JUST IN TIME.

Some Chestertown People May Wait Till It's Too Late.

Don't wait until too late.
Be sure to be in time.
Just in time with kidney ills
Means curing the back
Before backache becomes chronic;
Before serious urinary troubles set in.
Doan's Kidney Pills will do this.
Here is testimony to prove it.

Mrs. William Holston, 218 S. Governors Ave., Dover, Del., says: "I was in a bad way with my back and kidneys. I could hardly arise and had to be very careful how I moved as sharp pains often darted through my kidneys. I was treated by doctors, but found no relief. In fact, I steadily grew worse. The kidney secretions passed too frequently but were scanty and distressing and on arising in the morning, my back was so lame that I could hardly move. I finally procured Doan's Kidney Pills as they had been highly recommended as a cure for such troubles. I used two boxes and every trace of my complaint was removed. I think so well of Doan's Kidney Pills that I will substantiate this statement to anyone asking me about it."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MARYLAND'S IMMIGRANTS

Fifty-five Families From the West Seeking Homes Here.

Fifty-five families in the West are seeking homes in Maryland. They are casting their eyes upon Maryland, as a result of the work of the State Immigration Bureau.

Adam Schaler, of Colorado, with whom the bureau has been negotiating for sometime, was in Baltimore recently in advance of a colony of 50 families, and suitable lands are being picked out for his inspection. This colony will bring to Maryland no less than 250 citizens.

"The past year has been productive in the way of desirable immigration," said Dr. Hines recently. "A better class of settlers are being attracted here, a class which comes with money to invest and with the idea of establishing a permanent home in this State, rather than to seek work for a few months then drift on."

As high as 42 families have settled in many counties in this State during the year, according to the records of the bureau. In many counties from 20 to 30 families have come, a particular instance being that of St. Mary's, which has received 24 families.

Arrangements are being made by the bureau officials for even a more vigorous campaign this year for the class of immigration that is native. This, they say, does the state infinitely more good than the foreign immigrant who prefers the city to the country as a place of abode.

Send some of your desirable settlers over to Kent, Dr. Hines.

WORLD'S TWO RICHEST WOMEN FROM THE U. S.

Hetty Green, With $90,000,000, Leads the List of Ten.

A list of the 10 richest women in the world has just been published. Mrs. Hetty Green leads with a fortune estimated at $90,000,000.

Mrs. Russell Sage comes next with an estimated fortune of $85,000,000.

Frau Bertha von Bohlen, daughter of Krupp, the German gun manufacturer, comes third with $80,000,000.

Mrs. Frederick Cortland Penfield, of Philadelphia, is fourth, with $60,000,000.

Mme. Creel, of Mexico, is said to have an income of $5,000,000 a year.

The Marchioness of Graham, by the death of her father, the Duke of Hamilton, came into the possession of an income of nearly $800,000 a year.

The Baroness von Eckhardstein, the daughter of Sir Blundell Maple, has recently come into the second portion of her father's fortune, making her yearly income $550,000.

The Duchess of Roxburghe, who was Miss May Goelet, is credited with possessing a fortune of $25,000,000.

The Countess Szechenyi, who was Miss Gladys Vanderbilt, is placed on the list with $12,000,000.

Mrs. S. G. Ascher, daughter of the late Harry Barnato, is estimated to be worth $10,000,000.

Legal Fight Over Hotel.

Legal action is sought to determine the matter of the possession of the National Hotel, Middletown. On December 2, Charles Devalinger, owner of the property, notified John C. Carroll, the tenant and holder of the hotel license, to surrender the lease on the building. The notice was in regular legal form and duly served. Carroll then had his counsel I. Irving Handy, apply to Chancellor Nicholson for a preliminary injunction restraining Devalinger from taking possession of the property. It was argued for Carroll that he had paid advance rent until October, 1909, and could not now be dispossessed. The Chancellor granted the prelininary injunction. The hotel is one of the best in rural New Castle.

INDIGESTION ENDS.

Misery From Your Disordered Stomach Goes In Five Minutes.

You can eat anything your stomach craves for without fear of a case of Indigeston or Dyspepsia, or that your food will ferment or sour on your stomach if you occasionally take a little Diapepsin after eating.

Your meals will taste good and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Biliousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangule will digest all the food you can eat and leave nothing to ferment or sour.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking to-day and by tomorrow you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Politics Budding.

