Ayer's

Hair Vigor,

FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. Checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brashy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The VIGOR cleanses the scalp, cures and prevents the formation of dandruff, and, by its cooling, stimulating, and nourishing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

Ayer's Dressing for Ladies' Hair

The VIGOR is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet, it is economical and unsurpassed in its excellence.

SOME CHOICE RECIPES.

APPLE JELLY.

The finest looking and best apple jelly we ever made, writes a lady, said it may be allowed to be, and the best we ever tasted, consisted of pure apple juice and pounded loaf sugar only, cleared without the aid of a jelly bag, an article of so called domestic utility of which we have a wholesome horror. The only straining medium we employed was a piece of new, strong, coarse muslin, from which all the dressing was discharged by its having been passed two or three times through boiling water. It can scarcely be necessary to say that the fresher the fruit the better the jelly; also that the fruit should be gathered when fully ripe, unbruised, and perfectly dry. Pippins are the apples generally preferred for making jelly; but any variety of culinary apple, provided the flesh is juicy and tender, with an agreeable acidity, will do. Before cutting up the apples have a strong brown earthenware pan or jar, large enough to hold the whole of the apples when cut up. At the bottom of this pan put two or three tablespoonfuls of cold spring water, peel and core the apples, cut them into thin slices and throw them into the jar as they are done. When full, place a saucer or earthenware lid over and tie it down tight over the jar with a piece of calico and string; place the jar in a hot oven until the fruit has melted to a pulp take out the jar, and pour the fruit into a new, clean hair-sieve, or into a bag of muslin, as aforesaid; leave it until the whole of the juice has run through into the vessel placed to receive it, when this is done put three-quarters of a pound of crushed loaf sugar to every pound of juice, or one pound of sugar if the jelly is preferred very sweet; pour into an enamelled preserving pan and simmer until the juice, when poured into a cold plate, sets in a few minutes, stir every now and then, but do not have the fire fierce enough to burn the sugar to the pan; a hot hearth or stove is always, of course, preferred to an open-fire for any delicate culinary operation.

HOW TO MAKE A PLUM PUDDING

One pound and a half of raisins, stoned and cut in half; one pound of currants, picked, washed, and dried; one pound of beef suet, chopped fine; one-half pound of citron, cut in small pieces; one half pound of flour, and half a pound of grated bread, eight eggs one pound granulated sugar, a pint of milk, two nutmegs, grated; a teaspoonful of mixed cinnamon and mace, a tablespoonful of salt, the grated rind of a lemon, the grated rind of an orange. You must prepare all the ingredients the day before (except beating the eggs) that in the morning you may have nothing to do but to mix them. Beat the eggs very light, then put to them half the milk, and beat both together; stir in gradually the flour and grated bread; next add the sugar by degrees, then the suet and fruit alternately. The fruit must be well sprinkled with flour lest it sink to the bottom. Stir very hard, then add the spice, and, lastly, the remainder of the milk; stir the whole mixture very well together. If it is not thick enough, add a little more grated bread or flour. If there is too much bread or flour the pudding will be heavy. Dip the pudding cloth in boiling water, shake it out and sprinkle it slightly with flour; lay it in a pan and pour the mixture into the cloth; tie it up carefully, allowing room for the pudding to swell; boil it six hours and turn it carefully out of the cloth; before you send it to the table have ready some blanched sweet almonds cut in slips, or some slips of citron, or both stick them all over the outside of the pudding. Eat it with sauce made as follows: Take a pound of pulverized sugar and a lump of butter as large as an egg and beat to a paste; then add half a nutmeg grated.

HOW TO MAKE CHARLOTTE RUSSE.

To make charlotte russe to perfection is rather a difficult operation and requires care and nicety. Extract the flavor of a vanilla bean by boiling it in half a pint of milk. Strain the milk, and when it is cold mix a quarter of a pound of loaf sugar with it. Beat the yolks of five eggs and stir them in. Heat the mixture over the fire till it thickens, but take care it dose not boil. Boil an ounce of isinglass in a pint of water. When it is thoroughly dissolved and half the water has boiled away drain it into the custard, stirring it all the time, then leave it to cool while you whip a quart of good cream to a froth, and then mix it with the custard. Take two rounds of almond sponge cake, glaze them with white of eggs beaten and mixed with sugar, lay one at the bottom of a circular mold and reserve the other for the top. Line the sides of the mold with strips of sponge cake glazed in the same way, and as the custard congeals pour it gently into the mold and cover with the round of sponge cake you have reserved; have some broken ice ready and set the mold in the midst of it; let it remain an hour; prepare an icing of powdered sugar and beaten white of egg flavored with lemon juice or any essence you prefer; turn the charlotte russe on to a dish and ice it over. If these directions are carefully followed it will prove a great success.

