LOCAL MATTERS.

Won Game.—Washington College defeated Millington yesterday afternoon by the score of 9 to 5.

Case Continued.—The case of Fannie B. Roy vs. the Tolchester Steamboat Company which was set for trial on Tuesday has been postponed until the October term. The jury was notified to that effect on Monday and court did not convene.

Removed to Talbot.—The civil suit of Frank H. Howard, of Chestertown, against the trustees of the M. E. Church, Stevensville, Queen Anne's county, for painting and frescoing done on the church, has been removed to Talbot county. Richard D. Hynson, Esq., is counsel for Mr. Howard.

Stunned by Electricity.—Chas. Tilghman, a colored youth, while climbing a tree near his home on Cannon street last Sunday evening, received an electrical shock which nearly caused his death. The tree had become surcharged with electricity by the branches being in contact with the electric light wires. Tilghman was knocked out of the tree by the shock and rendered unconscious for several hours. His fingers were burned.

Galena Election.—An election for three members to serve as a Board of Town Commissioners of the town of Galena was held on Monday and resulted in the election of the following gentlemen:—Rev. A. P. Prettyman, C. F. Lehman and William T. Wood. The new charter which provides for an extension of the limits of the town, as well as other improvements went into effect, and our sister town now enters upon an era of progress and development.

Mr. Beck Resigns.—Mr. Edward P. Beck, who was recently transferred to Easton by the Prudential Life Insurance Company, of which he was the representative, has resigned his position, and returned to Chestertown this week. Mr. Beck has accepted a position with the National Life Insurance Company and is now at work for his new company. Mr. Beck is a capable and energetic insurance man and we are quite sure that he will make a success of the position he has accepted. The field at Easton was not sufficiently encouraging to induce Mr. Beck to remain, and his resignation followed.

Election of Town Officers.—The Board of Town Commissioners met at their office on Park Row on Monday night and organized for the year by electing Colonel Wm. J, Vannort, president, of the board and Mr. Willard Melvin, Clerk. Wm. T. Hudson was appointed day Bailiff and Samuel Cooper, night officer. Marion deK. Smith, Esq., was made Counsel to the Board. Mr. Thomas S. Bordley, the newly elected Commissioner was swarn in, and entered upon his duties as one of our Town Fathers. The New Board has the best wishes of the TRANSCRIPT for a most successful and beneficial adminstration.

Trial of Mrs. Powell.—The trial of Mrs. Mary A. Powell, for the murder of her foster daughter, Essie Albin, at her home near Bowers Beach, Delaware, some months ago, is now in progress in the court at Dover. The case is creating widespread interest, and the lawyers for the defense are making a desperate fight for the life of the prisoner. The confession of Mrs. Powell, made to detective Ratledge on several occasions, has been admitted as evidence for the prosecution. The defense has set up the plea of self-defense, and claim to have important evidence to substantiate their plea. It is likely that the case will continue for some days yet.

On Sunday afternoon we had quite a severe thunder storm and it hailed for a short time. The rain and hail storm was very severe at Golt's a few miles from here.

Miss Lillie Pierce, of near Sassafras, entertained a number of her young friends at a house party on Saturday and Sunday. Earl Davis, of Sassafras was one of the guests.

Jacob T. Schallcross and James Thornley are shipping asparagus to New York. Our farmers usually ship long before this, but owing to such a cold spring it has not been fit to cut.

LITTLE LOCALS.

*†*Would it not add very materially to the beauty of our public squares if the Town Improvement Association would enclose the same with a graceful privet hedge fence? In the course of two or three years it would be beautiful. A suggestion to the ladies.

*†*Examiner Joseph Peterson and the faculty of the Chestertown Public School are to be congratulated upon the beautiful appearance of the grounds surrounding the building. Beautiful hedges and shade trees have been planted in the rear yard, the children have pretty flower mounds in which they take great pride, and the lawn in front of the building is a "charming green sward whereon nature's fairies are want to dance." The study of aesthetics is a very important feature in the school curriculum of today and our public school is thoroughly up-to-date in this respect.

*†*It will probably be interesting to our readers to know when the Parish House attached to Emmanuel P. E. Church, which is now nearly a thing of the past, was erected. Several of our citizens whose memories are accurate as to dates state that it was erected in the fall of 1849—the year in which the late Frank Cann was elected sheriff of Kent county. The building would have been 55 years old in November of this year.

*†*A prominent farmer from near Still Pond said in our office on Monday, "I don't know what we will do with the keiffer pears if they all stay on the trees 'till they are ripe. I never saw a heavier and more healthy bloom."

*†*Frost was reported in several sections of the county on Monday morning. Not heavy enough to do serious damage.

