5 and 10 Cent BARGAINS

I don't like the word "bargain" because it's misused so many times, but I have to use it, as I don't know of any other word that means so much when it is rightly applied, as it is here. I will not say you CAN'T buy these same goods other places at these prices, but I'm pretty sure you DON'T. For instance, I quote a few items:

A fancy-shaped, light weight handled Cup and Saucer for..... **5c**

Extra Heavy Tumbler for	5c	25c Baking Pans for	10c
10c Vinegar Bottle for	5	25c Steel Fry Pans	10
5c Tumblers, 2 for	5	Large Lunch Boxes	10
Extra Thin 10c Tumblers for	5	4-Quart Coffee Pots	10
10c Glass Dishes for	5	10-Quart Dairy Pail	10
10c Glass Pitchers for	5	25c Dust Pan	10
10c Comb and Brush Cases for	5	25c Towel and Coat Racks	10
4-Quart Milk Pans for	5		

Look at our line of Enamel ware at..... **10c**

Am adding to this department all the time. If not all, I am sure many of your wants can be supplied here, and at a great saving to your pocket book.

Respectfully,

J. F. THOMPSON.

P. O. S. OF A.

Representatives From Many of the State Camps Enjoy a Pilgrimage to Mt. Vernon.

The pilgrimage to the tomb of Washington was a grand success, notwithstanding the inclemency of the weather. The members started from Camden Station, with more than 300 aboard, and were met in Washington by a large number from the different Camps of the Eastern and Western Shores. The trip to Mt. Vernon was made on the steamer Macallister. After arriving at Mt. Vernon the party proceeded to the tomb of Washington. After National Vice-President, A. E. Gorham, on behalf of the P. O. S. of A., in a few appropriate remarks, presented a beautiful emblem of the order of choicest flowers, S. P., Rev. C. E. Redeker made a lengthy address on behalf of the P. O. S. of A., followed by ex-National Vice-President, Williams, of Colorado. The doors of the tomb were opened and State President, C. E. Redeker entered and laid the large wreath of the P. O. of A., and P. O. S. of A., upon the coffin of Martha and George Washington.

State Organizer, Bro. Alexander, presented, at the tomb, to State President, Rev. C. E. Redeker a handsome gavel in honor of the P. O. S. of A., being the first patriotic organization that ever paid honor to the Father of our Country, and which Rev. C. E. Redeker organized. The services were conducted with prayer by ex-State Chaplain, Rev. A. B. Wood.

On the return to Washington the party was conducted to the National Rifle Armory, where Bro. Schofield had prepared a banquet. After this, most all enjoyed a trip on the Observation Autocars, seeing all the principal points of interest in our nation's capitol.

In the evening a patriotic service was held in the main hall of the National Rifle Armory, at which National Guard, Jas. W. Allison, of Washington, presided. Inspiring addresses were made in turn by Asst. Nat. Pres., A. E. Gorham, of the P. O. of A.; State Sec'y, F. W. Alexander, of Va.; State Sec'y, Wm. J. Heaps, of Md., and State President, Rev. C. E. Redeker, of Md. This completed the day's trip, and that it was a most delightful one is the unanimous verdict.

It meant a great deal of work to carry to a successful termination an undertaking of such large proportions, but its success is due to the magnificient co-operation of the general committee. All those who did work, worked with a vim.

The committee on transportation, consisting of M. H. Taylor (chairman), of Camp No. 45; Bro. John T. Irwin, of Camp No. 3, and Bro. William A. Dien, of Camp No. 32, had the burden of responsibility, and they did their work in a most praiseworthy manner. The excellent service which they secured over the Baltimore and Ohio Railroad was much commented upon by the hundreds of pilgrims. The committee on floral designs, consisting of District President, Paul Newkirk, of Camp No. 11; Jas. W. Lidard, State Treasurer, of Camp No. 14, and Geo. Matthews, of Camp No. 49 secured two of the most beautiful designs ever seen in the Order. The one individual who did the most to make the day a success was Bro. M. H. Taylor, while his able assistants, Bros. J. T. Irwin and William A. Diven, were close seconds.

