HAND BILLS of all kinds executed at the STAR office in the best style, and at short notice. feb11

HEALTH OR SICKNESS.

Choose Between Them.

HOLLOWAY'S PILLS.

THE blood nourishes the material of every tone, muscle, gland and fibre in the human frame. When pure, it secures health to every organ; when corrupt, it produces disease. HOLLOWAY'S PILLS operate directly upon the elements of the stream of life, neutralizing the principle of disease, and thus radically curing the malady, whether located in the nerves, the stomach, the liver, the bowels, the musales, the skin, the brain, or any other part of the system.

USED THROUGHUT THE WORLD.

HOLLOWAY'S PILLS are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

ALARMING DISORDERS.

Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives, in all cases, however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution at the same time.

General Weakness—nervous Complaints

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and enfeebled muscles of the victim of general debility.

Delicate Females,

All irregularities and ailments incident to the delicate and sensitive organs are removed or prevented by a few doses of these mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.

Scientific Endorsements.

The London "Lancet," the London "Medical Review," and the most eminent of the faculty in Great Britain, France and Germany, have eulogized the Pills and their inventor—

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma,	Diarrhœa,
Bowel Complaints,	Dropsy
Coughs,	Debility
Colds,	Fever and Ague,
Chest Cliseases,	Female Complaints
Dyspepsia	Headache
Indigestion	Stone and Gravel,
Influenza	Secondary Symptons
Inflammation	Venereal Affections
Inward Weakness	Worms, of all kinds,
Liver Complaints,	Lowness of Spirits, Piles

Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and 224 Strand, London, and by all respectable Druggists and Dealers of Medicines throughout the United States, and the civilized world in boxes, at 25 cents, 62½ cents; and $1 each

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box

CAUTION!—None are genuine unless the words "*Holloway, New York and London,*" are discernible as a *water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same; knowing them to be spurious.

THE EASTON FOUNDRY
IN FULL BLAST.

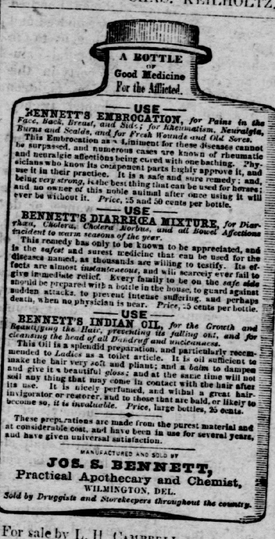

THE farmers of Talbot and adjoining counties are informed that my **New Foundry** on the front street, at the lower end of town, on the road leading to Trappe, in Easton, is now in full operation, where all kinds of casting for the farmers can be done at the shortest notice, and in the most satisfactory manner.

I have on hand, and intend keeping a full supply of the following articles:

PLOWS and PLOW-CASTINGS of all kinds; HARROWS, CULTIVATORS, &c., which will be sold *below Baltimore prices, for* CASH. As I have been at great expense to fit up a complete Foundry, I hope the farmers will give me a liberal patronage, and spend their money at home instead of sending it abroad. Nothing will be left undone to give entire satisfaction.

Coach & Harness MAKING.

THE subscriber (surviving partner of Anderson & Hopkins,) takes this method of informing his friends and the public generally that he has taken the shop, stock, &c., of the late firm, and will hereafter carry on the Coach Making business in his own name. From his long experience in the business he flatters himself that he will be able to give general satisfaction, and hopes by a prompt and faithful attention to business, to merit a continuance of that favor and patronage which have heretofore been so liberally extended toward him.

He is prepared to manufacture Carriages of all kinds to order, in a very superior manner, at short notice, and on reasonable terms. Repairing also executed with neatness and despatch.

He has now on hand and ready for sale a fine assortment of Carriages, Harness, &c., both new and second hand, of various patterns and finish, which he would respectfully invite the public to call and examine.

Orders from a distance punctually attended to, and all new work warranted for 12 months.

Also, a good assortment of **Groceries,** &c.

All of the above goods have been selected with great care and bought at the lowest figure. My former friends and the public generally are invited to give me an early call and examine my stock of goods, and I think they will find me as accommodating as ever, and willing to sell on fair terms.

The public's ob't serv't.

ap8 CHAS. ROBINSON.

N. B.—Those of my friends whose accounts are of long standing will please try and see if they can't help me to a little of the one thing needful (*money*), and they will confer a lasting obligation on their friend C. R.

PIANOS, MELODEONS,
AND MUSIC.

THE CASH SYSTEM ADOPTED!—PRICES GREATLY REDUCED.

HORACE WATERS,
No. 333 BROADWAY, NEW YORK,
Agent for the best Boston and New York Instruments.

