The Public School, Our Country's Hope

Educational Department — Kent County Maryland

ALICE FLORER, EDITOR
Supervisor Elementary Schools Kent County, Maryland

AUTHORIZED AND APPROVED BY
MR. L. C. ROBINSON, County Sup't Schools, Kent County, Md.

A Letter To Parents

Dear Parents:

Since it is impossible for me to meet you all face to face, I take this method of talking to you indirectly and trust we may meet some time during the year. As a supervisor of the schools of Kent county it is impossible for me to do my work in the right way unless the children are present.

To all who are complying with the State Attendance Law by keeping their children in school, we extend most hearty congratulations. We know it is often times an effort but it is the only way to train your children to become efficient citizens. To all who are not complying with the law and who are not keeping their children in school, I plead with you to begin now, and see that they are in school every day they are well. The time is fast passing and soon they will be out in life, competing with others in the great game of Life. Are you preparing them for this experience?

There are many boys and girls who are out by the day, week and month which seems absolutely inexcusable. They cannot do good work under this condition. They cannot even compete with the other children in their own school. They become discouraged and no wonder. When children stay out they lose interest because the others have mastered certain principles which when they return they are unable to grasp. They are often considered even dull when the truth is, they are as bright as the others but they cannot do the impossible.

The following report prepared by Mrs. Beck, County Attendance Officer will show you what children in the county are reaching Standard or very nearly Standard:

Report

Read this report carefully and note carefully where your school stands. If it is below Standard, did your children help to bring it down? If it is up to Standard or 100% in attendance, did your children help to win this victory?

If you have been careless about keeping your children in school, you may not realize the serious handicap you are placing upon them. Children who form the habit of being out of school for trivial matters form habits of irregularity and inefficiency which go with them thru life. If we are going to be able to do anything with your children we must have them in school.

With an earnest request for you to have your children in school every day they are well and with kindness regards I am

Yours for the boys and girls of
Kent County,
ALICE FLORER.

Broad Neck

Mrs. Ruthwin Strong, teacher of Broadneck School called a meeting of the patrons of her school October 12 for the purpose of discussing the wisdom of organizing a Parent-Teacher Association.

Not all of the patrons were present but those who were there were interested in getting something started that would bring the parents together. The editor of Kent county Educational Department was there in response to an invitation and was pleased with the splendid spirit of cooperation manifested by the visiting patrons.

After considering the matter from many standpoints and after some most interesting discussions the patrons decided to organize an association. They elected the following officers:

President—Mrs. William Davis.
Vice-President—Mrs. John Vickers.
Secretary—Mrs. Ruthwin Strong.
Treasurer—Mrs. Raymond Lusby.

After election of officers they decided to meet again November 9th and plan for future meetings. On November 9th they met and planned for a pie social to be held November 15th. On this date forty five patrons assembled for a pie social and realized $29.50. One pie brought $4.05. We do not know whose pie this was what kind it was nor the secret of its attractiveness, however we hope the other schools of the county who are having pie socials to get books and school supplies may discover the secret. If they do and apply the magic charm, Kent County may soon boast of having a wonderful library in every school; they will of course, apply it to each pie and thus will our libraries increase.

The P. T. A. decided to purchase a galvanized jacket for the stove, a kettle for keeping the air in the room moist, oil for the floor. They have also decided to add to the remainder of this fund enough money to purchase a victrola. Broad Neck P. T. A. has certainly done well to accomplish so much in three meetings. The social side has not been neglected as these evenings spent together have been wonderfully interesting and will continue to be so as the winter months pass.