State Secretary, Wm. James Heaps, chairman of the general committee, conveys his thanks to all the members of the committee who, by their presence and work, helped to make the day a success. The following Camps were represented: Nos. 1, 3, 4, 6, 9, 11, 12, 13, 14, 15, 19, 21, 22, 23, 24, 25, 27, 28, 29, 32, 34, 36, 45, 48, 50, 54, 55, 56.

ENORMOUS FORTUNE OF MARSHALL FIELD.

The Estate of the Chicago Millionaire Will be a Total of $180,000,000.

The three-cornered controversy between the Board of Review, the executors of the Marshall Field estate and the city corporation counsel's office came to an end recently, when the taxing body decided that the Field estate should be taxed a total of $180,000,000 this year, including back taxes. The decision means that the executors of the estate will be compelled to pay the county $800,000, which is more than the total amount of property on which Mr. Field was taxed during the last year of his life.

The greater part of this sum is to come from the collection of back taxes, on which Mr. Field is held by the board to have escaped payment. The members of the board estimated the back taxes without any authentic figures to guide them.

President of the board, F. W. Upham, held that the board should fix the amount of property upon which taxes had not been collected since 1899 at an average of $15,000,000 a year, amounting to $105,000,000 for the seven years. To this sum will be added 10 per cent. fixed by the law, to be collected in all cases of this kind. This interest amounts to $432,000. The personal property upon which the estate shall be compelled to pay taxes for this year was placed at $25,000,000.

BETTERTON TOURNEY PROGRAM.

Attractive Matches to be Shot in Malone's Annual Event.

Capt. James R. Malone has issued the program for his twelfth annual summer trap-shooting tournament, to be held at Betterton August 27, 28, 29, 30 and probably 31.

The tournament committee is H. E. Lupus, Luther Squiers, John W. Chew Joe Hunter and James R. Malone. Manufacturers' agents will shoot for targets only, and the price of the targets is to be 2 cents each, and this is to be included in all entrances.

The committee announces that instead of adding a small amount of money in each event and dividing it among from 15 to 25 contestants who would shoot into the money, which would make the amount that each would receive very small, it is proposed to give the entire profits of the shoot to the amateurs who shoot through the program. The program is as follows:

August 27, Preliminary Practice Day. —Four events at 10 targets each; entrance in each 50 cents. Four events at 15 targets each; entrance in each 75c.

August 28, Regular Shooting, beginning at 10 A. M.—Eight events at 15 targets each; $1.30 entrance in each; four events at 20 targets each; $1.40 entrance in each.

August 29, beginning at 10 A. M.—Six events at 20 targets each; $1.40 entrance in each. Team race, open to four bonafide members of any regular organized gun club; 50 targets per man; $15 to first, $10 to second, $5 to third; no entrance charged, except price of targets, at 2 cents each; experts and paid representatives barred from this race.

August 30, beginning at 10 A. M.—Six events at 20 targets each; $1.40 entrance in each: old men's event, 100 targets for those who have been shooting at the traps for 20 years or more; entrance, price of targets only; a cash prize to be divided equally between the six highest scores; a gold medal to highest individual score; lowest score to receive a leather medal.

Besides these events, it is probable that Capt. Jack Brewer and Lester German will shoot a 100-bird match August 31. There will also be a baseball game between the shooters. The teams will be managed by W. T. Harvey and George Mordecai. A 15-round bout between Kid Lucas, bantam weight of Baltimore, and a 120-pound boy in Washington, and several preliminaries are also on the program.

SPRECKELS TO BE NEW YORKER.

Sugar King Buys the Marble House of Isaac Sterns.

(Special Dispatch to the Balto. Sun.)

New York, Aug. 3.—Claus Spreckels, the sugar king of the Pacific Coast, is to become a resident of this city. He will join the group of millionaire captains of industry here, having purchased to-day the white marble house of Isaac Stern, 858 Fifth avenue.

The house is between Sixty-seventh street and Sixty-eighth street. On the Sixty-seventh street northeast corner is the home of George J. Gould. Next to it is the property sold to Spreckels. It is on a plot 55x125. The adjoining house, which is at the corner of Sixty-eighth street is that of the late Charles T. Yerkes. Across Sixty-eighth street is the Whitney mansion, which is now owned by James Henry Smith. Herman O. Armour will also be a neighbor of Mr. Spreckels.

