Real Estate Sales.—J. W. Russell, real estate broker, has sold to Mr. John Wood the Kendall house in Rock Hall for $500.

Mr. Charles S. Smith has sold the ground and wrecked laundry building, formerly the school building, on Cross street, near the depot, to Davis & Satterfield. Price private. One part of the lot was sold to Mr. L. B. Russell.

Strong Wind.—The strong wind of Friday afternoon and night blowed the brick end out of Buck Neck farm house. This house is occupied by Mr. and Mrs. Parks Rasin and when the wall fell it gave the young folks quite a scare.

A shed on Mr. C. W. Copper's Morgnec farm was also blown over.

Stamped Mail.—Estimates made by the Postoffice Department indicate that approximately 300,000,000 one cent pieces annually are taken by the rural letter carriers from letter boxes for the payment of postage on mail matter deposited. Complaints against the practice have become so widespread that today the department issued instructions to all postmasters at rural delivery offices that after February 15 the practice will be discontinued.

Forgot to Drop Curtain.—One night during the past week a young man of splendid muscular development was seen in our town with two heads on his shoulders. Both were fully developed heads, one with blonde hair, the other with black. The young man is not a museum freak as might be supposed. The other property was the head of his sweetheart, and would not have appeared in such a deformed position had it not been for the young lady's neglect to "drop the curtain."—*Centreville Record.*

$10 Apiece for Lambs.—A farmer in Harford county is again this year furnishing a New York merchant a few of his noted hot-house lambs, which are being eagerly bought at turkey prices before Christmas. The farmer has already made two shipments and will have more in the near future. A supply for this early market is possible only under the most favorable circumstances, it is reported. Selecting Dorsets and Shropshires as the most approved blood, by a careful selection of food, in which alfalfa plays a conspicuous part, these lambs are ready for the market in about nine weeks, weighing on the average 60 pounds and commanding a price of $10. While such results can only be obtained by the closest personal attention, the very large profit in them makes it worthy of the highest ambition of our leading feeders to get into the swim on this trade.

THE improvement to Mr. W. W. Hubbard's new home on Chester river have been pushed this past month. Eight large shade trees have been removed from the avenue home under Mr. W. T. Duyer's direction, besides shrubbery, etc.

Surprise Party.—A most enjoyable surprise party was given to Mr. and Mrs. Jos. P. Dunn at their home near Sassafras by their many friends from Cecil county one night this week. Dancing and games were indulged in until midnight when all marched to the dining room where the table was spread with all the delicacies of the season. After enjoying the sumptuous repast they returned once more to the parlor and danced to the wee sma hours.

Among those present were:

Mrs. John Cunningham, Mr. and Mrs. F. A. Fitzgerald and family, and Mr. J. T. Dillon and sister, Mamie, of Philadelphia; Mr. G. A. La Tour and sister, Emily, of Baltimore, Mr. and Mrs. Thomas Devine and daughter Lillie, Mr. and Mrs. T. P. Devine and family, Mr. and Mrs. John Garner, Mr. and Mrs. John D. Younger, Miss Mary Lane and Master Ralph Freeny. Mrs. Younger was 53 years old.

Church Must Be Sold.—Starr Memorial Methodist Protestant Church, Baltimore, of which Rev. G. W. Haddaway, formerly of Centreville, is pastor, is to be sold, according to a recent decision of the Court of Appeals. A peculiarity of the will of Wesley Starr, providing for the erection of the church, was that no musical instrument of any kind should accompany the choir. For forty years the singers have been trained with a tuning fork.

Mutual Fire Insurance Company of Kent County, Md.—The annual statement of the Mutual Fire Insurance Company of Kent county, made at their annual meeting held January 10, shows the total income to be $17,447.02; paid in fire losses and expenses, $4,982.80; showing an income of $12,464.22 more than all losses and expenses, and a saving to those insured in the company, of that amount. The company, of this amount, returned to insurers who cancelled their policies, $4,900.00, leaving an increase of the company's assets of about $7,500.00. The total assets now stands: In real estate, bonds and mortages, 74,000.00; premium notes, $206,000.00; total, $280,000.00.

Says Potatoes Are Money-Makers.—Further demonstrating the value of intensive cultivation, which is just now occupying much attention from the State and peninsula, Dr. W. Frank Hines uses the Salisbury farmer's crop as an example. Dr. Hines' report is on the Maryland Bureau of Immigration literature. He cites the instance of the Wicomico farmer who raised a $10,000 crop of white potatoes on a farm which cost him $1,150. The report says; "He says this is only an average crop of 200 bushels to the acre, when by intensive cultivation 400 bushels have grown to the acre."

Interests Everybody.—Any attraction that inspires its audience with new thoughts, that broadens our knowledge of the world in general and stimulates discussion is well worthy of liberal praise. Such an attraction is Lyman H. Howe's Travel Festival to be at Stam's Hall on Wednesday, February 2. While Mr. Howe can always be relied upon to thoroughly amuse, at the same time his exhibition imparts much information which could not be derived from any other source. The new program interests more different kinds of people than any other attraction before the public today because of the great variety of its features. These include scenes of the most vital human interest, ranging from wintry gayety in St. Moritz, Switzerland, to tropical splendor in Delhi, India; from a spectacular volcanic eruption in Java, to the perils of deep sea fishing in the North Sea; from dangerous logging to the Italian Alps, to life in the U. S. army; from intimate studies of bird life, to the impact of a projective on armor plate.

THE Orphans' Court for Kent county heard arguments from a half dozen lawyers on the question of appointment of an administrator pending litigation in the Shaw will case. Messrs. W. W. Beck, James W. Chapman, Jr., and R. Groome Parks represented the heirs, while other interests were represented by Messrs. Marion deK. Smith, Hope H. Barroll, Herbert Perkins and several lawyers from Baltimore. The court reserved their opinion.
