SATURDAY, MARCH 10, 1906.

LOCAL MATTERS.

Lost Another Cow.—Col. Wm. J. Vannort lost another of his valuable cows from hydrophobia last week. This is the third cow to die from the effects of the bite of a mad cur, and it will not be surprising if the Colonel loses his whole herd of fine cattle.

Accepts Call to New York.—Rev. J. Wilson Sutton, rector of St. James Episcopal Church, Port Deposit, has accepted a call to the curateship of the church at Tuxedo Park, New York. His resignation will take effect about March 20. Rev. Mr. Sutton is a native of Kent county, and is a young man of much promise and force.

Colored Man Hurt.—A colored man, while at work on the farm of Mr. Robt. Ford in Quaker Neck, was very badly cut about the head and otherwise bruised by a falling tree on Thursday morning. He was brought to Chestertown by Mr. Ford and taken to the office of Dr. H. B. Simmons, who dressed the wound in the head, which was quite serious.

Can't Take Over Bridge.—The city council of Havre de Grace informs vice-President Pugh, of the Pennsylvania Railroad, that it cannot afford to supply the money to fit the company's old Susquehanna bridge for wagon traffic, but will favor and promote legislation relieving the company of carrying passengers and vehicles across the river, if it will agree to maintain the old structure as a free wagon bridge.

Smyrna to Have Public Building.—A bill has been passed in the United States Senate providing for an appropriation of $30,000 for the erection of a public building for the town of Smyrna, Del. This will make a handsome addition to the already attractive Delaware town, and we hope that this will prove an incentive to some of our enterprising town folks to let our United States Senators know that Chestertown would feel proud to secure such an appropriation for a like purpose.

Gold Found Under Wall Street.—It is reported that Mr. Pyle, a bricklayer of Wilmington, Del., while at work digging an elevator shaft for a building on Wall street, New York, discovered a vein of gold quartz that would assay $2,000 to the ton. Mr. Pyle is of the opinion that a gold mine exists under Wall street, but most people believe that what has really been found is only hidden "dust" of the "bulls" and "bears" made in the "shuffle in the pit."

Gone to the Goldfields.—Mr. George Vickers, formerly of Baltimore, and Mr. Robert Fryer, formerly purchasing agent on the steamer Ford, left Baltimore on Wednesday night for Goldfield, Nevada, where both are interested in goldmining. Mr. Vickers spent sometime out in the gold mines of Nevada some years ago and while there invested in some good prospects. He and Dr. Robinson, his brother-in-law, are financially interested in gold mining. Both Mr. Vickers and Mr. Fryer will combine business with health and we hope they will be abundantly prosperous in the securing of each.

To Satisfy Creditors.—It is said that a young attorney who formerly lived in Chestertown, but who recently has made good investments in mining stock in Mexico, has deposited with an attorney in Chestertown bonds valued at $10,000, provided the stock of the Mexican Mining Company "pans out." The bonds held by the Chestertown attorney are to be converted into money and the creditors of the young attorney are to be reimbursed to the extent of each one's claim. This is certainly a very commendable act on the part of the young attorney, and it is hoped that the mining stock will "pan out," and that he will become a rich and prosperous barrister.

Improvements at Tolchester.—Superintendent G. E. Noland, of Tolchester, is beginning to get busy looking after extensive improvements to be made at the popular resort prior to its opening in June. There will be many new attractions added before the opening that will make the resort more popular than ever, and the hotels and buildings will be painted in appropriate colors. Superintendent Noland is also giving considerable attention to the Kent and Queen Anne's County Fair. He proposes to make the fair to be held August 28, 29, 30, 31, one of the best in the history of the organization, and has inaugurated plans to this end. The season will begin June 1st.

Capt. Andrew Woodall Ill.—Capt. Andrew Woodall, one of the oldest and most prominent citizens of Kent county, is reported to be seriously ill at his home in Georgetown. Capt. Woodall is the largest land owner and perhaps the wealthiest citizen in Kent. He is a man who, by patient toil, strict integrity, and careful investments, has amassed a very large fortune which is composed mostly of some forty farms, aggregating 10,000 or more acres of the finest lands in Kent and Cecil counties. Up until a few weeks ago Capt. Woodall enjoyed the best of health, and carefully looked after his large interests. He is 87, and the weight of his years is beginning to tell upon his unusually robust and active frame. We hope that he may recover shortly and enjoy his usual good health. A telephone message from Georgetown to the TRANSCRIPT yesterday morning stated that Capt. Woodall is much better.