Mr. Spreckels' mansion on Nob Hill, one of the finest in San Francisco, was badly damaged in the recent earthquake and fire. He announced that he would not rebuild, but his giving up his residence in San Francisco and locating here will come as a surprise to the money powers of the Pacific Slope.

Spreckels was born a Westphalian peasant, and in 1830 came to New York when he was 2 years old He worked here in a grocery store, but got the gold fever of '49 and went West. His savings he invested in a brewery. This proved successful.

Spreckels turned his attention to the Hawaiian Islands as the head of a sugar producing company. He made his great hit there in 1873, when he anticipated the reciprocity treaty between this country and Hawaii.

Through his friendship with the late King Kalakaua he got practical control of the island and managed to buy great tracts of land belonging to the native chiefs. His wealth increased to $70,000,000, and for a time he was the real ruler of the island kingdom of the Pacific.

Contracts for 35,000 Freight Cars.

The large orders for cars, 35,000 in all, placed some time ago with various concerns by the Pennsylvania Railroad are rapidly nearing completion as good time has been made on their execution. Thus far 15,000 cars have been received and distributed upon the different divisions of the Pennsylvania system. Most of the cars are designed for the coal traffic, and but few of these will be placed on the Maryland Division 50 per cent. of these cars are steel gondolas, and 20 per cent. steel happers. The remainder are box cars with steel under frames. The daily deliveries reach one hundred. Most of the leading car buildidg plants of the country are at work upon the contract.

Hubbard's Fertilizers

TRADE MARK

The following was taken from the Smyrna Call, of Saturday, July 14, 1906. It speaks for itself, and proves the value of

HUBBARD'S GOODS.

"The farmers of this section easily lead the Peninsula in the yield of wheat obtained, and despite the unfavorable weather conditions which have prevailed just as the grain was ripening and have continued since harvest, the grain thus far threshed has turned out hard and solid, as well as plump and healthy looking.

"A CALL representative was an interested spectator of the threshing operations on the big Latham farms near Clayton, Saturday morning, and if the conditions in which the golden grain poured out of the machine there is a fair criterion, then the quality of the wheat grown in this neighborhood is indeed gilt edged.

"It was an exhilarating sight this threshing bee. No less than twelve double teams of horses and mules were lined up in continuous procession 'bringing in the sheaves' to the machine where a corps of band cutters and a feeder pushed them into the insatiable maw that quickly separated grain from chaff, and sent the latter scurring towards an ever growing stack, while the grain poured out at the side, clear, plump and yellow as gold, at the rate of a heaping half bushel every thirty seconds. A bushel per minute without check or falter was the record.

"Luther Lapham, as he had a right to be, was more than pleased with the yield he said, while Ed, his son, who has just returned from a Philadelphia hospital, with his broken leg still in splints but improving, and who has again assumed the superintendency of the big farms, remarked, 'exceeds our expectations.' About 1500 bushels was the yield here and the average yield from one field was 30 bushels per acre.

"Wilbur W. Hubbard's phosphate was the fertilizer used here as it was on all the following list of farms, and George H. Cole, the selling agent, is as proud over the result as a boy with a new pair of red top boots."

Here is the list:

Mr. James F. David, lives near Iron Bridge, Smyrna, says he has been living on the farm where he now resides over 20 years, and that from Hubbard's Victor he threshed this year over 30 bushels per acre, the stubble the thickest he ever saw, the wheat beautiful and rich in color, and that he sold one lot of 600 bushels by struck measure and received pay for 622¼ bushels by weight. He took 4 bushels to mill struck hard measure, weighed 248 lbs., and that not only he but all his neighbors are going to use Hubbard's goods this fall.

George R. Darrah, near Iron Bridge, hasn't threshed yet but is certain of a 30-bushel per acre yield.

Walter Ginn, on the William M. Bell farm near Iron Bridge, got nearly 1500 bushels; the biggest yield he has had for years.

R. N. Walton, near Delaney's, says he has secured the biggest yield he has received for many years.

Charles E. Christopher has averaged 25 bushels to the acre.

Edward Darrow, on the Gilbert Wilds farm, got 26 bushels and a peck per acre.

Benjamin R. Severson states that he used Wilbur W. Hubbard's phosphate side by side with a higher priced fertilizer, and the Hubbard gave him the best returns.

