to know how it felt to be free from pain and suffering, even for one hour, until my poor body should be changed and become like unto "Christ's glorious body," at least, until this mortal have put on immortality.

I have taken so many medicines, and received so little benefit, that I had confidence in none. I had used of nearly all the *celebrated nostrums*, and other external remedies I had heard of. I had been placed by my friends under some of the best Physicians of England, and all the relief I ever obtained was but of transitory duration.

When I first heard of Hampton's Tincture, had not the slightest confidence in its efficacy, but had a friend in Washington, Mr. Harrel, who assured me his sufferings were at the worst, and had witnessed the cure wrought upon him. To please her, I consented to try the Tincture, and I had not taken *one bottle* before I began to feel its benefical effects—my strength returned—my appetite became good—my complexion was clear—I felt like another person. Through the influence of this friend, you became acquainted with my case, and requested to see me; you told me my case was such a peculiar one that you would like to see the effects of the Tincture fully developed in it, and if desired to take it, you would present it to me, if it was for the space of five years—but only eighteen months have *elapsed, and I have lost every symptom of my disease*; I have become strong and hearty—I can stand as much and more fatigue than most of my lady acquaintances—I have a healthful complexion, and all my friends say I am getting quite *fleshy*, one thing is certain, my *bones* are as large again as they were before, and I can trip all about home without a crutch.

I often wish my parents had known of this remedy when I was a child, as I believe I should have been saved the excruciating pain I have been subjected to, as well as the deformity of body I must carry to the grave, and my parents would not have been under such heavy expenses from doctors' bills, and in sending me, as they did, to the celebrated springs in England in search of health. I wish all the afflicted world could see me, and hear the benefit I have derived from this Tincture of Hampton's. I try to make all acquainted with its virtues with whom I come in contact.

Gentlemen, I am a thousand times obliged to you, and you are at liberty to use my name and case to all.

I remain, yours in gratitude,

The Lord's Prayer.

A BEAUTIFUL Steel Plate Engraving of the *LORD'S PRAYER*. The idea of representing the Lord's Prayer by an engraving, and of ornamenting and arranging it in such a manner as to produce at once a model of neatness and taste, was conceived and carried out by Hewson, the celebrated Bank Note Engraver, of New York City. It commences with exquisitely-executed words of "OUR FATHER," and then follow in succession the other parts of the Prayer, every phase of which is engraved in the most elegant and tasteful manner. Near the bottom of the picture is a superbly-executed head of OUR SAVIOUR, and encircling the upper part of the engraving are ten angels, each bearing one of the

TEN COMMANDMENTS.

This engraving has received the most unqualified praise from the religious community, as there is nothing of a sectarian character about it, having been recommended by clergymen of all denominations. As an ornament, it is one of the most beautiful in the country, and is designed to take the place of a poorer class of engravings.—The size of the plate is 20 x 28 inches, and is unquestionably the cheapest engraving ever offered in this country. Price $1 00. The undersigned will also furnish frames at manufacturer's prices.

☞ Specimens may be seen at this office, where subscriptions will also be received.

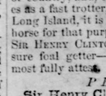
SIR HENRY CLINTON.



THIS thorough bred Horse, and celebrated Trotter, will be let to mares the present season, at the low price of Ten Dollars. If more than two mares are sent by one owner, Eight Dollars each will only be charged. ☞ Fifty Cents to the Groom in every case.

This fine Northern bred trotter was purchased by his present owner with the sole view of improving the breed of draft horses in this section of country, and, looking to his own performances as a fast trotter, and to those of his stock on Long Island, it is believed that no more suitable horse for that purpose could have been selected. SIR HENRY CLINTON has proved himself to be a sure foal getter—as his last season's standing most fully attests.

PEDIGREE.

Sir Henry Clinton was foaled on Long Island, and was got by HENRY DUROC, (a fine race horse,) his dam by imported ROMAN. Through his sire he traces to the celebrated Henry, Eclipse, Old Duroc and Messenger—all fast horses as well as the fastest of trotters. Flying Dutchman, Lady Suffolk, Taconi, and nearly all the fast trotters of the North are of this family of horses.

He will stand at the stables of his owner, in Upper Mar
