RAIL ROAD NOTICE.

I AM instructed by the Board of Directors of the Md. & Del. R. R. Co., to notify the stockholders and all interested in the completion of the work, that six miles of said road has been completed, and now is in running order; that iron has been purchased and paid for by the Company, and is, together with a large amount of iron being transported on the line of the road. The work is in active progress. In view of these facts I am directed to urge all delinquent stockholders to come forward and pay their subscriptions, and to solicit new subscriptions. Now is the time when every friend of the road should render all the aid in his power. The present contract is one more favorable for the company, and the early completion of the road than could have been looked for under the circumstances, and it will require but little aid to connect the waters of the Chesapeake with the Delaware Rail Road; when the whistle of the first horse and the welcome sound of the cars will be heard as the messengers, that our enterprise has been accomplished, and with it the prosperity of our section of country commence.

Campbell's Pure Essence of Jamaica Ginger.

GINGER is a grateful stimulant and carminative, and is often given in *Gout, Rheumatism, Dyspepsia, Cramp, Cholera Morbus, Cholic, Cholera, &c., &c.*

In *Nervous and Sick Headache, Sea Sickness, Nausea, Imperfect Digestion*, or from nausea induced by riding in a carriage, &c. it will be found most agreeable to the stomach and palatable to the taste, and affording at the same time almost in all cases immediate relief.

To the *Inebriate* it is particularly serviceable; a very small quantity used instead of the usual stimulant will give tone and vigor to the digestive organs, and impart strength to resist the temptation, and may therefore be considered an invaluable agent in reclaiming the drunkard.

The traveling public will also find it very efficacious in correcting the bad results arising from a change of water and diet, a few drops of which will give a glow and vigor to the stomach, equal to a wine glassful of brandy or other stimulant, without producing any of the injurious and overrating effects which are sure to result from the use of stimuli of any kind. *It is also a superior article for flavoring Jellies, Preserves, Cakes, and for other culinary uses*, besides making a good beverage in hot weather.
