THE flood in Pine creek has carried away 5,000,000 feet of logs into the Chesapeake bay!

THE conviction of Dr. W. F. Corkran and Dr. Chas. S. Baker of gambling is to be regretted by all lovers of the church. It is the opinion of a high ecclesiastical court that stock speculation was "gambling" and the verdict brings within the pale of prosecution every member of the denomination within the jurisdiction of that court, and if the appelate or supreme judicial court of the church sustains the decision of the Wilmington Conference the finality will be a possibility of the prosecution of every member of the denomination who engages in stock speculation.

If this were generally held by church courts, and rigorously enforced, it would surely cause something of an upheaval, for not only do thousands of members of all denominations "gamble" in this manner, but many of them are engaged in the business as brokers, or mediums through which their fellow-members may "deal" with facility.

A NEW HAVEN dispatch states that plans for the organization of a syndicate to control the oyster fisheries of Long Island Sound are said to be approaching completion, about 68 per cent. of the seed-growing grounds being included in options already given to the projectors. It is said that more options will be secured and that in about ten days the company will be incorporated with a capital of $10,000,000.

This item of news ought to be of great interest to us here in Maryland. It suggests the danger of the possible monopolization of oyster bottoms when they are made accessible to private ownership.

Death of Prof. Peterson.

Prof. Joseph Peterson died 2.30 o'clock Sunday morning at the Johns Hopkins Hospital, Baltimore, of Bright's Disease. He had been in bad health for sometime and last Wednesday went to Baltimore for treatment, accompanied by his favorite niece, Miss Wheeler Peterson. The deceased was born in Calvert county in 1846, was educated at Charlotte Hall and the University of Virginia, and came to Kent county in 1872. He succeeded Mr. Wm. M. Slay as principal of the Chestertown Public school and soon evidenced his high ability as a teacher and as a disciplinarian. Well do we recall the old briar switches cut from the Walker farm which were plied with his stern hand but which proved to be for our good and future training. We esteem him all the more now for those chastisements. He resigned as teacher in 1878 and became cashier of the Kent National Bank, but on account of failing health he was compelled to remove to his farm, near town. This was in August, 1892 and his health so improved that he resumed teaching and in 1900 was made superintendent of public schools in Kent and secretary and treasurer of the County School Board consisting of Dr. W. F. Hines, J. T. Pennington and C. C. Brown. Under his management the schools were placed under a higher plane of excellence, the school property highly enhanced and the teaching corps greatly elevated. He devoted his whole time and attention to his work and was faithful to the smallest detail. He was a man of lofty principals and could not be removed from the path of justice by any man. He was firm but yet he had the esteem of all teachers. He was reserved and dignified and enjoyed the confidence of his fellow men. Prof. Peterson never married. He has several brothers occupying responsible positions in Calvert and in Baltimore.

The funeral took place Wednesday at Christ Church, interment in Calvert county.

Out of respect for the deceased the county School Commissioners, Messrs W. B. Copper, Dr. W. F. Hines and Purnell Jump ordered the public schools of the county closed from Monday until Thursday. The board also met and adopted the following resolutions:

WHEREAS it has pleased an all-wise Providence to remove from our midst the secretary and treasurer of this Board.

Resolved, That in the death of Mr. Joseph Peterson the county has lost a valuable citizen and the schools a most efficient and capable officer under whose guidance and care many improvements have been made, a higher degree of efficiency of the teaching body and greater advancements of the scholars have been obtained.

Resolved, That these resolutions be placed on the minutes of the board, that they be published in the county papers, and that copies be sent to the different members of the deceased family.

W. FRANK HINES,

KENT'S CALAMITY.

The Sun announced the fatal death of our beloved examiner, Joseph Peterson. I offer no consolation and need not assure you of my sympathy, but I know well, and feel what we have lost, I will not therefore by useless condolences, open afresh the sluices of our grief, although mingling sincerely my tears with others, will I say a word more, but that we shall meet with our friends we have loved, and lost, and whom we shall forever love.

MR. GEORGE B. MCWHORTER, of Chestertown, has sent out notices announcing his candidacy for sheriff of Kent county.

FRIENDS of Capt Curtis E. Crane have received his consent to use his name as candidate for the legislature subject to the dicision of the Democratic Convention. Capt. Crane is a man of the people, for the masses and will no doubt receive the hearty support of true Democrats. He is the manager of the big basket factory in Chestertown which pays out over $500 every week to labor and is one of the biggest helps to the industrial success of the town. He is a young man of push and energy and if elected will represent the county with credit to the whole party and to the whole county. It is difficult to get such men to consent to run for office and therefore it becomes the duty of every one interested in good government to support him. Capt. Crane's name on the ticket means success in November.

THE AMENDMENTS GO ON!

With all eight judges concurring in all the principal features of the decision an opinion was handed down Thursday by the Court of Appeals in the mandamus proceedings against Governor Warfield to compel him to proclaim the elective franchise amendment.

The opinion, in twenty-five typewritten pages, affirms the decision of the lower court and instructs Governor Warfield to proclaim the amendment It denies that he had the right to either veto the bill or cause its passage by failing to return it to the Legislature within six days of its presentment.

This decision meets with hearty approval among Democrats in Kent.

There's No Doubt About It

A wealth of sensible new ideas has been incorporated in the H. K. & Co. Trimmed Hats.

Our way is to supply hats that will meet the varying temperaments, assuring correctness and artistic character in every hat. And becomingness, that's a charm not to be lost sight of.

Prices begin at **$5.00** for Trimmed Hats that cannot be matched except for a good bit more, and rise gradually to **$40.00** for the loveliest creations you ever saw.
