BRYAN'S reception in New York is going to be a big affair. Messrs. Marion deK. Smith and R. D. Hynson are on the committee from Kent.

WITH a moderate tariff, the Canadian foreign trade has increased $82,000,000 during the past year over the year previous. How do our high protectionists account for it?

A TERRIFIC EARTHQUAKE visited Chile on Saturday. Estimated loss in Valparaiso $250,000,000; Santiago and other places, $25,000,000. Death list in Chile 2,000; cable companies estimate total loss at 7,000. Nine cities suffered in shock and many small villages were wiped out.

WITH Jerome and Hearst as candidates for Governor in New York the people would be treated to a rich display of chin music. Mr. Jerome has been the special target of Hearst's paper while Jerome with his ready tongue flays the journalist unmercifully. It will be a picturesque affair to say the least.

WHEAT is ten cents a bushel lower in price than last year, although it is still protected by the tariff rate of 25 cents a bushel. The price of all the farmers are buying is however at the top notch and in fact the price of all trust products protected by the tariff, is higher this year than last. Puzzle, why do some farmers support the Republican tariff-trust policy that plunders them.

THE peach crop has been a great disappointment to the farmers in Kent and Queen Anne's counties and the season has been cut short by several weeks. The rains have rotted the fruit to such an extent that it has been impossible to pick it, and even when narvested the peaches would rot before arriving at their destination. Scores of farmers are allowing their fruit to rot and others are feeding it to hogs. The yellows has also attacked the trees and caused serious loss.

THE interest displayed in the Greater Baltimore Jubilee by Maryland in general is not to be wondered at when the close relationship between these two great factors of the commonwealth are considered and it is therefore not surprising that we are advised from the Jubilee headquarters that from every portion of the state there are being received letters offering encouragement and co-operation and promising giant delegations at the big celebration that is to be held September 9th to 16th in commemoration of recovery from the fire that devasted nearly the entire business section of the city thirty months ago.

Three magnificent street pageants in each of which will march upwards of 45,000 men are on the program for September 11th, 12th and 13th. A military parade in which there will be the entire National Guard of the state and visiting companies from the commonwealths besides many regulars will be the feature of the first day. An industrial parade in which there will be countless handsome and expensive floats, tens of thousands of members of various civil organizations, will be the second day's offering. A parade of firemen in which the Baltimore companies will be augmented by nearly all the out of town companies which helped subdue the fire will be the piece of resistance of the third day. All in all it will be a great occasion and the state of Maryland and the good people thereof should be and will be there in large numbers to add to the gala effect and enjoy a rich treat.

THE Evening News, of Baltimore, on Saturday says: "State Senator Foxwell of Kent county came to town today to see Governor Warfield. Mr. Foxwell is a Democrat of independent leaning, and his term in the Senate expires with the next election. Asked if he would be a candidate to succeed himself, Senator Foxwell said:

"I haven't made any announcement, but everybody seems to think I will be. But, then, I don't believe in early announcements."

"What's Kent going to do for Congressman Thomas A. Smith this fall?" Senator Foxwell was asked.

"Going to give him a majority over Mr. Jackson," came the reply.

"Can Mr. Smith defeat Mr. Jackson again this year.

"I think so."

Capt. Cecil R. Atkinson has announced himself as a candidate for the Democratic nomination for the Senate in Kent, so a contest is in prospect.

A Pleased Advertiser.—The NEWS often gets complementary letters and we publish the following from Clements & Co., Crumpton, as a sample.

MESSRS. EDITORS KENT NEWS:
Surely wish to thank you for the good you have done us. A gentlemen near Still Pond saw our ad. in the NEWS Saturday while waiting for his dinner and when he read it said, I am going to look at that harness advertised by ——. Sold him the harness and a nice bill, also had a new lady customer from beyond Millington who said she came from seeing the add in the NEWS.

Big Sales.—At the public sale of E. Thomas Massey, near Massey, Wednesday, a large crowd was present and the bidding was quite lively and animated, the auctioneer, J. Ford Caulk, realizing good prices on everything. The horses and cattle were in excellent condition and brought most satisfactory prices.

The sale of T. E. W. Crew's stock at Kennedyville also was well attended and everything sold well. Horses brought from $65 to $135; cows from $25 to $35.

John P. Ahern and Henry Tonkin, trading as Ahern & Tonkin,
versus
Henry C. Stevens, Peter Stevens, Benjamin F. Stevens, Annie Magee and Richard Magee, her husband: Mary E. Pearson, Alphonse H. Pearson, her husband; James W. Stevens, Frank W. Stevens, Elizabeth F. Stevens, Georgie W Stevens, Michael Stevens, Ida Stevens; Benjamin W. Duling, James B. Poor and Walter Manning.

