THE DIAMOND LIGHT OR SYLVIC OIL, FOR BURNING.—The subscribers invite the attention of the public to the introduction of the above celebrated Light and Oil. For ECONOMY, SAFETY, and COMFORT, it defies competition—burns STEADILY and BRILLIANTLY, and is easily regulated. For family uses, for reading and sewing, the public has never seen its equal.

The Lamp is of a peculiar construction, recently patented, and in which nothing else can be made to burn. It is intended to be STATIONARY, and burns with a chimney either as a side lamp, or a parlor or hall lamp. The public may rest assured that this is a real and fixed Oil, and NOT EXPLOSIVE, costing 62½ cts. per gallon, and when burning not over ¾ cent per hour.

A supply of Oils and Lamps just received, which they would be happy to exhibit. Terms CASH. S. MACKEY & SON.

☞ GONE TO HAVANA

FLORIDA, CHARLESTON, FOR HEALTH—BUT PERHAPS TO DIE!

We hear this every day. Thousand take a pilgrimage to the end of the world—they will do anything that require sacrifices to obtain health, but if you tell them of a simple, pleasant remedy—if you point them to our best known citizens, ladies and gentlemen, who they know have been restored to health, they will turn away. They think some great physician must be consulted—some great journey undertaken at great expense, and often they die in pursuit of that they might have obtained by trying HAMPTON'S VEGETABLE TINCTURE.

Have you a cough settled on your lungs, a dry, hacking cough, the glassy eye, the hectic flush on the cheek, pain in the breast and side, night sweats, with all the fearful symptoms of Consumption? Or have you Asthma, already stifling you with dreadful anguish of suffocation; setting up through the long cold night, while the sweat runs from every pore from the nightly effort of respiration?

We say, don't delay, DAFFY *Hampton's* Vegetable Tincture, the Great Restorative and Invigorator. It has shown itself most powerfully curative of Nervous Diseases in their various forms, giving new life and vigor, restoring the shattered constitution, and thus infusing hope in place of despondency. By its mild, pleasant and safe action on the Stomach, Liver, Kidneys, Lungs, and the Nervous System, it cures Dyspepsia, Liver Complaints, Diseases of the Urinary Organs, Coughs, Asthma, Bronchial Affections, Consumption, Scrofula, St. Vitus' Dance, King's Evil, Worms, Rheumatism, Neuralgia, Gout, Tic, Tumors, Piles, with diseases arising from impure Blood.

The Female System has in DR. HAMPTON'S VEGETABLE TINCTURE, a cure for its most serious complaints or derangements.—Hundreds who have been debilitated and dispirited, and on the verge of a premature grave, have been restored by its use to blooming health, which we are unhesitantly able to prove by such a host of living witnesses as we think no other Medicine can produce.

☞ REV. JOHN LANAHAN, Pastor of the Exeter Street M. E. Church.—A strong desire to benefit the afflicted induces him thus to certify. We CHALLENGE any other medicine to present such a mass of testimony from gentlemen and ladies of high standing of our well-known citizens, who testify of cure of COUGH, BRONCHITIS, RHEUMATISM, DYSPEPSIA, &c.

Baltimore, January 24th, 1855.

Messrs. Mortimer & Mowbray:—I take pleasure in saying to you that I have used your *'Hampton's Tincture"* with great profit. From a serious state of affection, my general health had become very much impaired, when I commenced to use "Hampton's Tincture." I found its effects upon my general health most salutory. My nervous system and digestive organs soon righted up under its use.

I have several times recommended it to my friends and in every case, as far as I have been informed, they have used it with great success

Yours truly,

JOAN LANAHAN, Pastor of the Exeter street M. E. Church, Baltimore

BLEEDING OF THE LUNGS.

Raleigh, N. C., February 8, 1854.

Messrs. Mortimer & Mowbray:—I do hereby certify, that about twelve months ago I was taken with a severe hemorrhage of the Lungs and had four attacks of it. I was advised to Dr. Hampton's Vegetable Tincture. I procured one bottle, and, I was entirely well, and now I enjoy good health as ever I did in my life. I can, and do, without the least hesitation, recommend the TINCTURE to all persons afflicted in my way. Yours,

GEO. W. WEAKLY.

