For Congress from the First Congressional District:

HON. THOMAS A. SMITH,

of Caroline County.

IMPORTANT NOTICE.

We call the attention of our subscribers to the fact that this is the last delivery of the TRANSCRIPT by carrier. Hereafter our patrons will receive their papers at the post office. Should any one fail to receive his paper next Saturday morning, if he will notify the editors the mistake will be promptly corrected, and his name added to the list. We suggest that it would be a good idea for those who do not get the TRANSCRIPT to subscribe for the paper at once, in order that they may keep posted on the news. The price is only $1 per year, and it is money well invested.

PRESIDENT CASSATT, of the Pennsylvania Railroad Company, is suffering with whooping cough.

JUDGE Wm. H. Adkins qualified before Clerk of the Court Francis G. Wrightson in Easton last week, and on Monday took his seat on the bench in the Elkton court beside Judges Pearce and Crothers.

WM. RANDOLPH HEARST has been nominated by the Democrats and Independence League, and Charles Hughes by the Republicans for Governor of New York State, and the fight for election will be a warm one.

THERE MAY BE two Democratic representatives in the next Congress from Maryland by the name of Smith. Jackson will be defeated by Thos. A. Smith on the Eastern Shore, and it looks very much like Capt. Smith will beat Sid Mudd in the Fifth District, because of Mudd's trouble with the labor organizations.

IT IS SAID that Uncle Bill Jackson, candidate for Congress, will shortly visit Chestertown in his costly automobile. The general run of voters will only have the privilege to look at the machine and its boss. Not one of them will be asked to take a ride, but all, even the humblest, will be asked to vote for the money candidate.

THOMAS IRELAND ELLIOTT, ESQ., of the Baltimore bar, was nominated unanimously by the Republicans on Monday for additional judge of the Supreme Bench of Baltimore city. Mr. Elliott is one of the most widely-known lawyers in Baltimore, and is a lawyer of large experience and much ability. His opponent will be Mr. William A. Wheatley, who was nominated by the Democrats last week.

REGISTRATION DAYS this year will be Tuesday, October 2, and Tuesday, October 9, from 8 A. M. to 7 P. M. Revision day will be Tuesday, October 16. Every person who has changed his residence since last election day must go in person to his old voting precinct and get a transfer certificate and take it in person to his present voting precinct and get registered, otherwise his name will be stricken from the books and he will lose his vote. It is highly important that every Democrat remember this, and also that every one coming of age before the next general election, November 6, will be entitled to register and vote. Let all young Democrats remember this and not fail to get registered, in order that they may vote for Thomas A. Smith on the day of election.

ACCORDING to Edward Hirsch of the local labor force, President Gompers has outlined the labor programme of campaign, and makes the following statement:

"That Mr. Mudd is on the national unfair list, and that he has been uniformly opposed to the attempts of organized labor to obtain their desired legislation in regard to

"The eight-hour bill.

"The Panama Canal Zone legislation.

"Ship-subsidy bill.

"Seaman's rights."

"In addition, Mr. Gompers charges Mr. Mudd with failing to support the demands of organized labor employed in constructing the new Naval Academy buildings."

As a result of these charges, it is said, that no limit has been put to the effort which the labor people will expend to compass Mr. Mudd's retirement from Congress.

SECRETARY BONAPARTE rang the changes on *the astounding prosperity idea* at the banquet given by Chairman Hanna on Tuesday to the Republican editors of the state. He said the county never knew such prosperity, happiness and peace and for it all the Republican party is responsible. Here are a few evidences of his prosperity: Disgraceful race riots in Atlanta, Ga., caused by the very people who are the bone and sinew of the Republican strength in this country, and which riots are a blot upon the civilization of the South; the strike of the steamboat captains running out of Baltimore, caused by a great corporation which almost controls the Republican party grinding the life out of its employes in arduous toil for a paltry salary; the farmer's wheat, 65 cents a bushel, caused by the speculation in the wheat market by the bears and bulls on change, and a tacit co-operation with the railroads in exorbitant freight charges, the farmer's implements twice the cost to him because the Republican tariff enables the manufacturer to put his hands in the farmer's pockets and virtually steal the surplus cash. This is Republican prosperity: Give the farmer as little for his money as you dare, and take all of his products you can get your hands on at prices to suit yourself, and the Republican party will back you in your raids. Then read about Secretary Bonaparte cruising on his costly battleship at the people's expense, and watch Uncle Bill Jackson come riding along in his $3000 automobile, while Bill Jones, the farmer, can only afford an inexpensive carriage. This is prosperity for you, is it not? The most astounding thing about the whole business is, why so many people can be such fools, and be induced to vote for men whose party principles are robbing them of their means every day of their lives. We urge the voters to stop and think about such things.