*†*There is on exhibition in Moody & Lusby's handsome display window a mounted crane. The bird is a fine specimen of his feathered tribe, and was mounted by Dr. A. S. Hall, of Washington College, who is an adept in such work.

*†*Contractor Walter T. Pippin is erecting a new veranda and porch to the Voshell House. He is also superintending some improvements to the TRANSCRIPT office.

*†*One of Hicks' predicted storms for May passed over this section on Sunday night. It was accompanied by a vivid and almost incessant display of lightning.

*†*A handsome gasoline launch was received at Chestertown on Monday for Mr. W. G. Evans, of "Kentmere." The little craft is splendidly equipped and will accommodate about 20 passengers. It has been christened "Violet" in honor of Mr. Evans' popular daughter.

*†*The public schools of the county will close for the summer on Wednesday June 22nd instead of on Friday the 24th, as was reported last week.

*†*Mr. Charles H. Walls has removed from the Hubbard property near Janes M. E. Church to the Baker property, corner High and Mill Sts., wh re he will conduct the mercantile business.

*†*The barbers of the State are being notified to file with the Board of Barber Examiners such data about themselves as will justify the Board in either granting or withholding certificates allowing them to continue to ply the razor. All the necessary data must be filed with the Board by May 15th, and from then until June 1st certificates will be issued.

*†*Mr. Theodore Jewell has been appointed carrier for a new rural route that starts from Worton. The route is known as rural route No. 3 and covers the territory from Worton through to Worton Point, etc.

*†*The Nicholson Ice Plant delivery wagon started this week. The factory will begin the manufacture of ice the latter part of next week.

*†*Twenty-four fishermen, of Rock Hall, were before magistrate Thos. J. Parsons on Monday charged with violating the law regulating fishing in the bay beyond 800 yards from the shore. There was no evidence to prove that the fishermen had violated the law and the case was dismissed. Constable W. R. Gale was ordered to make the arrest by Deputy Game Warden Peters. The case cost the county something over $30 as may be seen by reading the accounts passed by the county commissioners at their meeting on Tuesday which appears in this issue.

*†*Moody & Lusby are making some improvements to the interior of their store room by providing space for their tailoring trade. They will build a twenty-five-foot back building.

*†*Corn was selling yesterday for 53 cents, wheat for 97 cents to $1.00½ in Baltimore.

*†*The Printers' Athletic Club will cross bats this afternoon with the "Uptowners" on the college diamond. A good game is expected. Go and see it.

*†*Seine haulers on the Queen Anne's shore opposite the Chester River Steamboat wharf caught 160 fine pan rock at one haul on Tuesday afternoon. The river is said to be full of rock and other fish now.

*†*Strawberries were retailing for 18 cents a box in market yesterday. They were foeign grown but a good quality.

*†*The young ladies of Betterton and vicinity gave an enjoyable leap year dance at the Chesapeake House last night. The patronesses were: Mrs. H. C. Price, Mrs. Harry Nichols, Mrs. A. N. Stavley and Mrs. Harry Davis.

OBITUARY.

DENNIS J. MCCAULEY.

Dennis J. McCauley died at his home in Galena, on Wednesday morning of heart trouble, aged 37 years. Mrs. Matthews had been sick for some weeks, but it was not until the fatal disease developed that her physician, Dr. W. Frank Hines, became alarmed as to her condition. The deceased was a most estimable woman, and the community in which she lived, and the church in which she worshipped will miss her sadly on account of the many good and beautiful qualities of her character. Her entire life seemed to be devoted to the welfare of her interesting children, and with a devotion and tender care born only of a mother's sweet love, she watched them grow into maturity or bud forth into youth, ever striving to make them happy and comfortable. She was a good woman and only such can have a holy influence. The deceased is survived by nine children, four sons and five daughters, among them being Mrs. J. S. William Jones wife of Prof. J. S. William Jones, of Washington College, and Rev. Mrs. Ellis, of Ridgely, Caroline county. Funeral services will be held from her late residence this (Saturday) afternoon at 2 o'clock, Rev. A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says: "I Feel Like a New Man."

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health."—John W. Meng.

THE most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman:

House of Representatives,
Washington, D. C.

The Peruna Medicine Co., Columbus, O.:

Gentlemen—"I have used one bottle of Peruna for lassitude, and I take pleasure in recommending it to those who need a good remedy. As a tonic it is excellent. In the short time I have used it it has done me a great deal of good."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

But we have had so much inquiry from different ones as to when our Spring and Summer line would be ready, that we adapt this means to inform all interested that our full line of Clothing is now ready for inspection, and with becoming modesty we say the largest and most varied stock ever shown in Kent or Queen Anne's counties. We've even outrivaled our own record this season.
