SATURDAY, - - MARCH 31, 1906

THE State tax for the next two years will be 16 cents, a reduction of 7½ cents thanks to a Democratic Legislature.

THE big coal strike, in which 500,000 men will quit work, is announced to begin Monday.

THE Haman oyster bill and Murphy election bill look like dead ducks at this writing. The people of Kent will not cry over the defeat of either.

THE death of Dr. John H. Hessey, of Hanesville, removes one of our best citizens from Kent. He was a man of generous heart, and lovable disposition, one skilled in his profession and who never failed to answer the call for help however poor the patient nor however stormy the night. His place will be hard to fill in Worton and the community in which he practised.

WE announce with sincere regret the death of Mr. Norval E. Ford, who has for so many years been the Maryland editor of the Baltimore Sun. He was a wide awake newspaper man, fair and just to all interests, and with personal characteristics of the most charming kind.

SENATOR FRANCE, of Cecil, played the smallest kind of "peanut politics" when he attempted to defeat the confirmation of Judge Crothers' appointment as an Associate of this Circuit. He was badly left in his effort however and no doubt by this time feels heartily ashamed of himself. Every member of the Senate, Democrat and Republican, voted for the confirmation except France, and the latter was roundly scored by many Senators for his unjust personal attack upon Judge Crothers.

Judge Edwin H. Brown.

The death of Judge Brown was received in Kent county with extreme sadness. He was admired by everyone for his clear, logical reasoning powers, for his unbiased opinions, his courtly manner, impressive presence and splendid legal mind. He was a man of highest motives, strict integrity, and unsullied character and the whole Circuit feel the sad loss.

Judge Austin L. Crothers.

Gov. Warfield has named Austin L. Crothers, of Elkton, as associate judge of this circuit to fill the vacancy caused by the death of Judge Brown. His appointment was promptly confirmed by the Senate and he will serve until November, 1907 when there will be a judge elected.

This appointment gives perfect satisfaction in Kent. Mr. Crothers has served as State's Attorney for Cecil county and represented that county in the State Senate for several sessions. At these sessions there were men of ability and high standing, but among them all his leadership was undisputed. As chairman of the Finance Committee he was a faithful guardian of the State Treasury.

He is a man of judicial temperament, never hasty in arriving at conclusions, and never until he has looked on both sides of the question. But when he once reaches a conclusion he is firm in maintaining his position. He will adorn the bench with many excellent qualifications, not the least of which are unfailing patience and courtesy.

THE ELECTION BILL.

The Senate Committee on election's reported the Murphy Election bill with two amendments, as follows:

First—To strike out the clause providing that an entire ballot shall not be vitiated because too many candidates for a single office are voted for.

Second—To strike out the clause which permits a ballot to be folded wrong and still be counted.

The other principal features of the bill will remain unchanged. These are:

First—Providing a heavy penalty for providing for the elections trick ballots or those giving one political party undue advantage over another.

Second — Prohibiting nominations made with a view to mislead voters and not with a bona fide purpose.

Third—Providing that ballots shall be counted, even though the ends of the cross marks extend beyond the square.

Fourth—Permitting the use of any black pencil in marking.

Besides these the bill contains other excellent features which will remove the cause of complaint against Maryland elections laws, which now disfranchise so many thousands of Democrats, as well as Republicans.

Canal Bill Dead.

The bill to allow the Chesapeake and Delaware Canal Company to charge toll on passengers carried through the canal came up in the Maryland Senate, and was indefinitely postponed by a vote of 14 to 13. This kills the bill so far as this session of the Legislature is concerned. Senator Clarence W. Perkins, of Baltimore, lead the fight in opposition to this bill which would have been especially hard on Kent county.

OFFICERS of the Equitable Life Insurance Co. have been arrested and charged with grand larceny.

THE Legislature will finally adjourn Monday night.

THERE will be no Bel Air Fair this year.

SUNDAY was Temperance day throughout the United States. It is evident that this cause is advancing. This week the Ohio Legislature raised the license from $350 to $1,000 and it is estimated that more than 6,000 saloons will be doomed. On the island of Iceland not a drop of alcoholic liquor is made, and its 78,000 people are total abstainers, since they will not allow any liquor to be imported. There is not an illiterate on the island—not a child ten years old unable to read, the system of public schools being practically perfect. There is no jail or penitentiary on the island, for none are needed; but in place there are special seminaries and colleges, several good newspapers and a printing establishment, which every year publishes a number of excellent books on various lines. It is with sadness we have to admit that Iceland is an ideal land, with which our so-called Christianized nation is no comparison.

Doesn't Recognize Green.—An examining board of surgeons at the Naval Academy is considering the unusual case of G. M. C. F. P. Kenton, of Centreville, Md., who was appointed to the Naval Academy by Congressman Thomas A. Smith.

Apparently young Kenton is color blind as to one color, green, but it is not certain whether it is merely a lack of perfect acquaintance with the names of colors. It is likely that a further test will be given him. Kenton passed his mental examinations last spring and has just been given his physical tests. Congressman Smith has appointed as first alternate Pere Wilmer, also of Centreville.

Hurls Hot Shot at Bachelors.—Bachelors of this peninsula are agitated over the oratorical volleys hurled at them recently by Rev. Wm. J. Bermingham, in St. Patrick's Roman Catholic Church, Wilmington, Del., during a discussion of "Courtships and Marriage." He defined the doctrine of the Catholic Church on the subject, and among other things said: "A man without a home is dangerous Woman's place is at home and not making speeches on public topics or some assembly. Parents should learn the intentions of young men who call upon their daughters a sufficient length of time. Bachelors seldom save their souls. One year is long enough for a couple to go together. If they don't know one another in that time they never will. If a man can't save enough in a year to get married, he never will save it. During the past year there were but twenty-three marriages in this Parish, and half of them were of persons from Philadelphia and other cities."

THE Queen Anne's House delegates have been voting this week with the Republicans on the election bills. The Democratic voters of our sister county who helped to elect these "independents" upon the claim that they were Democrats no doubt rue their folly.

W. A. CARROLL will have his Easter shoe adv. in the NEWS next week. Messrs. McIntyre & Hodgkins have a pretty Easter display in their window.

WHITE CORN

FARMERS, BE SURE TO PLANT WHITE CORN! White Corn will be in great demand in Baltimore next fall, because the Baltimore Pearl Hominy Co., which was burned out in the fire of 1904, is rebuilding, and will have one of the largest and finest plants in the United States. This WILL REQUIRE 15,000 BUSHELS OF WHITE CORN EVERY DAY. Therefore, it will be far more profitable for farmers to plant WHITE corn, rather than the yellow or mixed kinds. PLANT WHITE CORN.
