The Reo Auto.

Mr. P. E. Corkran, Easton, Md., is the representative in this section and Eastern Shore territory for the celebrated Reo Automobile, one of the most celebrated machines on the market today. Mr. Corkran as you will note by his big advertisement in another column is thoroughly qualified to explain the mechanism and merits of this machine to inquirers. The Reo holds the record for endurance tests, as well as the record for all those qualities which make it a most desirable machine. It was the Reo auto that delivered the copies of the Baltimore Sun in all the suburbs of the city the morning of the blizzard, and the Reo has been used in all the famous Glidden Tours. See Mr. Corkran about this machine. It will be worth your while. He wants a live agent in every county.