To Abolish Seed Distribution.—The National House Committee on Agriculture has decided not to recommend any appropriation to buy seeds for free distribution by the Department of Agriculture. This means a saving of about $250,000 annually to the national government. The only seeds purchased by the department hereafter, if Congress sustains the committee's action, will be rare and unusual varieties for use at experiment stations. The committee was influenced to abolish the seed distribution by petitions from organizations of farmers in New York, Illinois and many other States. A distribution has been made by United States Senator Isidor Rayner and Congressman Thomas A. Smith among the farmers of Kent.

Chestertown Ice Plant.—The Chestertown Ice Plant will open for the season early in the coming week, and Mr. Robert G. Nicholson, proprietor, proposes to run the plant on full time in order to supply an already large list of orders and to be ready for the summer trade. Mr. John A. Walls, of New Castle, Del., has ordered 50 tons to be delivered as soon as it can be manufactured. Mr. Walls says the reason he wants ice from Chestertown is that he saw a sample of the ice at Church Hill on several occasions and thought it the best ice he had found. There are lots of others just like Mr. Walls.

A Pleasant Surprise.—The congregation of St. James M. P. Church assembled at the parsonage on Wednesday evening and gave the pastor, Rev. J. M. Sheridan and family, a pleasant surprise and large donation. The pastor and his wife were invited out to tea, and on their return at 8 o'clock they found the parsonage lighted and filled with friends. It was enjoyed all the more as it was a complete surprise. Refreshments were served and a pleasant evening spent. The donation was just such a one as the people of St. James are accustomed to giving. Mr. Sheridan is closing the third year of his pastorate, and expresses very strongly his appreciation of the kindness and generosity of these noble people.

Improvement Association.—The Betterton Improvement Association was organized on Wednesday evening. The purpose of the organization is similar to the Improvement Association of Baltimore city and towns throughout Maryland, and it has been organized for the purpose of promoting the growth, improvement and welfare of the town. It is hoped to interest outside capital in its development. One of the contemplated improvements is the installation of a lighting plant in which outside capital is interested. A bill has recently been introduced in the legislature by Delegate Gibbs to incorporate the town.

Minister Buys a Paper.—The plant of the Cecil Whig, which includes the building, its contents and the good will of the paper in Elkton, was sold on Tuesday afternoon at a trustee's sale to Rev. Frank E. Williams, a former pastor of Boundary Avenue Presbyterian Church, Baltimore, for $10,100. The Cecil Whig is one of the leading Republican journals in Maryland, and for many years has been edited by Henry R. Torbett, Esq. Mr. Williams, the new owner, is well known in Cecil county, having been principal of the Chesapeake City High School for some years, and having married the daughter of the late Dr. J. V. Wallis, of that town. We welcome him to the field of journalism, and wish him success.

LITTLE LOCALS.

*†*It is said that Chestertown will experience a building boom in the spring.

*†*Mr. Samuel Leaverton, of Fairlee, has purchased from Mrs. Agnes Lewis the Greenwood property situated in that village. Price private.

*†*The Fourth Assistant Postmaster General has issued an order whereby all rural carriers are required to travel on a regular schedule, as nearly as possible.

*†*Mr. Roland Pennington has been appointed assistant to Cashier Richard S. Wallis in the Galena Bank. This bank is growing in importance and prosperity every day.

*†*A prominent farmer's wife living near town already has 96 young chicks, and a prominent gentleman living in town has 40. Fine broods for so early in the season. They were hatched under hens.

*†*The colored people of the town are making great preparations for the entertainment of their conference here, beginning March 21. Cleaning house, whitewashing fences, painting, etc., is the order now with them.

*†*Mr. Frank E. Duyer has moved his house recently purchased from Mrs. Colby, on Queen street, back preparatory to the erection of a new front. The old structure will be used as a back building to his new home.

*†*The tri-weekly trips of the "Leland Mills" and the Gratitude to Crumpton are very popular with the shippers. If the lines continue to run to Crumpton, and there in no likelihood that they will not, that town will experience a boom in the very near future.

*†*Mr. E. S. Gunby, State Manager of the Modern Brotherhood of America, a fraternal order, was in Chestertown last week securing members for the organization of a lodge here. He succeeded in securing the names of about 15 of the town's business men.

*†*A severe rain and thunderstorm passed over Chestertown and vicinity last Saturday night and several telephone fuses were "burnt out" by the vivid flashes of lightning. It was a severe storm for so early in the season and not very lamblike in its manner of introducing March to us.

