—THE—

Second National Bank

of Chestertown, Md.

Our Last Statement Showed Assets Amounting to:— . . . . . $810,000.00.

Paid in Taxes 15,506.19

TO THE PUBLIC:—

In our letter published in the Transcript during the last two weeks we have shown that the amount of the contribution of the Second National Bank as a tax-payer is the sum of $15,506.19

This week we desire to call your attention to the amount which the Second National Bank has paid in INTEREST to its depositors in the Savings Department in less than ten years.

The Second National Bank has always adopted and acted upon the rule-"WE TREAT EVERYBODY ALIKE." Our smallest depositor is treated by us exactly as is the largest one. No more advantage is given to one than to the other. The result of this method of business shows we have deserved the CONFIDENCE of this community. We believe our success is due to the fact that the people of the county have CONFIDENCE in the conservative management of this Bank and its supervision and control by the National Government. As an evidence of this we have, during less than 10 years past, been able to pay to our depositors as interest on their deposits the enormous sum of $98,582.91

This amount has actually been paid out to our depositors. In other words, during this time we have divided our earnings with our depositors to the extent of a sum NEARLY DOUBLE the Capital Stock of this Bank. No other bank can show that it has benefited this community to such an extent. This sum ($98,582.91) has been received by the thrifty men, women and children, widows and orphans of this county.

We propose in our next letter to show to the Public, our Friends and Patrons the amount this Bank has paid to its Stockholders, in interest, since its organization. This exposition will be interesting and we invite you to read these letters just as if they were personally addressed to you

This Bank is BETTER, BIGGER AND STONGER THAN EVER.

We pay interest on all Savings accounts.

If you are not a customer of this STRONG BANK we earnestly request you to become one, you will be treated ALL RIGHT.

Very respectfully,

THE SECOND NATIONAL BANK
OF CHESTERTOWN, MD.

THE VEHICLE.

With each spring the question of a new carriage comes up. When you begin to think about a Top Buggy, Surry, Runabout or a special type of vehicle, we want you to think of us. We have spent the winter planning for your needs, picking the best from the builders and hammering the prices down by means of cash payments and large orders. The result of our early buying is a complete line of vehicles of all styles, ranging from the modest road wagon to the luxurious surrey. Every vehicle is the product of a house of standing—something we are sure of, and therefore willing to offer you with our strongest recommendation.

We should like to show you over our floors at any time. We have the largest in the town and one of the largest on the Eastern Shore. You can look now and buy later, or you can buy now for later delivery.

We solicit your patronage,
