THE LADIES STORE. CHESTERTOWN, MD.

Talk Here is Backed by Deeds

TWICE A YEAR almost every retail establishment has a grand clearance sale in which all odds and ends of a six months' accumulation of business must be swept away by the mighty brooms of little prices for dependable goods.

If you reflect you will recall how the wise buyers feasted on the bargains in our January sale of winter wearables, and now, as the morn of August dawns upon us we offer you the remains of our Summer goods.

The advance guard of Fall Stocks will soon be trooping in—they need the shelf and counter room taken up by the fag ends of Spring and Summer stocks—the latter must be rid of—there is one way to do it and that is by placing upon them prices so small as to induce every bargain-loving man, woman and child, within a reasonable radius of our store to visit us. The wee small figures are on 'em—they will move. Get in line.

Ladies White Shirt Waist Suits During the month of July we had a special sale of these garments at ⅓ off selling price and the majority of them were closed out—there is just a few of each left—say two dozen in all—the $3.00 ones on up to $6.50 are in one bunch—well, just two dozen lucky ladies will wear these suits. First come, first served.

TRIMMED HATS of the latest summer designs are also included in this great August Clearance Sale. All you need to do is to call, look them over, try them, pick out one according to your liking, one that you look pretty in, then notice the ticket on inside, the figures are plain, cut in (½) half, and the hat is yours. Remember, we carry nothing over from one season to another, and they must go. "To grow rich means to embrace opportunities." This is your opportunity.

ROCK HALL ITEMS.

Mr. Sterling Jones lost six horses by lighting and one shocked so badly that he thinks it will be of little use, by the storm on Friday the 24th.

The enterprise instituted by Messrs. Shallcross & Kilburn is a success. Their park is well attended and these young men are to be complimented for the good order kept in and around the park.

Rain and mud caused many of our summer boarder to take their exit for home.

Messrs. Rich & Durding Bros. are painting the wood work inside of the school house, and have asked the school board to give the outside the same. With a little expense this building could be made attrative.

Now is the time for our citizens to prepare for the winter, in making some kind of walk through the town. Every village in our county can boast of either a board or brick pavement but Rock Hall. All that is needed for some of our progressive citizens to take the initial step. Who will it be?

Miss Mattie Maslin visiting relatives in Philadelphia.

Miss Neile Willson is visiting Mrs. Julia Skirven, and Miss Hattie is at home.

Mr. Wm. Leary the efficient clerk for Mr. Joe Downey, is one of the most thoughtful men we have; as he delivers goods he takes the ladies with him in order that they may get the benefit of a healthful ride.

Presiding Elder Koons held lovefeast at the M. E. Church Sunday morning and many interesting testimonials were given to the comforts of a Christian life. Several of the boarders took part in the services. He preached from Heb. 11th chapter and part of the 13th verse: "These all died in the faith, taking faith as the bases for his discourse." Bro. Burr announced that there would be preaching next Sunday morning it being day, after which he would take into full membership the probationers. Many visitors were present but could not take part in the services for want of books.

Camp 37, had no applications at their meeting Friday evening, why is this? Did the State Convention leave no impression upon the public?

Odd fellowism holds its own, but is sadly in need of hustlers. K. of P. is pushing to the front. Red Men make considerable noise and when this occurs something is doing. J. O. of A. M. are doing a noble work among its members in the way of helping the needy and so are the Daughters.

Mr. James Casey's baker took a visit to the city and the driver of his wagon laid off for repairs, but Jimmie was equal to the emergency and gets his bread fresh from the city, and his brother John drives the wagon.

The most enterprising and business person here is Cupid, and through his constancy and close application to business a harvest must materialize in the near future. It is hoped he will steer clear of our corps of teachers.

Miss Alice Parsons has been quite ill but is better at this writing.

Miss Isabel Lambert, of Chestertown, is the guest of her aunt, Mrs. M. M. Greenwood.

Agricultural High School.

The first Agricultural High School established in Maryland will be opened October 1 next at Calvert, about nine miles from North East, in one of the most fertile sections of Cecil county. Prof. H. O. Sampson, of the Bureau of Soils, Department of Agriculture, accompanied by Capt. R. W. Silvester, president of the Maryland Agricultural College, visited Calvert last week and had a conference with the school commissioners of Cecil county. Capt. Silvester, who at the instance of the school commissioners has been looking about for a suitable man to take charge of the school, has recommended Mr. Sampson, and it is probable that he will be appointed. Mr Sampson is a graduate of the Iowa State College. The building to be occupied by the Agricultural School has three rooms and is surrounded by 14 acres of land, which was ceded by William Penn to the Quaker settlement and the Quakers hold it by this title to this day.

P. O. S. OF A.

Professor J. A. Greenwood, of Rock Hall, will institute a Camp of P. O. S. of A. at Still Pond, and District President Wm. B. Coleman expects to institute three camps in Kent during September. The patriotic order is an honor to any town or city from the fact that it ranks among the best orders to-day in placing before the American people the true spirit of patriotism and love of liberty. That love for the Creator should be first, and that patriotism is one of the highest affections of the human heart; that no institution or country are safe that is not jealously guarded and protected by those born on American soil; that the bulwark of our liberty is our system of free public schools and absolutely non-sectarian, and her officers elected by the people. The P. O. S. of A. makes young men courageous, to be something, and thus starts them out with a passion that moved the patriots of old who braved the terrors of an unknown sea that we might have a government by the people, with the people and for the people, that the man that swings the pick is as truly the servant of his country as the statesman in the Senate or the soldier in battle, and thus it behoves those in power and the father of to-day to see that a patriotic order is in their district for the upbuilding of their young men and making them good citizens.
