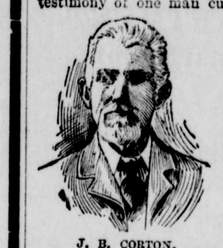
Couldn't Lift Ten Pounds.

Doan's Kidney Pills Brought Strength and Health to the Sufferer, Making Him Feel Twenty-Five Years Younger.

Sick kidneys cause a weak, lame or aching back, and a weak back makes a weak man. Can't be well and strong until the kidneys are cured. Treat them with Doan's Kidney Pills. Here's the testimony of one man cured.



J. B. CORTON.

J. B. Corton, farmer and lumberman, of Deppe, N. C., says "I suffered for years with my back. It was so bad that I could not walk any distance nor even ride in easy buggy. I do not believe I could have raised ten pounds of weight from the ground, the pain was so severe. This was my condition when I began using Doan's Kidney Pills. They quickly relieved me and now I am never troubled as I was. My back is strong and I can walk or ride a long distance and feel just as strong as I did twenty-five years ago. I think so much of Doan's Kidney Pills that I have given a supply of the remedy to some of my neighbors and they have also found good results. If you can sift anything from this rambling note that will be of any service to you, or to any one suffering from kidney trouble, you are at liberty to do so."

A FREE TRIAL of this great kidney medicine which cured Mr. Corton will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

"BRYAN NO SOCIALIST."

John Sharp Williams Speaks in High Praise of Nebraskan.

Washington, July 13.—"William J. Bryan's latest statement of his attitude on public questions makes him neither a radical or a conservative," said John Sharp Williams, minority leader of the House to-day, when asked his opinion of Bryan's London declaration.

"I have always regarded Bryan, in so far as the end that he seeks to establish was concerned, as a man of sound, conservative, thinking habits. A great many people have been affected with the notion that he had some leaning toward a State Socialistic and semi-State Socialistic position. I was very closely related to him in work and association in the fifty-third Congress, and I never myself shared this idea. Bryan is fundamentally an individualist, and, in fact, is apt sometimes to go a little too far in behalf of honest individual and local self-government, if, indeed, anybody could carry so good a principle too far."

"The one thing to be remembered in encomium of Bryan is that he is clean, sincere and honest—not only honest in the ordinary sense of his dealings with the world, but honest in rather a rare sense of being honest with himself. I have never met in my life any man in whom there was more thoroughly ingrained in intellect and temperament the idea than there ought to be equal opportunities and equal burdens for all, in so far as the Government has anything to do with it."