☞ AWAKE THOU LETHARGIC ONE! WHY GOEST THOU LOWED DOWN BY PHYSICAL DEBILITY? WOULD YE BE ALL VIGOROUS AS IN FORMER YEARS.

We offer the remedy and give you the proof of its great healing powers. We give you the names of Ministers of the Gospel—of our best known citizens—who testify that it cured them after all other remedies had failed. It is delightful to the taste and invigorating to the whole system, and only costing $1 for a bottle that will last nearly three weeks.

One of the best and most highly esteemed citizen speaks. Hear Him:

BALTIMORE, March 14th, 1855.

Messrs. Mortimer & Mowbray:

Gentlemen—It will be out of my power to tell you in this certificate of all the good I have derived from the use of Dr. Hampton's Vegetable Tincture. For more than twelve months I have been in bad health, with what my doctors call Rheumatism, Dyspepsia and a general derangement of the whole nervous system; for weeks at a time, I was unable to leave my bed, with severe pains in my side, back and breast, with no appetite and great debility.—After trying various remedies, from which I derived little, if any benefit, I became much dispirited; at this time I was advised by a friend who had been cured by the Tincture to make a trial of it. I am happy I did so, for after taking two or three bottles, I find myself restored to health.

My daughter, also, who was broken down in health, has been restored by it. Some of my neighbors have also been cured and others benefitted by its use. My desire is to bear testimony of the good I have derived. I cannot say too much in favor of this valuable medicine, nor express in this way all the sufferings from which I have been relieved, but if those who are afflicted will call on me I will give them satisfactory evidence of the great healing and restorative powers of Hampton's Vegetable Tincture. Yours, truly,

WM. HIGH. No. 195 South Paca st.

Sold by Dawson & Bro., Easton; Mansfield and Harrison, St. Michaels; Dr. Hall, Cambridge, Leckie & Son, New Market, and by Store-keepers and Druggists everywhere.

HOLLOWAY'S PILLS.

Why are we Sick?

It has been the lot of the human race to be weighed down by disease and suffering.—HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of the medicines prepared in the United States, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of diseases.

THESE PILLS PURIFY THE BLOOD.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally.—They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY, ILL HEALTH.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicines of the cases. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it. *Holloway's Pills are the best remedy known in the world for the following Diseases:*

Asthma,	Diarrhœa,
Bowel Complaints,	Dropsy
Coughs,	Debility
Colds,	Fever and Ague,
Chest Diseases,	Female Complaints
Dyspepsia	Headache
Indigestion	Stone and Gravel,

MAN KNOW THYSELF.—An invaluable Book for 25 cents.—"Every family should have a copy."

100,000 copies sold in less than a year. A new edition, revised and improved, just issued.

DR. LAWTER'S Medical Manual & Hand Book for the afflicted—Containing an outline of the origin, progress, treatment and cure of every form of diseases contracted by promiscuous sexual intercourse, by self-abuse or by sexual excess, with advice for for their prevention, written in a familiar style, avoiding all medical technicalities, and every thing that would offend the ear of decency; with an outline of complaints incident to females, from the result of a practice of twenty years' successful practice, exclusively devoted to the treatment of diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases of a delicate or private nature.

To which is added receipts for the cure of the above diseases, and a full description of the causes symptoms and cure of each case.

This work of 250 pages is printed in Pearl, Cyrillic, Brevier and Nonpareil type. Dr. Lawter's Medical Manual is not a quack work, unlike the generality of books published to cure the diseases of which it treats, but is a treatise of the first class, and is intended for the use of the first physicians. It answers the purpose of a consultation with the most eminent physicians, at a trifling expense, and in the most delicate manner, in which case it is impossible for the author, or the publisher, to be known, as the work is sent to the purchaser, in a sealed envelope, and no name appears on the outside, so that no one can know what they pay for, or what they have purchased.

Dr. S. LOVEGROVE, M. D.

From A. Woodward, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the great utility of the author of the "Medical Manual." Numerous cases of Disease of the Genital Organs, some of them of long standing, have come under my notice, in which I think it has been manifest in restoring to perfect health, in some cases where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disarrangement of the functions produced by self abuse or Excess of venesy, I do not know his superior in the profession. I have been acquainted with the author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recommend him as one in whose professional skill and honor they may safely confide themselves.

ALFRED WOODWARD, M. D.

