These Want Caroline Law.

To the Honorable, the Senator and Delegates in the Legislature from Kent County:

GENTLEMEN:—We, the undersigned citizens of Kent county, respectfully urge that you will use all your endeavors to pass for Kent county a Road Law similar to the one now used in Caroline county, and which has been introduced in other counties with such success.

The cost of the public roads in Kent county has been and is a heavy burden upon the tax-payers. Unless some such method regulating the cost of our roads is adopted, it will be heavier each year, and with no permanent benefit to the public. We respectfully urge that you use all your endeavors to secure the passage of such a law.

Yours respectfully,

New Railway Company.

Delegate Sullivan, of Harford county, has introduced a bill in the Maryland Legislature to incorporate the North Maryland Railway Company, with very great powers granted the projected company. The incorporators named in the bill are Thomas H. Robinson, Michael H. Fahey, Omar D. Crothers, Richard Dallam, Samuel C. Rowland, Murray Vandiver and Clarence C. Pusey. The capital stock is not named.

The proposed line is to extend from some point on the eastern or northern boundry of Baltimore to the Pennsylvania or Delaware lines. No definite route is specified. The line is only confined to Baltimore, Hartford and Cecil counties. The company has the power to acquire any railway or to consolidate with any other line. It is also given power to manufacture and sell electricity. Towns and cities through which the line will pass are given the power to subscribe to its capital stock when so requested by a majority of the voters.

The organization of this company involves the taking-over of the old Pennsylvania railroad bridge by a company of Harford and Cecil county citizens sometime ago.