Queen Annes politicians are beginning already to mend their fences for the primary fight which will come off this summer. The Democratic primaries will in all probability be called the early part of June by the State Central Committee, and will be conducted, as they were in 1907, under the Crawford County System. The Republicans will in all probability hold their primaries the latter part of August or the first part of September. The Independents, who won the fight in that county in 1905, and were defeated in 1907 by a majority ranging from sixty to two hundred and fifty, are also keeping informed on the political situation and awaiting developments before mapping out their course. The Independents have always nominated by petition, after first naming their ticket in open convention with every district in the county represented, and should they nominate again this year, would pursue the same course. From the political gossip you gather from the Democratic organization the primary fight this year seems to be a forerunner of the one to come off two years hence, when the political plums are larger. Talk is rife in the county of an intended split among the organization leaders, a movement being apparently on foot to dethrone the present Democratic management. Whether this can be done or not is future history. As the present organization has in the past been very successful, and has many strong advocates, who will oppose any move in changing the present Democratic management in the county. The fight promises to be of unusual interest, and some deep thinking is now being done by the politicians of all parties in the county.

LEADS IN THE TOMATO PACK.

4,716,000 Cases Put up in the State in 1908—Second in Corn and Fifth in Peas.

According to the annual report of Secretary Frank E. Gorrell, of the National Canners' Association, Maryland packed over 41 per cent. of the tomatoes put up in the whole United States in 1908, with a pack of 4,716,000 cases against a total pack for the country of only 11,478,000 cases, and against Indiana, her nearest competitor, of 1,126,000 cases, Maryland ranks second in corn, and fifth in peas. The corn pack of Maryland was 1,010,000 cases, which, in spite of the fact that she is surpassed by a pack of 1,085,000 cases by Iowa, is almost one-sixth of the total pack of the country, which is 6,779,000 cases. Maryland packed 343,000 cases of peas out of a total pack for the country of 5,577,000, Wisconsin leads in peas, with a pack of 2,200,000 cases. The other states which lead Maryland in the pack of peas are New York, Michigan and Indiana.

IN MEMORIAM.

In loving rememberance of Thomas L. Whittington, who departed this life three months ago, aged 59 years, 2 months.

Once my home was bright and happy,
Oh! how sad and dreary today!
For my dear and loving husband
Has forever passed away.

Friends may think I would soon forget you,
And my wounded heart be healed!
But they little know the sorrow,
That's within my heart concealed.

Rest on, dear husband, thy labor is o'er,
Thy willing hands will toil no more,
A faithful husband both true and kind,
A better husband you could not find.

BY HIS LOVING WIFE EMMA.

Our father is sleeping so free from all pain,
Oh! wake him not sweet spirit to suffer again,
He slumbers so soundly Oh! let him sleep on,
His sickness is ended, his troubles are gone.
Oh! think how he suffered and moaned with pain,
All the long night hours as we soothed him in vain,
Till God in his mercy sent down from above,
The angel that whispered a message of love.

BY HIS DAUGHTER BESSIE.

Day by day we saw him fade,
And slowly pine away,
Yet in our hearts we often prayed,
That he might longer stay.
He has gone to meet our kindred,
Who have journeyed just before,
There to walk and talk with Jesus,
On that bright and happy shore.

BY HIS DAUGHTER ETHEL.

All the world seems dark and lonely,
Since my uncle passed away;
And the days and hours seem longer,
And comfort, seems has lost its sway.
A true and honest friend has gone,
Forever from our sight,
And faces now grow pale with sadness,
That used to beam with light.

But we will never once forget him,
While our feet still tread the soil;
And some day we expect to join him,
When we complete our earthly toil.

By his nephew,
M. O. WHITTINGTON.

CUT THIS OUT AND SAVE IT.

Says Many Persons Here Can Be Made Happy Again By Using It.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest. unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eniment authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the fisrt sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated they can either supply these ingredients, or if our readers prefer, they will compound the mixture for them.

Consumption

is, by no means, the dreadful disease it is thought to be—in the beginning.

It can always be stopped—in the beginning. The trouble is: you don't know you've got it; you don't believe it; you won't believe it—till you are forced to. Then it is dangerous.

Don't be afraid; but attend to it quick—you can do it yourself and at home. Take
