Progressive Betterton.

Improvements have already begun for the summer attractions, such as skating rink, pool parlors and more bowling alleys.

Betterton needs more attractions along this line to make the resort more popular in summer as there is nothing to boom it in winter, no work for the people, nothing to do but loaf, some few have employment the year through, the places of business are small and cannot give employment to all who have to work for a livelihood. We would like to see something erected here to give work the year round.

Last week seemed to be the week for Politicians and Fish Solicitors. Senator Foxwell called on some few of his friends, but he did not seem to be looked after quite as eagerly as about fourteen months ago. We must try and forget the past. The good book teaches us when we are slapped on one cheek just turn the other and take another slap.

Mr. John Brice is being urged by his many friends to be a candidate for sheriff. Capt. Brice seems to have grown quite popular the last few weeks, no doubt he would make a good sheriff for he is large in statue.

Our men who are engaged in fishing have had an excellent season, though they earn every dollar they get, they pay the highest of wages and are subjected to the most severe weather, especially this spring for we have had very little calm and sunshine.

Last Tuesday morning the boys were looking after their nets on the shore, when a solicitor from one of the houses in Philadelphia appeared on the scene. The weather cold and damp with drizzle of rain, the gentleman thought he would show his kindly feeling for them, said boys come over to the Chesapeake Hotel and have a drink, the fellows thought he had brought plenty with him and readily accepted the invitation, upon reaching the office of the hotel he called for the bartender when to his surprise he was told this was a dry town. The question is who was the most disappointed, the fishermen or solicitor?

Mr. Charles Brice has opened a butcher shop and is doing quite a large business better than he expected, he handles fresh vegetables and the finest of meats, we wish him success in his new enterprise as he is a boy of unquestionable character.

We are anxiously awaiting the arrival of Spring as it has been shipped by slow freight and been side tracked some where along the line.