Meta N. Walls, west of Kenton, secured 25 bushels to the acre.

James H. Jones, near the Iron Bridge, reports an unusually large yield.

Mr. Wm. H. Staats, Smyrna, Del., says: Mr. Geo. H. Cole—I made a square test of phosphates this season with this result: From 14 acres, upon which I used Wilbur W. Hubbard's phosphate purchased through you, I received an average of full 20 bushels to the acre, from 13½ acres upon which I used the Tygert's phosphates the yield was but 19 bushels per acre.

I therefore place my order for phosphates with you now for this fall.

WILLIAM H. STAATS,
Smyrna, Del.

You'll Hit the Mark.

Yes, you'll hit the mark exactly, if you'll take advantage of this

Great Shoe Opportunity.

You can buy Men's and Women's $3.00 Shoes for $3.00 any day—but you can't buy them for **$2.25** any day. You can buy Men's, Women's Boys' and Misses' $2.00 Shoes for $2.00 any day—but you can't buy them for **$1.50** any day.

To-day You Can

buy Shoes at these reduced prices. Prices are cut in the same proportion on our entire Shoe stock. Men's, Women's and Children's Shoes are all discounted.

The Reason?

Why, it's plain. We want to close out the remainder of our spring and Summer stock, and get ready for Fall and Winter business. **We want the money—we don't want the Shoes.**

You must act quickly—for these bargains won't last long.

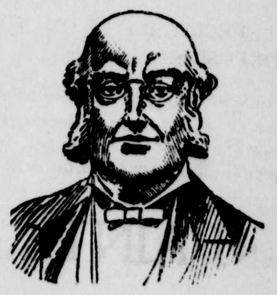
Why Don't You Try

Martin'sHomoeopathic

FAMILY REMEDIES?



"FAMOUS FOR THE GOOD THEY DO."

They have been used for years with the greatest success.

These are no fake remedies, but have genuine merit and commend themselves to all, while they cannot possibly injure the most delicate constitution they effect a complete and lasting cure even after strong medicines have failed.

Should you go to a Homeopathic Physician and have him put you up a bottle of pellets he would medicate them by guess, whereas, our remedies are compounded with the greatest care and by a regular formulae, and sold at the low price of 10c per bottle, by the druggist, whereas, the physician would charge you 50c or $1.00 for a similar thing only not as good.

THE GREAT TEN CENT CURES ARE:

Dr. Martin's Rheumatism Cure.	Dr. Martin's Catarrh Cure.
Dr. Martin's Cold and Grippe Cure.	Dr. Martin's Cough Cure.
Dr. Martin's Headache Cure.	Dr. Martin's Erysipelas Cure.
Dr. Martin's Indigestion Cure.	Dr. Martin's Catarrh Tablets.
Dr. Martin's Dpsyepsia Cure.	Dr. Martin's Sore Throat Cure.
Dr. Martin's Kidney Cure.	Dr. Martin's Pile Cure.
Dr. Martin's Bladder Cure.	Dr. Martin's Worm Cure.
Dr. Martin's Blood and Skin Cure.	Dr. Martin's Cathartic Cure.
Dr. Martin's Nerve Cure.	Dr. Martin's Colic Cure.
Dr. Martin's Fever Cure.	Dr. Martin's Measles Cure.
Dr. Martin's Neuralgia Cure.	Dr. Martin's Whooping Cough Cure.
Dr. Martin's Heart Cure.	Dr. Martin's Croup Cure.
Dr. Martin's Female Cure.	Dr. Martin's Cholera Infantum.
Dr. Martin's Chills and Fever.	Dr. Martin's General Debility.
Dr. Martin's Liver Cure.	Dr. Martin's Cholera Morbus.
Dr. Martin's Dysentary Cure.	Dr. Martin's Pure Soap.

Dr. Martin's Homeopathic Family Medicines are the best that can be produced. Each one is made to cure a distinct disease and each does exactly what it is made for. You cannot experiment with the remedies. They are proven cures. Take the right remedy for your case and there can be no failure. They have cured wherever used. They will cure you.

If your dealer has not the cure you want, we will send it to you on receipt of 15 cents.

THE MARTIN MEDICINE COMPANY,

Baltimore, Md., U. S. A.
