NOTICE TO HOLDERS OF BURIAL LOTS IN CHESTER CEMETERY.

The Chester Cemetery Company by recent action of its Board is now prepared to enter into a contract with its lot owners to keep their lots in first class order perpetually. This guarantees the owner that his lot will be taken care of, not only after his death but even after the death of all the family.

There is no sadder sight in a cemetery than to see the lot of a one time prosperous owner in weeds, briars, overgrown bushes, &c., and for reason that the family have either all died, removed or else forgotten their duty to the remains of their ancestors.

Those who secure a contract as above will have no apprehensions of this fate to their lots. For terms apply to

PERSONAL MENTION.

Harrison W. Vickers, Jr., Esq., of the Maryland University Law School is spending the Easter recess at the home of his parents, Harrison W. Vickers, Esq., and wife.

Mr. Alfred Palmer is quite ill with pneumonia. He is receiving the attention of his brother Joseph, of Wilmington, as well as of friends in town.

Mr. John E. Morris, of near town, who suffered a fracture of the limb some time ago is not so well. The fracture is not mending as rapidly and as successfully as it was hoped for. We hope he may soon be fully restored to his usual health.

Miss Helen Gale, of Baltimore, is spending her Easter vacation with her aunt, Mrs. George W. Hatcherson, on High St.

Miss Clara B. Usilton was compelled to be absent from her post as organist in Christ M. P. Church on Sunday last on account of illness. Miss Clara is always missed when absent from her post. Her place was very acceptably filled, however, by Miss Mamie Thompson.

Mrs. Alwyn M. Culp has been quite sick during the week with a severe case of la grippe.

Ex-Justice B. N. S. Wilkins, of Baltimore, has been visiting among his friends in town during the week.

Prof. E. J. Clarke, of the college faculty, with his wife, is spending the Easter recess in Pocomoke City.

Dr. Jas. W. Cain, President of the college, is on a business trip to Annapolis.

Miss Palmer Carroll has been quite sick at her home on Washington avenue during the week.

Rev. Dr. Greenfield was unable to conduct prayer service on Thursday evening on account of sickness. He will be able to fill his pulpit tomorrow.

Mr. John N. Dodd has been quite sick at his home on High street during the week.

Miss Grace Walbert, of the State Normal school, Baltimore, is at home for the Easter Holidays.

Miss Avis Dodd, of Still Pond, is the guest of her grandmother, Mrs. S. A. Dodd.

Mrs. E. Thomas Massey and little daughter are the guests of Mrs. Massey on Maple avenue.

Miss Marie Westcott, of Baltimore, will spend Easter with Miss Nannie Brice, on Washington avenue.

Miss Katharine Hopper is the guest of the Collins boys.

Master Stephen Collins has been the guest of little Miss Catherine Hopper, in Baltimore, this week.

Miss Maud Long and Mr. George Squares, both of Queen Anne's county, were married on Wednesday evening at Worton by Rev. J. B. Merritt, D. D.

Mrs. Dr. W. F. Hines has returned from a visit to Mrs. Dr. Gundry, in Baltimore.

Mrs. John N. Roberts is spending several weeks in Baltimore.

Mrs. E. F. Perkins is the guest of her son, Senator Clarence W. Perkins, in Baltimore.

Mrs. J. Lane Finley has been the guest of Mrs. C. F. Stam.

Miss Nettie Gooding is spending the holidays with her uncle, Mr. Thomas J. Shallcross.

Miss Ethelinde Ringgold, of Hannah Moore Acadamy, is spending the vacation at home.

Prof. Watts, of Western Maryland College, is the guest of Mr. W. W. Hubbard.

Rev. Mrs. Elderdice and daughter, of Westminster, are the guests of Mrs. W. W. Hubbard.

Mr. T. R. Hubbard returned to Chestertown on Thursday, after spending the winter in Baltimore.

Mrs. J. W. Lowe, of 2239 Eutaw Place, Baltimore, is slowly convalescing from an attack of typhoid fever and will shortly go to Alantic City to recuperate. Mrs. Lowe is the sister of Mrs. Charles Richard Twilley, of Chestertown, and has many friends here who are glad to learn of her improved condition.

Hope H. Barroll, Esq., has been visiting in Baltimore and Philadelphia during the week.

There was quite an animated scene at the depot on Tuesday afternoon and at the steamboat wharf on Wednesday morning when the college students took leave for their homes to spend the Easter recess. College will re-open on Wednesday next.

Mrs. John Sutton, of Blacks, was the guest of Mrs. Wm. J. Vannort, on Front street, from Saturday until Tuesday.

Miss Lizzie Baker, of Pomona, has been the guest of Misses Edith and Lida Price, Centreville.

Miss Augusta Aldridge is the guest of her cousin, Miss Nannie Bowers, at 35 East 25th street, Baltimore, for the Easter holidays.

Mrs. Sydney P. Townsend has been quite sick during the week.

Mr. Rogers Sappington, of Baltimore, is the guest of his parents, Mr. and Mrs. J. B. Sappington, on Mill St.

Father Curran was called to Philadelphia on Monday on account of the illness of his mother.

Mrs. Annie Taylor, of Baltimore, is the guest of Mr. and Mrs. James Lambert, on Mill street.

John D. Urie, Esq., is recovering from an attack of la grippe.

Mr. and Mrs. J. Henry Hurtt, of Baltimore, spent one day of this week in town.

Miss Rebecca Eliason has returned from a pleasant visit with friends in Germantown, Pa.

Miss Lulie Greenwood has been the guest of friends in Baltimore this week.

Mrs. Dr. Jeter and two sons, of Sassafras, are spending the week with Mrs. George B. McWhorter and Mrs. Dr. G. Allen Jarman, on Washington avenue.