*†*A gentleman who owns a very desirably located farm near town was in the TRANSCRIPT office on Monday and was asked how much he would take for his farm. He said, "$100 an acre, and it will sell for more than that after awhile." The farm contains 150 acres and is nice land. Real estate is surely valuable in Kent county nowadays.

A WONDERFUL BEAUTY SHOW.

Hochschild, Kohn & Co.'s Spring Opening.

Overyone of our readers who can possibly get to Baltimore this week should make the trip for the sake of seeing Hochschild, Kohn & Co.'s spring opening. It is in every respect a notable event, and whoever would know what style really is can learn there. Charming millinery, elegant suits and coats, dainty laces and embroideries, fine silks and dress goods, and a host of other things for wear and use, combine to make a showing that is not approached in the city.

We suppose everybody knows by this time that Hochschild, Kohn & Co. pay freight on all purchases amounting to $5.00 or more to any point within 125 miles of Baltimore. See their large advertisement in this paper.

MARRIED.

THOMAS—SUSKEY.—In Piney Neck parsonage on Saturday afternoon by Rev. G. S. Conaway, Mr. John Thomas to Miss Julia Ethel Suskey, all of Piney Neck.

*†*Amos, Miss Stephanie Ford's sprightly little pony, found an opening in the fence large enough for him to run through on Wednesday afternoon and he gave the small boys and girls, and some larger boys, too, a fine chase up and down the streets. "Froggie" tried to run him in Mr. Hicks' blacksmith shop, but you couldn't fool Amos. He was out for fun, and he had it alright.

SOCIAL NOTES.

COMMUNICATED.

One of the most pleasant dances and oyster suppers of the season was given to Miss Hallie Pinder by Mr. and Mrs. Lee Joiner on Feb. 26, at thier charming home at Coleman's. Among those present were Mr. and Mrs. Chas. Smith, Mr. and Mrs. Martin Clayton, Mr. and Mrs. Wm. Pinder, Mr. and Mrs. John Smith, Mr. and Mrs. John Robinson, Mr. and Mrs. Allie Bowman, Mr. and Mrs. Frank Brice, Mr. and Mrs. Lee Joiner, Mrs. Joiner, Mrs. Eugene Clayton, Mrs. John Newsome, Mr. Frank Gilpin, Mr. George Noblett, Mr. Sam Brice, Misses Nan Smith, Katie Barton, Daisy Noblet, Annie Davis, Florence Jones, Rena Moore, Mable Skeggs, Harry Price, Rob Lusby, Chas. Conewell, Tilden Ireland, Hylie Crew, Walter, Wibble, Lester Bowers, Howard Smith, Jack Smith, Willie Brice, Alpheus Smith, Jake Kiker, Bruce Usilton, Edie Kiker, Sam Joiner, John Skeggs, Ollie Barton, Elwood Bramble, Willie Newsome, Harry Toulson, Clem Pinder and others.

The "Impersonation Social" held at the home of Mr. and Mrs. George T. Hudson last night for the benefit of the Mite Society of Salem M. E. Church proved to be a fine success both socially and financially. A spendid supper was served of which about one hundred guests partook.

Mrs. Perry Cranor entertained a few of her friends last Thursday evening very pleasantly at her home on High street.

Kennedyville W. C. T. U.

The regular monthly meeting of the Kennedyville W. C. T. U. was held Friday evening of last week, March 2d, in the M. P. Church. The 1st and 20th of March being "Red Letter" day in W. C. T. U. work (one being the birthday of Mrs. L. M. N. Stevens, our national president, and the other the birthday of Gen. Neal Dow, known everywhere as the "Father of Prohibition") both days were celebrated on this one occasion.

With Mrs. Annie S. Redmile at the organ and Mrs. Shafer in the chair, the meeting opened with a song service by the choir, and the grand old song, "My Country 'tis of Thee," followed with prayer by Mr. Willie Fogwell. Mrs. Kelly, of Locust Grove, gave a very helpful Scripture reading. Minutes of the last meeting were read by the secretary. Mrs. Shafer read a most excellent sketch of our national president, Mrs. Stevens. A paper, "The Origin and History of the Union Signal," was nicely represented by Mrs. Shafer, who solicited the patronage of our members to our national paper. Four new subscriptions were received. It was moved and seconded that the union present the paper to its president.