HOW TO COOK RICE.

Rice is becoming a much more popular article of food than heretofore. It is frequently substituted for potatoes at the chief meal of the day, being more nutritious and much more readily digested. At its present cost, it is relatively cheaper than potatoes, oatmeal or grain-grits of any kind. In preparing it only just enough cold water should be poured on to prevent the rice from burning at the bottom of the pot, which should have a close-fitting cover, and with a moderate fire the rice is steamed rather than boiled until it is nearly done; then the cover is taken off, the surplus steam and moisture allowed to escape, and the rice turns out a mass of snow-white kernels, each separate from the other, and as much superior to the usual soggy mass, as a fine mealy potato is superior to the water-soaked article.

PANCAKES FOR LUNCHEON.

These are made of eggs, flour and milk. The just proportions are one tablespoonful of flour to each egg. To make small pancakes, beat two eggs thoroughly and add sweet milk. Then take two tablespoonfuls of flour, work into a thin paste and ductile batter, by adding the milk and eggs and a little salt. Grease the pan with a piece of sweet lard or butter and stir briskly to prevent adhering to the bottom. When the under side is sufficiently browned turn it. Leave the cakes folded, with sugar or honey and butter between the folds, or sugar alone. If large, add more eggs and use less flour. A slight sprinkle of grated nutmeg will be an addition.

There is one place where there is no cheap talk, and that is over the Atlantic cable.

THE GOLDEN SHEAF.

A Fertilizer specially adapted to the Soil of the Eastern Shore of Maryland.

$20 PER TON.

Sold at a very small profit on cost of production and clear of Agents' commissions.

THE COMPOSITION NO SECRET.

Made Without Sand or Dirt.

FOR SALE BY

THE OXFORD GUANO CO., Oxford, Md.

W. H. SETH, Secretary.

The attention of Farmers who desire to secure a good fertilizer at a reasonable price, is respectfully called to the above named brand.

The object of the manufacturers has been to originate a compound of plant foods directly adapted to the soil of the Eastern Shore of Maryland, and to fix the price thereof at the lowest possible figure, calling for all special fees of $5 and $6 per ton and adding to the actual cost only a very small profit. We think this fertilizer has as much intrinsic value for most of the high price manures, and we feel confident that farmers who may think proper to use it will say, that in its effects upon the soil, it will equal them.

The analysis, as made by Prof G. A. Liebig, shows it to contain:—

Ammonia, from	75 to 1.25 per cent.
Phosphoric Lime, from	5.00 to 7.00 "
Lime	Said to be
Carbonic Acid	3 "

The lime and carbon, which are essential to plant growth, are obtained from oyster shells ground to powder, instead of being in the form of combination as they usually are, in the majority for dirt or lime to hold the chemicals, but is a most valuable assistant to their action.

We are now manufacturing ground Alum, which we propose to put upon the market at a low price. aug28-tm

Samaritan Nervine.

SAMARITAN NERVINE

SAMARITAN NERVINE

Cures Epileptic Fits, Spasms, Convulsions, St. Vitus Dance, Vertigo, Hysteria, Insanity, Apoplexy, Paralysis, Rheumatism, Neuralgia, and All Nervous Diseases. This infallible remedy will positively eradicate every species of Nervous Derangement, and drive them away from whence they came, never to return again. It utterly destroys the germs of disease by neutralizing the hereditary taint or poison in the system, and thoroughly eradicates the disease, and utterly destroys the cause.

SAMARITAN NERVINE

Cures Female Weakness, General Debility, Leucorrhœa or Whites, Painful Menstruation, Ulceration of the Uterus, Internal Heat, Gravel, Inflammation of the Bladder, Irritability of the Bladder, For Wakefulness at Night, there is no better remedy. During the change of life as Female should be without it. It quiets the Nervous System and gives rest, comfort and nature's sweet sleep.