Mr. and Mrs. Clifton Jarrell and Mrs. George H. Snitcher have been visiting in North Carolina and the South.

Prof. Howard T. Fowler, of Baltimore, is the guest of his father, Mr. Lewin W. Fowler.

OPENING OF BASEBALL SEASON.

Washington College Defeats Fish Hawk "Middies" on College Campus.

Much interest was manifested in the game of baseball of last Saturday, which was played on the college diamond. It was really science against strength—not that the sailors were void of any scientific abilities—but from their article of ball there seems to be a great deal to learn. They were a jolly crowd and quite frequently had the spectators laughing. They played earnestly and at times felt sure of making quite a score. The sailors did really, in the first two innings, play exceptionally fine ball and the college team thought that they had a hard nut to crack. But they found in a little while that the shell was soft and it was only a matter of what the total would be. Two pitchers were used on each side and all were hit quite frequently, though Newton had the shade better of the whole staff. The game was umpired by Mr. Ernert Howard, who gave complete satisfaction to both sides.

The game in detail, W. C. went first to bat:

1st inning—Hitch hit to shortstop and was an easy out. Brice planted one into centre field good for two bases, Newton gets first sending Brice to second, Garey sent both men home by a two-bagger, Moore and Schutz were out on first.

Cullen planted a ball into Brice's hand, Ennis and Tavern were out on first.

Score, W. C. 2, S. 0.

2nd inning—Hughes got out on a fly to left field, Garrison and Truitt were out on infield flys.

Stevenson, Futz and Whitehead followed the same kind of work, not changing the score.

3rd inning—In the third time at bat W. C. braced up and sent eight runs across the plate, but the sailors were unable to get a peep at the third base.

4th inning—Goose eggs were given W. C. in the fourth inning, but the Sailors managed to get one man home on account of a long hit to left field following two singles.

5th inning—In the fifth W. C. managed to send nine men home. Tauerin went up in the air and was taken out of the box at the end of the inning. Goose eggs were the orders of the Sailors in this inning.

6th inning—Whitehead, who relieved Tauerin in the sixth, pitched masterly ball and in consequence three O's (Oh's) were hung up on the score board. Whitehead secured third base by a high fly to right field which the fielder dropped. A single by Smola sent him home.

Score, W. C. 19, S. 2

7th inning—In the seventh both sides were the recipient of goose eggs.

8th and 9th innings—In the 8th and 9th innings W. C. made five runs while the Sailors had to be satisfied with one.

Score, W. C. 24, S. 3.

Transcript Brings Results.

One of our patrons notified us two weeks ago to discontinue his special advertisement. Said he: "I could have sold a quantity of the articles had I had them in stock. People were coming to me from all over the county making inquiries concerning the article *immediately after the first insertion.*" The advertisement was overlooked in last week's issue and allowed to remain by the editors. We met the same patron one day this week and he said: "I told you to take my advertisement out, and I want you to do it, for I am tired of having people bothering me with questions."

Another patron called us up over the phone the other morning and said: "Please take that advertisement out of your paper. Every day I have been getting letters from Virginia, Delaware, Pennsylvania and all over Maryland asking me for a job. I am tired of worrying with it."

The above statements from our patrons attest the worth of the TRANSCRIPT as an advertising medium, and incidentally give some idea as to the extent of its circulation. The TRANSCRIPT is in the front rank in circulation, and always brings results.

*†*Gov. Edwin Warfield has issued a proclamation naming Friday, April 15th, 1903, as "Arbor and Highway Day." The Governor's proclamation is unique in its scope and character and lays particular stress upon the beautifying of the highways of the State, a feature of the proclamation that deserves commendation.

BRIGHT OUTLOOK FOR FRUIT IN KENT.

Orchards in Peach Belt are Healthy and Frost is Now Not Feared.

A recent issue of the Baltimore *Herald* contained the following very interesting account of the Eastern Shore fruit outlook:

"Despite the discouraging conditions under which the Anne Arundel county truckers are laboring, the Eastern Shore fruit growers are living in an atmosphere of "great expectations." With practically no crop in the Eastern Shore peach belt last year to lower the vitality of the trees, the orchards went into winter quarters vigorous and healthy, a strong point in favor of a heavy crop this year. The continued cold of the past winter, followed by a late spring has retarded the development of the fruit buds to such an extent that, under the most spring-like weather conditions from now on, the trees will not be in full bloom until the danger from April frosts has practically passed.

CHEERFUL OUTLOOK IN KENT.

"Mr. Thomas J. Shallcross, one of the pioneers in Eastern Shore peach growing, came over from Kent county Saturday, and in discussing the situation there said:

"The fruit outlook is good. Peaches and pears, our principal fruits, carried through the winter well, and as a rule the trees are well set with buds. With continued warm weather the buds could scarcely come into full bloom before April 15 or 20, when, as a rule, the danger from frosts is reduced to the minimum. Though the temperature reached the zero point several times during the winter, it did not drop to the eight or ten marks below zero point required to freeze and kill the new wood and buds of vigorous, healthy fruit trees. The fact that we had no crop last year makes the outlook favorable this season. The indications are that we will have a full acreage in tomatoes, and next to wheat and corn, the tomato has come to be our money-producing crop.

"Small fruits, so far as I can learn, are in excellent condition—and, in short, the general outlook for a fruit crop has not been better for years.

"Many persons think that the peach bud which makes the peach, forms in the spring of the year. The fact is, the peach forms in the bud in the month of July to make the peach for the next year. Cherries form in July. Apples and pears in July and August, so that if the weather and conditions are not favorable at that season of the year, there will not be any fruit the next year. Now, the reason why many trees only have fruit the alternate years is that trees heavily laden cannot make both ripe fruit and mature their buds for the next year's crop both at the same time."