Miss Ellen Copper read a most excellent paper written by Miss Willard, "The First Time I Saw Neal Dow." A very instructive paper, "Give Thanks for What?" was read by Mrs. Leonard Price, in which the past was compared with the present, showing how much we who live in this the early morn of the 20th century have for which to be thankful. Miss Anna Matthews gave a pathetic recitation, "The Negro Funeral." It was moved and seconded that Mrs. Shafer be requested to write to Mrs. M. J. H. Othoson, our president, and express the kind thought and sympathy of this union in her affliction, she being in a hospital in Baltimore, and having recently undergone a somewhat critical operation. The meeting closed with a chorus by the choir. One new member was added.

COUNTY COMMISSIONERS.

The County Commissioners met on Tuesday.

The following accounts were passed:

W. S. Scoon, repairs to bridge, 4th dist	$ 15.25
W. T. Edwards " " " " "	11.17

With Our Advertisers

The new firm VANSANT & NEWSOME, proprietors of the new Gents Furnishing Store on High street next door to the Toulson Drug Store, will open its doors for business to-day. The firm has a splendid display of goods, including fine shirts, stylish hats, neckware, collars, cuffs, etc., and their prices are right on every article. Go see them to-day.

Medford Brooks is one of the most extensive chicken raisers in this section. He has splendid stock and excellent settings of eggs. See his advertisement on Front page.

J. Waters Russell, real estate broker, will have a number of northern land buyers here in the spring with plenty of cash in their pockets. If you want to sell your land, see him.

Read Jefferson's big advertisement this morning. He has Spring news for our readers. All about his fine stock of dress goods, millinery, what is to be worn this spring and summer, and those beautiful embroideries. Every detail interestingly told.

HOW TWO BEAUTIFUL WOMEN ESCAPED PELVIC CATARRH BY AID OF PE-RU-NA.

Female Weakness Is Usually Pelvic Catarrh. Pe-ru-na Cures Catarrh Wherever Located.

Mrs. Lizzie Redding, 3134 B Clifton Place, St. Louis, Mo., writes:

"I found after trying many different medicines to restore me to health, that Peruna was the only thing which could be depended upon. I began taking it when I was in a decline, induced by female weakness and overwrought nerves.

"I began to feel stronger during the first week I took Peruna and my health improved daily until now I am in perfect health and enjoy life as I never did before."---Lizzie Redding.

Mrs. Mable Bradford, 18 Church street, Burlington, Vt., Secretary Whittier Oratorio Society, writes:

"Peruna is certainly a wonderful medicine for the ills of women. I have heard it spoken of in the highest praise by many, and certainly my experienco is well worthy of a good word.

"I began to have severe pains across my back about a year ago, brought on by a cold, and each subsequent month brought me pain and distress.

"Your remedy was prescribed, and the way it acted upon my system was almost too good to be true. I certainly have regained my health and strength, and I no longer suffer periodical pains and extreme lassitude."---Mable Bradford.

Thousands of Women Cured Every Year by Correspondence--This Is What Dr. Hartman Proposes to Do For You Without Charge.

Women who suffer should read the evidences presented here. We have thousands of letters from grateful friends who tell the same story.

Half the ills that are peculiarly woman's own are of a catarrhal character. Female weakness was not understood for many years.

Dr. Hartman deserves the credit of having determined its real character. He has made catarrh and catarrhal diseases, including pelvic catarrh a life long study.

Peruna cures catarrh, whether of the pelvic organs or any other organ of the human body.

Pe-ru-na, a Natural Beautifier.

Peruna produces clean, mucous membranes, the basis of facial symmetry and a perfect complexion.

The women have not been slow to discover that a course of Peruna will do more toward restoring youthful beauty than all the devices known to science.

Many a girl has regained her faded beauty, many a matron has lengthened the days of her comely appearance by using Peruna.

In Peruna these women find a prompt and permanent cure.

Thousands of testimonials to this effect are received by Dr. Hartman every year. The good that Peruna has accomplished in this class of cases can scarcely be over-estimated.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio. All correspondence held strictly confidential.

Notice to Creditors.

NOTICE is hereby given, that the subscribers have obtained from the Orphan's Court of Kent county, letters of administration c. t.a. upon the personal estate of

GEORGE C. ADKINSON,

late of Kent county, Md., deceased.

All persons having claims against said deceased are hereby warned to exhibit the same, with the proper vouchers thereof, to the undersigned on or before the 10th day of September, 1906, otherwise they may be excluded by law from all benefits of said estate. Given under our hand and seal this 6th day of March, 1906.