SAMARITAN NERVINE

Cures Alcoholism, Drunkenness and the habit of Opium Eating. These degrading habits are by far the worst evils that have ever befallen suffering humanity. Thousands die annually from these noxious drugs. The drunkard drinks liquor not because he likes it, but for the pleasure of drinking and treating his friends, little thinking that he is on his road to ruin. Like the Opium Eater, he first uses the drug in small quantities as a harmless antidote. The soothing influence of the drug takes strong hold upon its victim, leading him on to its own destruction. The habits of Opium Eating and Liquor Drinking are precisely what eating is to alimentiveness, as overeating first inflames the stomach, which redoubles its craving until it paralyzes both the stomach and appetite. So every drink of liquor or dose of opium, instead of satisfying, only adds to its fierce fires, until it consumes the vital force and then itself. Like the gluttonous tapeworm, it cries "Give, give, give!" but never enough until its own rapacity devours itself. Samaritan Nervine gives instant relief in all such cases. It produces sleep, quiets the nerves, builds up the nervous system, and restores body and mind to a healthy condition.

SAMARITAN NERVINE

Cures Nervous Dyspepsia, Palpitation of the Heart, Asthma, Bronchitis, Scrofula, Syphilis, Diseases of the Kidneys and all diseases of the urinary organs. Nervous debility, caused by the indiscretions of youth, permanently cured by the use of this invaluable remedy. To you, young, middle-aged and old men, who are covering your sufferings as with a mantle by silence, look up, you can be saved by timely efforts, and make ornaments to society, and jewels in the crown of your Maker, if you will. Do not keep this a secret longer, until it saps your vitals, and destroys both body and soul. If you are thus afflicted, take DR. RICHMOND'S Samaritan Nervine. It will restore your shattered nerves, arrest premature decay, impart tone and energy to the whole system.

BRICK AND TILE.

Salmon Brick, Arch Brick, Red Brick, Paving Brick, Well Brick, Pressed Brick, and

TILE

from 2 to 7 inches vent, at all prices, from $12 to $75 per thousand.

WE are now prepared to deliver bricks in any part of Talbot county, or anywhere on the water or on railroad out of the county, at 20 *per cent.* BELOW OLD PRICES, *for the cash.* We have a heavy stock on hand, of splendid quality, and are determined to command the the brick trade of this section, if SUPERIOR BRICKS AND LOW FIGURES will do it.

Our stock of Tile is very heavy, and we sell it very low for CASH; but are prepared to enter into arrangements with farmers, who may want to put in tile, and who may not have the cash, to give them six or nine months credit. The tile ought to go in, and the spring land be made productive, and we are willing to help those who are short of money.

We invite a call from all those in want of either brick or Tile.

JOSEPH H. WHITE, Easton.

DR. TAYLOR'S

LIVER SYRUP or Liver Tonic. The Great Vegetable Cathartic and Nerve Strengthener, Liver and Kidney Regulator, Dyspepsia and Constipation Cure of the Age. A medicine—not a drink—which acts upon the Liver, Kidneys, Bowels, Nervous System, &c.; hence a medicine that does this is, in the strictest sense, a BLOOD PURIFIER, and should commend itself at once to those who may be suffering from some of the THOUSAND and one symptoms that arise from Liver, Kidney, Bowel, Stomach and Nerve Troubles. Price 75 Cents.

COUGH SYRUP or Lung Tonic. A perfect Expectorant and Asthma Relief! Does not check the phlegm in the air tubes as most Cough Syrups do, but removes the decayed tissues from the Lungs and prevents Consumption. Price 25 and 50 Cents.

DIARRHŒA SYRUP or Diarrhœa and Dysentery Syrup. A new and wonderful Discovery. Sets any age. Never fails. Price 25 Cents.

CRAMP DROPS or Neuralgia Killer, or for any Pearing Pain or Ache whatever, just beats the world. Stops the most violent Pain in 5 minutes. Cures Chicken Cholera. Sure Death to Predators and Chilblains. Price 25 Cents.
