"Gim Me Some Dat Pie."

Quite an interesting scene, and one indicative of the dignity of that august body, occurred in the house a day or two since. DeLarge, negro, having procured something in the appearance of an apple pie, was dividing it very generously among such of his confreres as were seated next him when Elliott negro who was seated some distance off, rushed up and in rather premptory terms, demanded a slice. As the pie, in DeLarge's liberality had diminished, and there being but a single slice remaining, he replied to Elliott's demand by ramming that hastily in his own mouth. Elliott was not to be so easily robbed of his expected treat—like an eagle he pounced upon *de-large* member from Charleston, and grasping him by the throat, endevored to choke him into a more generous frame of mind. Being the stouter and having the advantage in position, he standing and the other seated, Elliott succeeded in jamming DeLarge's head down upon his chair, when the latter ended the encounter by using his knife upon his antagonist's leg, sending him scampering away to his seat, amid the laughter of the house.—*Columbia (S. C.) Guardian.*

Warmouth, the carpet bag Governor of Louisiana, is likely to be demonstrated to be one of the most atrocious rascals unhung. We have the Commercial, of New Orleans, which contains thirty-four charges preferred against him by Auditor Wickliffe, which include "Bribery, Fraud, Corruption and Seduction." He arraigns the Governor for witholding his signature to bills so as to squeeze money out of the beneficiaries; with receiving $280,000 for his signature to the bill incorporating the Slaughter House Company; with receiving money from the friends as well as the opponents of the Ship Island Canal bill—for his veto and for his influence to pass the measure afterward, over his veto. He also charges this Radical Governor with receiving levee bonds as a bribe to sign a bill for the relief of a contractor; with demanding for his signature to bill No. 127, of 1869, the sacrifice, to his lust, of the virtue of a young and beautiful lady, who had interceded in his behalf; with, assisted by others, defrauding the State of Louisiana of over $90,000 in their manipulation of the $1,586,000 worth of levee bonds disposed of in New York at 51½ cents, when they were offered 57 cents for them in New Orleans; with corruptly receiving $50,000 from J. P Kennedy, for his signature to the bill authorizing the construction of levees; with defrauding the State of $142,740 by cutting overdue coupons from the levee bonds disposed of by him and his committee, and never accounting for the same; also, with defrauding the State of $8,640, by cutting off overdue coupons from the Red Back bonds, delivered to him by the Auditor in accordance with joint resolution No. 48 of 1869, end never accounting for the same. This is by no means the end of the specifications put forth by Mr. Wickliffe to sustain his bill of indictment against Governor Warmouth. A host of other cases, as repulsive and begrimmed with bribery and corruption, are stated, and supporting facts set forth. But we have given enough to show what kind of men have been fastened upon the people of the South by Federal interference and Federal banonets. In Louisiana the Governor is summoned to the bar of public opinion upon charges of the most extraordinary character. While the chief Executive of Georgia, it is alleged, has filled his pockets by acts which, if true should consign him to the Penitentiary. An attempt was also made to impeach the Governor of Florida, on grounds similar to those calling forth action against his Radical brothers. Is a party which raises such men to power, and sustains them in the face of facts proving their disregard of law, justice and morality, worthy of the support of honest citizens?—*Pittsburg Post.*

The Internal Revenue Bureau has directed that after May 1st, 1870, all adhesive stamps used upon instruments, documents, writings and papers, mentioned in Schedule B. of the Internal Revenue Laws, shall be cancelled by the person affixing either by writing upon each and every stamp, in ink, the initials of his name, and the date, year, month and day upon which the same is attached or used, or by a certain machine approved by the commissioners. This regulation has been made on account of the extensive frauds alleged to have been committed by Washing, restoring and using internal adhesive revenue stamps which have been cancelled by the "ribbon stamp machine." The commissioner orders that after May 1st, 1870, no other method of cancellation than the first mentioned above shall be recognized as legal or sufficient.