THE largest assortment of Pianos, Melodeons, Musical Instruments, and Musical Merchandise of all kinds, in the United States. Pianos from TEN different manufactories, comprising those of every variety of style, from the plain, neat and substantial 6½ octaves, in Walnut or Rosewood Cases, from $150 to $200, to those of the most elegant finish up to ONE THOUSAND DOLLARS. No house in the Union can compete with the above in the number, variety, and celebriety of its instruments, nor in the extremely low prices at which they are sold.

Horace Waters' modern improved Pianos, with or without Iron Frames, possessing in their improvements of over-strings and action, a length of scale, power, and compass of tone equal to the Grand Piano, united with the beauty and durability of structure of the square Piano. They are justly pronounced by the Press and by the first musical masters to be equal to those of any other manufacturer.—They are built of the best and most thoroughly seasoned material, and guaranteed to stand the action of every climate.

Each Instrument guaranteed to give satisfaction, or purchase-money refunded. Second hand Pianos at great bargains, constantly in store, price from $30 to $140.

Horace Waters' Melodeons, superior Instruments in tone, touch and durability of make (Tuned the equal temperament.) Melodeons of all other styles and makes. Price, $45, $60, $75, $100, $125, $140; double Reeds, $150; double Reeds and two banks of Keys, $200. Less a liberal discount. Clergymen and Churches, an extra discount.

Martin's Guitars, Brown's Harps, Flutes, Flutinas, Accordeons, Violins, and Musical Instruments of all kinds, at lower prices than ever before offered to the public. A large discount to Teachers and Schools. The trade supplied on the most liberal terms.

MUSIC:—One of the largest and best selected catalogues of Music now published, comprising many of the choice and most popular airs of the day, and will be sold at one-third off from the regular prices.

Music sent by mail to all parts of the country, post-paid. Particular and personal attention paid to all orders received by mail.—tisfactin guaranteed in every instance. Pianos and Melodeons for rent, and rent allowed on purchase. Pianos and Melodeons for sale on monthly payments. Second-hand Pianos taken in exchange for new. General and select Catalogues and Schedule of prices forwarded to all parts of the country by mail.

Great inducements offered to Agents in all parts of the country to sell the Horace Waters' Pianos, Melodeons, and Catalogue of Music. iy12

BALTIMORE COMMERCIAL COLLEGE,
Nos. 99 and 101 Baltimore Street.

O. K. CHAMBERLAIN—President, and Lecturer on Commercial Science.

E. K. LOSIER—In charge of Writing Department.

G. W. KEMP.—In special charge of Mercantile Calculations, and associate in Bookkeeping.

J. M. PHILLIPS—Instructor in Bookkeeping Department.

S. T. WILLIAMS, Esq.—Lecturer on Commercial Law.

Three years have not yet elapsed since the establishment of this Institution, during which time upward of eight hundred students have been in attendance, (representing nearly every State in the Union,) among whom are numbers in Baltimore, and elsewhere, occupying prominent positions as business men and accountants.

COURSE OF STUDY.

BOOKKEEPING.—The Principal has the utmost confidence in assuring the public, after an experience of fourteen years, in qualifying young men for the Counting Room, and other important stations, and an extensive acquaintance with the management of business books of every description, (assisted as he is by two scientific accountants,) that the course of training in this department is eminently practical, and well adapted to the various pursuits of Commerce and Trade, including Individual Partnership, Mercantile, Manufacturing, Commission, Exchange, Banking, Shipping, Steamboating, Compound, Company operations, &c., &c.

PENMANSHIP.—The exercises under this head are free, easy and graceful, combining rapidity of execution with beauty of construction, thus enabling the student to write an elegant business hand on completion of the course.

MERCANTILE CALCULATIONS—In all their various bearings, are taught by the most accurate and expeditious method.

Daily lectures delivered upon the Science of Accounts, Mercantile Customs, &c., these in connection with series of lectures on Commercial Law, are of highest important to a aspiring to occupy honorable positions in the business world. It is generally conceded that the plan of intruction here carried out is more thorough and practical than at any similar institution, combining as it does a the faculties for a complete business education.' For terms, &c. write and receive a circular by mail. sep 18—2y

CLOTHING
Cheaper than Ever.

LEWIS NUSBAUM, Easton, Md., would inform the citizens of Talbot and surrounding country, that he has just returned from the city with one of the largest assortments of READY MADE CLOTHING ever on this Shore, in regard to equality and price. He has fine black frock and dress Coats; business Coats of all colors and sizes. also fancy and plain Cassmere and Cassinet Pants, Vests of all kind and quality. His assortment of Hats and Caps is the best he ever had. Also Trunks and Carpet Bags. A fine lot of all kinds of Shirts and Drawers, stocks, Collars, Handkerchiefs, and other articles in the furnishing line in great variety. Being enabled to sell as cheap as if not cheaper than any other establishment in this town or elsewhere, and by assiduous efforts to please, he hopes to merit a continuance of the public favor. mar10

To Farmers and Gardeners.