People's Column.

☞ The columns of the TRANSCRIPT are open to the proper discussion of all topics of public interest or importance. Whether the editors agree with the sentiment expressed or not, the people should and may be heard through the TRANSCRIPT's columns—the paper will be the People's Forum from which they may be heard on all subjects—purely personal matter excepted. The Editors are not responsible in any manner for articles that appear in this column.

EDITORS OF THE TRANSCRIPT.— I wish to talk to the patrons of Rock Hall school through the columns of your progressive paper, because you have shown in the past a liberal spirit towards all questions for the public good. There have been complaints against our various County Boards as discriminating between Rock Hall and Chestertown in the expenditure of public money for improvement of public institutions of these town, and if we draw conclusions from appearances perhaps Rock Hall may have some reasons therefore, but when we investigate below the surface and ascertain the facts in detail a different complexion is exhibited. Rock Hall is but a village, Chestertown is more, she is the county seat, where the State has erected State buildings in which to transact the business of the county and state. These buildings, in architecture and equipments should be commensurate with the position she occupies and should be the pride of every citizen of the county and no one should complain of any legitimate expenditure in beautifying and making her attractive and a credit to the county and state. Every nation points with pride to her National Capital and so will every patriotic citizen of Kent towards our county seat. In the erection of churches, places of business and private dwellings this position is considered and such structures would be out of place in villages. Our Legislative body or our School Board when called upon to erect a building would be governed, first, by the importance of the town; secondly, by the residences of that town. If we judge the school buildings of Rock Hall by the second proposition, does it not compare with the average building? In '94, when the Board gave us a new house it met the approval of the citizens generally, with the exception of the whitewashing and fence, but, owing to the increase of the population, annexes had to be added and the annexes marred the beauty of the original building but not the comfort. The present President of the School Board offered to present a bill to the last Legislature for a new building but when that body met our patrons thought it would increase taxes and dropped the matter. Now I don't think we have any reason to complain, but think we are highly favored for the following reasons: during the past twelve years fifteen pupils of our school have been employed as teachers in Kent's schools, four of these were sent to Normal schools, parents paying their tuition, eleven went to teaching direct from our school, they were at no expense; think of it, the State prepared a child to teach in its public schools for each of eleven parents, and not one of these parents' tax bill exceeds $10. Ten of these, or one-seventh of the teachers of Kent are from Rock Hall, paid from taxes.

Nearly $4000 of the taxes go directly to ten of R. H. tax payers. Who gave these teachers their position? School Board. Fourteen pupils have left school and obtained work based on their educational ability and are receiving good wages, all through and by a small tax. Six pupils were saved a year's tuition at college by completing the work of the school, yet the parents of these pupils pay a small tax. Are we not a favored people? Have we any room to complain? Cannot we afford to do something ourselves? Now let us give honor to whom honor is due and instead of complaining let *us* take a hand at helping ourselves and thus fulfill *our* duty. How shall we begin? Our Principal has purchased a labratory. Let us, in view of what has been done for us, go to his assistance and help pay for it, either by direct subscriptions or contribution to a festival. In the Lyceum on Friday it was decided to hold a festival on the 3rd of November. If every patron will help just a little success will follow and our School will be equipped with a long felt need, our boys and girls will obtain a practical knowledge which will be serviceable to them all their life. Will you do it? *Let us go the rescue*, we, the citizens of Rock Hall.

Friday, October 5th, will be Parents Day. All patrons and friends (this is everybody) of the school are invited during the day to come and see the regular class work of any teacher and any room. Seats will be provided and you will not interrupt the classes. No particular time of the day is required, any time while the school is in session. Now let us see which teacher will have the most visitors. As a patron, I appeal to every individual in the community to turn out in force and show our appreciation of the teachers, of their work and of our school. We have been neglecting this in the past, let us turn over a new leaf. I am convinced that our public schools are doing more to elevate the morals and manners of the rising generation than any other institution in this our beloved country.

Yours for work,
PATRON.
