OYSTERMEN'S ASSOCIATION.

WM. B. USILTONS' SONS,
EDITORS OF KENT NEWS,
Chestertown, Md.

The Oystermen's Protective Association of Maryland with eleven directors was incorporated in the Superior Court of Baltimore City on May 16th. The directors are as follows: S. C. Little, E. R. McDorman, Chas H. Dubois, W. F. Applegarth, J. E. Kirwan, Thomas B. Webster, P. H. Tankersley, J. D. Anderson, R. F. Walter, R. S. Dodson, J. F. Kelly.

A meeting of the directors was held May 25th and these officers were elected President, W. F. Applegarth; vice, S. C. Little; treasurer, T. B. Webster; sec'y and counsel, W. T. Giles.

A constitution was adopted. These proceedings were published in both the "Sun" and the "American" of May 17th and 26th. The constitution provides for the organization of Local Associations in the city of Baltimore and Tidewater counties of Maryland. It also provides that each Local Association shall elect Delegates to a State meeting which will be held in Baltimore on the third Wednesday of November next for the purpose of determining what course to pursue in the next session of the Maryland Legislature. Each Local Association is entitled to at least one Delegate to the said State Meeting and an additional Delegate when the membership of such Local Association shall exceed two hundred.

The general objects of the Association as expressed in its constitution are, to protect the interests of those engaged in the oyster industry of the State of Maryland, to increase the oyster supply in said State, and to secure the better enforcement of all laws relating to this industry. These are the general objects. The specific means to attain these ends are to be determined by the State Meetings referred to above.

Wm. Trickett Giles as secretary and counsel of the Association is authorized by the Board of Directors to organize Local Associations of The Oystermen's Protective Association of Maryland in the tide-water counties of this state.

In pursuance of these Directions he organized at Solomon's, Calvert county, June 3rd, and at Rock Hall, Kent county, June 10th. It is his purpose to visit in the near future all the tide-water counties of this state. We believe that the time has arrived when it is absolutely necessary that those interested in this, the greatest question demanding the attention of the People should form such organizations for the advancement of the interests of all.

The head-quarters of the Association is 211 St. Paul St., Baltimore, Md.

NEARLY every farm hand thinks that he is receiving the smallest wages of any branch of labor. However, the hand that is getting $12 per month with his board and washing and the keeping of a horse, is better paid than the bookkeeper; the clerk and tradesman who gets $40 per month and has his board and laundry out of this. Young men on the farm would in almost in every case do better by remaining there, than by going to the city. The cities are today run over by young men looking for gentlemen's jobs, and when they get them it is a struggle to keep their heads above water in the tide of struggling humanity.

AN EDITOR in northern Illinois, who started about twenty years ago with 15 cents, is now worth $100,000. His accumulation of wealth is owing to his frugality, strict attention to business, and the fact that an uncle died and left him $99,998.—Exchange.

Baby Swallowed A Tack.—The seven months old child of John Hickey died on Sunday after three days of intense suffering, it is thought, from having swallowed a tack while playing on the floor at his home in New London.
