SHINGLE ROOFS PROHIBITED.

As a result of the recent disastrous conflagration in Chestertown, destroying in the neighborhood of $125,000 worth of property, the Town Council has passed an ordinance prohibiting any person or corporation from building any house or building within the corporate limits of the town with any kind of shingle roof. Before being granted a permit to build the person applying for the permit to must give full particulars in reference to the flues, chimney, smokestacks or other escapes of smoke, steam or hot air to be constructed in or connected with such dwelling or building.

TELL HIM SO.

Don't be afraid to praise people. It is all well to say that it hurts a boy or man or a woman to praise. There may be those who do their best work without encouragement; but let us all remember that nearly all of us who live on this earth are human beings, and human beings work best when encouraged.

It is a great mistake not to tell people when you are satisfied with them. If the cook sets before you a dinner fit for a king tell her so.

Don't be too lofty to praise the office boy if his work is commendable. Tell him so.

It is harder for some people to give praise than it is for them to give money Many a generous man is very niggard of praise.

Do you like to be praised yourself? Then depend upon it the other fellow will like it.

Pour the oil of encouragement on the wheels of progress and watch 'em whirl.

I'm not advocating soft soap or flattery or gush. No one likes to be gushed at and any fool can tell flattery from the real thing. But when a man has made a hit with you tell him so. He may die before you get another chance or you may die yourself.

It takes quality to appreciate quality; so when you praise a thing you are really offering a compliment to yourself. Doesn't that appeal to you? Will you let all the good things in life pass you by and you as mum as a dead owl?

Wake up, man! Watch out for a chance to praise some one, admit to your own self that you like what he has done, and then—Tell him so!—Charles Battell Loomis in Smith's Magazine.

A Stubborn Roof.—Talking about roofing, we just learn from W. W. Shoch, of Rowlesburg, W. Va., that he has had a remarkable experience with some roofing that he was using as a door mat in front of his store. He has a general merchandise store and handles everything from groceries to pianos. Everything and everybody must pass through this one door-way, scarcely wide enough for two persons to pass. This roofing mat has been before the door for over ten years, standing all the wear and tear of this time.

If you really want SECURITY ROOFING, write to W. W. Shoch for information (enclosing two cent stamp) ar write to The Clark Asphalt Roofing and Paint Company of Baltimore, who represent the National Roofing Company of Tonawanda, N. Y.

IN MEMORIAM.

In loving remembrance of my dear husband and father, Isaac W. Simms, who departed this life one year ago, October 12, 1909.

I sit alone tonight and gaze
Upon an empty chair,
And memory takes me back today
When my dear husband sat there.
And now one lonely year has passed
Since I have seen his face.
I think of him just as when last
He sat in his old place.
Often I seem to be cheerful,
I smile and they think I am gay;
But alas! I am gloomy and tearful,
Because of the one far away.
—WIFE.

Have you a father, love him well
While he is spared on earth;
Wait not till death shall call him hence
To know his precious worth.
Think now how much he should be loved
And prize him as you ought,
Or else your life when he is gone
With sorrow shall be fraught.
Oh, soothe him in his hour of pain,
Be gentle and be mild;
How sweet 'twill be for you to think
You've been a faithful child.
—DAUGHTER ANNA.

Fall . . . Tailored Suits at $25.00

We have specialized on $25.00 Tailored Suits this fall—bought them from the best makers, paid more for them than is usually paid for $25.00 suits, and insisted on having the very best possible combination of materials, style and tailoring.

As a result, our $25.00 Suits are in a class of their own—nothing to equal them can be found at or near their price.

Materials include broadcloths of genuine imported quality, rough basket-weaves, hard-finished worsteds, serges of best quality, and imported mannish mixtures, in the newest shades of brown, blue, gray, tan and wine, as well as the staple black and modish combinations.

Coats are in the new length, ranging from 30 to 34 inches, and are plain tailored, with hand-turned seams, or trimmed with braids or strappings of self material. We have both single and double-breasted models, with mannish collar, rever and sleeves. All are lined with superior silk or satin.

Skirts are in cluster or plain pleated effects—some in a modified hobble model, retaining the fashionable line, but affording ample room for walking.