This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his son. The author has devoted many years to the treatment of, and with too little breath to puff, and too little pretension to impose, he has offered to the world, at the mere nominal price of 22 cents the fruit of some twenty years' most successful practice."—*Herald.*

"No teacher or parent should be without the knowledge imparted in this invaluable work It would save years of pain, mortification and sorrow to the youth under their charge."—*People's Advocate.*

A Presbyterian clergyman in Ohio, writing of "Lawter's Medical Manual" says—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been ruined, if not broken down, and they do not know the cause or the cure. Anything that can be done to enlighten and instruct the public mind as to check, and ultimately to remove this wide spread curse of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generation. Intemperance (or the use of intoxicating drink,) though it has slain thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy (in sealed envelope) will be forwarded free of postage, to any part of the U. States for 25 cents, or seven copies for $1. Address (post paid) COLDEN & Co., Publishers, or Box 196, Philadelphia.

Hemsley's Worm Destroying Syrup.

PRICE 25 CENTS.

PREPARED ONLY BY

Levin H. Campbell.

Druggist, Easton, Maryland.

When we consider the great number of worms who die annually in the human system, we feel that it is of importance to have a medicine which should be in possession of some medicine that would destroy them, which will combine safety and efficiency in its employment. This desideratum is supplied by the WORM DESTROYING SYRUP. It is our wish, merely in one dose to throw around this preparation, the unnecessary and extravagant eulogiums with which such medicines are usually ushered into notice; we only desire for it a fair and judicious trial, to secure it full confidence. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by the public. The presence of worms may generally, with readiness, be detected by the following SYMPTOMS.

Variable appetite—foul tongue—fetid breath—full, hard and tense abdomen—dull, heavy expression of the countenance—a short dry cough—grinding of the teeth during sleep—restlessness—disordered and irregular dreams—starting and screaming in sleep—picking of the nose—pain in the bowels, and frequently convulsions or convulsions ended by slow fever.

THE GREAT

KENTUCKY REMEDY!

DR. JOHN BULL'S

SARSAPARILLA.

This medicine, when used according to directions will cure, without fail:—

Scrofula, or King's Evil, Cancers, Eruptions of the Skin, Erysipelas, Tumors, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Pains in the Bones or Joints, Old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Diseases arising from the use of Mercury, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Lumbago, Coughs, Colds, Dropsy, Jaundice, Costiveness, Bronchitis, Weakness of the Chest, Sore Throat, Pulmonary Affections, and all other Diseases tending to produce Consumption. Liver Complaints, Female Irregularities and Complaints, Low Spirits, Sick and Nervous Headache, Night Sweats, Exposures, or imprudence in life, Chronic Constitutional Diseases, and as a Spring and Summer Drink, and General Tonic for the System, and a gentle and pleasant purgative, it is superior to Blue Lick and Congress Water, Salts or Seidlitz Powders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree, there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY.

☞ Testimony like the following renders superfluous all comment on the efficacy of Bull's Sarsaparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases to which it is applicable. L. P. YANDELL, M. D

Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 20, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use. M. PYLES, M. D.,

Resident Physician Louisville Marine Hospital

LONDON, KY., April 25th, 1850.

SIR—Permit me to address to you a few lines, and do me the favor to reply to a request that I will make in the conclusion of this letter, etc.

I am a graduate of Transylvania Medical University; I have practiced medicine in this wilderness country, about five years, but owing to exposure to bitter cold weather, I have been infatuated with Acute Rheumatism about six months. After having exhausted my skill in the treatment of my case, and deriving no benefit, I was induced to give your Bull's EXTRACT OF SARSAPARILLA a fair trial, and accordingly purchased a bottle of your medicine from your agent, Mr. George P. Brown, about two weeks ago, and I must confess that one bottle has entirely cured me. It is my opinion, that your preparation of Sarsaparilla is decidedly superior to any other preparation now in use and I will take great pleasure in recommending it to the afflicted as being a remedial agent, and I will advise the physicians to use it in their practice, etc.

Respectfully yours, B. B. ALLEN, M. D.

LOUISVILLE, July 13th, 1849

I have examined the list of articles that compose John Bull's Extract of Sarsaparilla, and I have no hesitation in saying that it is a safe and valuable compound. I would prefer it to any article now in use, for the diseases arising from an impure state of the blood or taint of the system. I