In the Circuit Court for Kent County, in Equity.

THE OBJECT of this suit is to procure a decree of this Honorable Court for the sale of a portion of the real estate of John Stevens, deceased, and to divide the proceeds among certain holders of mechanic's liens thereon.

The Bill states that the complainants contracted with the said John Stevens to furnish the materials to be used in the erection of a dwelling house, to be built by said John Stevens on a lot of land of which said Stevens was the owner, or reported owner, situate on Crane street, in the town of Millington, Kent county aforesaid.

That the complainants did furnish the materials used in the erection of said building. That this claim therefor being overdue, they demanded payment for the material furnished, and same was not paid That you orators filed in the Clerk's Office of the Circuit Court their claim as a lien against said building and the ground upon which same is erected.

That the said John Stevens departed this life in the month of April, 1906, leaving the said Ida Stevens, his widow, and Henry C. Stevens, Peter Stevens, Annie Magee, formerly Annie Stevens, who had intermarried with a certain Richard Magee, Mary E. Pearson, formerly Mary E. Stevens, who intermarried with a certain Alphonso H. Pearsons, John W. Stevens, Frank W. Stevens, Elizabeth F. Stevens, Georgie W. Stevens, his only children and heirs at law.

That said Benjamin W. Duling and James W. Poor duly filed their respective claims for work done in and about the erection of said dwelling house. That said John Stevens purchased the said lot of land from the said Walter Manning, and the complainants are advised that a part of said purchase money remains unpaid.

That the said John W. Stevens, Frank W. Stevens, Elizabeth F. Stevens, Georgie W. Stevens and Michael Stevens are infants, under the age of twenty-one years. That the said Annie Magee and Richard Magee, her husband, reside in the state of Pennsylvania; Mary E. Pearson and Alphonso H. Pearson, her husband, reside in the State of Delaware; and all are non-residents of the State of Maryland; and the bill states that it will be necessary that the said house and lot of land be sold in order that the lienors may have their claims paid out of the proceeds of sale.

It is therefore this 23d day of August, 1906, ordered by the Circuit Court for Kent county, in Equity, that the Plaintiffs by causing a copy of this order to be inserted in some newspaper published in Kent county, Maryland, once in each of four successive weeks before the 26th day of September next, giving notice to Annie Magee and Richard Magee, her husband, of the State of Pennsylvania, and Mary E. Pearson and Alphonso H. Pearson, her husband, of the State of Delaware, and non residents of the State of Maryland, of the object and substance of this bill, and warning them to appear in this court, in person or by solicitor, on or before the 12th day of October next, to show cause if any they have, why a decree ought not to pass as prayed.

A Money Saving Opportunity for Wearers of GOOD SHOES

Having signed a contract with the well-known firm of N. Hess & Sons to take charge of their Baltimore City store from Sept. 15th, it compells me to close out my entire stock of Shoes in Chestertown. My stock here is nearly Five Thousand Dollars in Ladies', Men's, Boys' and Misses Shoes and Rubbers.

You knew that for the past four years I have sold you all shoes that were stylish, look looking and kept their shape; and best of all, wore you as well and were better than shoes you bought elsewhere. I have always tried to give the best leather shoes that money and twelve years experience could buy.

You need not think that you will come to me expecting to get a $5.00 Shoe for $1.50. We are going to SELL OUT—no fake sale. We will sell shoes at cost price, even less than you can buy them to-day at factory prices When you can save a dollar or so on a pair of shoes this opportunity seldom comes to you. All we ask of you is to come to see us and we will prove to you what we say we will do. But don't put it off, for this sale will only last about two weeks, as my contract compels me to report for work at the well known firm of N. Hess & Sons, Baltimore, by September 15th,

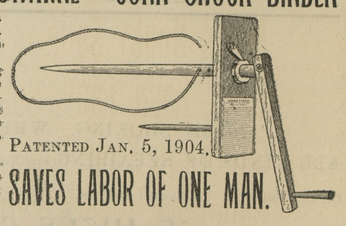
We will sell you shoes for less than you ever have or will be able to buy them for some time to come, and it will pay you to buy for the future. Very respectfully yours

W. AMBROSE CARROLL.

P. S.—Come at once—time is short.

FARMERS TAKE NOTICE—THIS IS WHAT YOU NEED

THE AMERICAN "FONTAINE" CORN SHOCK BINDER



Saves labor of one man. Pays for itself in a few hours. It prevents corn shocks from falling or being blown down. Prevents shocks from getting wet inside when it rains. One man alone can operate it perfectly, and with it can bind shocks as rapidly as twelve or fifteen men can cut and set up the corn. One man can easily apply a pressure of 600 lbs. to the top of a shock. Weighs only 3 lbs. Don't wait until you are ready to cut your corn, but order to-day.
