Howard and Lexington Streets.

WE PREPAY FREIGHT CHARGES TO ALL POINTS WITHIN 125 MILES OF BALTIMORE ON ALL PURCHASES AMOUNTING To $5.00 OR MORE.

THE CHRISTMAS FEVER IS ALREADY IN THE AIR.

Christmas shopping has started in earnest. The more prudent of you are going to get it over before the last ten days arrive. Then deliveries will be rushed, the store will be thronged with eager people who are bound to find that some of the things they want most are gone.

We look forward to one of the busiest Christmas seasons in our history. And our stocks are rich with beautiful—useful gifts.

The tendency is towards the useful. As Emerson says: "If the man at my door is without shoes, I have not to consider whether I shall procure for him a snuff box." In a less degree this is true of nearly all of us. Useful gifts—things we need, that we wear, that we want, but can't afford, or constantly forget to buy: Furs for a woman or young girl; an exquisite opera wrap; a pair of cosy slippers for a man or boy; a good knife; a bath robe; a watch fob; a pair of Dent's or Fownes' gloves; a silk muffler; a dozen handkerchiefs; a leather wrist bag of new design for a young woman; a silk petticoat; pictures for her room; sota pillows for everybody; a thouand beautiful things—all useful.

In each of the classes of gifts we've named there are scores of distinctions. Take the single item of wrist bags: monkey skin, lizard skin, alligator, walrus, seal, grained leathers and smooth---and the shapes and touches and turns.

The store was never so full of things that your relatives and your friends will be glad to have.

Our Mail Order Department is equipped to give prompt and accurate service.
Samples of Silks, Dress Goods, Wash Fabrics and so on will be cheerfully sent on request.

High Prices of Food.—White potatoes commanded in the wholesale market yesterday 70 cents a bushel, while last year they were 55 and 60 cents a bushel. There are indications that the price will rise to 90 cents a bushel by Christmas. Most of the potatoes arriving now come from Pennsylvania, while a few are recieved from the Eastern Shore. Eggs are being quoted at 30 cents a dozen, and there is a probability of thier reaching 34 cents by Christmas. Cabbage has gone up from $15 to $20 per ton, due to short crops and the demand for the vegetable. Now that Thanksgiving is over, the turkey market has quieted down. Prices quoted yesterday were 14 and 15 cents a pound wholesale for the live fowl. There are a great many turkeys left over from the recent holiday demand, and it is generally expected that the price will rise again by Christmas.

FOR LAW REFORMS.

State Bar Association To Urge a Number Of Measures.

The subject of codifying or revising the criminal code of the State will be reported upon by a special committee at the next meeting of the Association's Executive Committee.

Mr. Thomas Garey was slightly ill last Tuesday but is up and around with "the boys."

The Mt. Vernon Society has decided to publish a monthly paper. Such was decided upon last Saturday night at the Society's regular meeting. It is to be called the "Review."

At the beginning of the year the student body started to publish a paper. To make a long story short it failed. The Mt. Vernon Society was anxious to have a paper, so it has one, under its own supervision, but in the interest of the whole student body. Today is born a paper that has prospects for a great future in the halls of the College and in the homes of its admirers. Too much praise cannot be given to Pres. Garey in his vigilant fight for the paper. He was elected its first editor in chief. Messrs. Hitch and Coughlin were chosen to be his assistants, while Messrs. Hitch, Newton and Davis have the business department. The paper will be published every month at the office of the CHESTERTOWN TRANSCRIPT.

The Mt. Vernon Society held its regular meeting last Saturday evening. Parlimentary Law took up a good bit of the time and the "Review" was discussed quite a while.

The Adelphia Society held its meeting at the same time with Pres. Stevens in the chair. After the regular programme Mr. Howard gave a lengthy discussion on the Society's annual paper.

The Pieria Society is to hold a public meeting on the 12th of Dec. in the chapel of the College. Quite an elaborate programme has been arranged.

A course of three lectures has been arranged to be given during the winter. They will be of special interest to the students in German, but are of such a nature that they will prove of interest and value to the students in general. The first lecture of the course will be delivered shortly before the Christmas holidays.