MAPES' NITROGENIZED AND MAPES *IMPROVED SUPER PHOSPHATE OF* **LIME.**

FOR SALE IN BAGS OF 160 LBS. EACH.

THE subscribers have been appointed the sole agents in Baltimore for the sale of these celebrated fertilizers, and have constantly on hand a full supply at the following prices:

Mapes' Nitrogenized Super Phosphate of Lime, at 2½c per lb.
Improved " 2½ per lb.

N. B.—These are the manufacturer's prices in New York, and at his factory in New Jersey.

The Improved Super Phosphate is composed of bone dust, sulphuric acid, Peruvian Guano, and sulphate of ammonia. The Nitrogenized has the same ingredients mixed with an equal weight of dried blood. For poor soils or soils deficient in nitrogenous substances the Nitrogenized will be found of greater value than any manure known.

To those desirous of testing the effects of these fertilizers samples will be furnished on application to us.

We have also pamphlets containing acknowledgments of their merits from many well known Agriculturists, giving free instructions as to their application, with certificates of complete analysis of them made by eminent chemists.

Also, Mapes' Potash Phosphate for grass and grain crops; wheat, rye, oats, corn and barley for sale at 12c per lb., in bags of 160 lbs. each. This article is particularly recommended for top-dressing of grass and grain crops.

Also, Mapes' Cotton and Tobacco Fertilizer, prepared especially for these crops, for sale at 2c per lb., in bags of 160 lbs. each.

N. B.—All these manures are compounded by Prof. Mapes himself.

Orders by mail from strangers should be accompanied by the money or proper references.

mar3 DAWSON & BRO.

MEAL, of a good quality, for sale by

feb17 JOHN TALBOTT.

Willard's Patent Planter and Sower.

THIS is an ingenious machine, for which letters patent were granted to Mr. HOZEA WILLLARD in May last. It was exhibited during the last season at several State Fairs, always commanding universal admiration. Large quantities are now being manufactured for use during the coming spring, and it is believed that a machine that accomplishes so great a saving of labor, must at once come into general use. It is especially adapted for the South, and our enterprising planters will find it worthy of their attention. The machine is of about the size of an ordinary cart. The following descriptionis from a late number of the *United States Journal:*

"To the agriculturist this is, undoubtedly, the mos tvaluable patent that has been issued for many years. It is intended for sowing broadcast, covering and harrowing at the same time, for sowing in drills and also for planting in hills, and will accomplish either object as well as could possibly be done by hand. The grain is placed to cylinders, which are made to revolve with the motion of the wheels of the cart. As the holders rotate the grain passes out through the screens to the ground. The seeds are evenly distributed and the machine may be regulated to sow any given amount to the acre with perfect accuracy. The grain is covered by the revolving harrow, which receives its motion from the cart wheels.—This harrow revolves with great rapidity in the opposite direction from its foward motion, thus harrowing up the ground instead of matting it down, and tearing to piecies and stubble, soils, and maunre, and leaving them behind instead of drawing them together in bunches as with the common harrow. The holders can easily be taken off, and the revoling harrow used for mellowing and preparing the ground, which can be accomplished with it much more rapidly and sufficiently than with a horrow constructed on any other plan.

"For sowing in drills the harrow is taken off and the guides, as seen in the engraving on the inclined board, are changed so as to make the seeds drop into the drills prepared by furrows, attached just ahead of the board. A covered for each furrow is attached just behind, constructed so as to hoe the light dirt on to the furrow, and compressing it upon the seeds

"The arrangement is the same for planting in hills, excepting that the guides are changed so as to drop the seeds into hills. It can be regulated to drop any number of grains in each hill to make the hills any distance apart, and to cover any depth that may be required. The attachment for planting and covering is very simple, and so ingeniously arranged as to prevent the lumps and stones from being thrown upon the grain, while it compresses the dirt upon the seeds much better than could be done with either hoe or roller.

"Another very valuable feature about this machine is an attachment for preparing cotton seed, consisting of an extra cyinder in which the seeds is placed, made to revolve, by the motion of the wheels in the same manner as the other. By this arrangement the seed is prepared at the same time it is being dropped from the other cylinder and can be planted with this machine without rubbing or any other previous preparation, as well as other kinds of grain.

"The whole machine is extremely simple in its construction, is no more liable to get out of order, and is as easily worked as any ordinary agricultural implement. Although entirely new, it is no doubtful experiment, as it has been thoroughly tried for all purposes, and its practical operation exhibited during the last season at various State Fairs, commanding in all cases the universal admiration of the whole agricultural community."

PRICES WITH RIGHT TO USE IN COUNTY:

Machine complete	$100 00
Machine complete without the extra attachments for prepairing Cotton seed	80 00
Machine for sowing bread cast, and harrowing only	70 00

The machines are now being manufactured and sold by J. M. EMERSON & CO., No. 1 Spruce Street, New York
