THE CHESTERTOWN BANK OF MARYLAND

CHESTERTOWN — And GALENA, MD.

Begin 1911

with a firm resolve to better your financial condition. Make up your mind to connect with the starting point by opening an account with either

THE CHESTERTOWN BANK
or
THE GALENA BANK.

The sworn statement recently published shows we have a

Surplus of $40,000

which is larger than any bank in the county.

We have been selected as one of the depositories for the State Treasurer, and now have on deposit money belonging to the State of Maryland.

We extend a most cordial invitation to you to give us your business Be it large or small, it will receive the same attention.

The Kent County Savings Bank

solicits your deposits on the strength of its past record and present ability to serve you.

The fundamental idea of this Bank and its continuing purpose is to enable you to SAVE and SUCCEED and it welcomes deposits great or small paying the same rate of interest ON ALL and gives you your money when you need it.

We make the welfare of our depositors our object believing our future is best assured by the success of our patrons and yearly have grown more able to serve you.

We are as ready to make loans to our depositors, upon good security, as to accept deposits from them; and have the conveniences of a modern Banking house for your transactions and an experienced and competent clerical force to aid you.

While we court investigation we know that the ablest Bank Examiners the Government can employ are frequently deceived by slick Bank promoters.

BUT MAKE THIS INVESTIGATION:

HAS THE BANK EVER REFUSED TO PAY A DEPOSITOR HIS MONEY WHEN REQUESTED?

OR DID IT DODGE BEHIND A CERTIFICATE OF DEPOSIT AS AN EXCUSE FOR ITS FAILURE TO ALLOW ITS DEPOSITORS THE USE OF THEIR OWN MONEY?

THIS investigation any depositor is able to make and when made we are satisfied you will deposit with a Bank like the KENT COUNTY SAVINGS BANK that, since the day it opened its doors NEVER FAILED TO PAY ITS DEPOSITORS THEIR MONEY WHEN CALLED FOR REGARDLESS OF THE RATE OF INTEREST PAID OR THE MANNER IN WHICH DEPOSITED.

The Reserve funds of this Bank are carried in 3 of the strongest banks in America, whose combined resources of over 150 million dollars assure our ability to meet the legitimate wants of our depositors at ANY TIME FOR ANY AMOUNT.

We believe in and live up to our motto, "Safety Beyond All Else."

THE KENT COUNTY SAVINGS BANK

Short Crop of Cow Peas

PRICES GOING UP

The enormous demand for Cow Peas last year carried the price very high, and as the crop is very short and the acreage is rapidly extending there are many indications which point to much higher prices as the sowing season approaches.

Whip-Poor-Will Cow Peas.

The Whip-Poor Wills are generally prepared in the Central and Southern States. They are bush form, early maturing and especially desirable for Peas.

New Era Cow Peas.

New Era's are a little earlier and make more vine than the Whip-Poor Wills.

Wonderfuls, Clay and Mixed Cow Peas.

For hay. The Wonderfuls or the Mixed Cow Peas are more productive, they should always be planted with an occasional grain of corn, sorgum seed, Kaffir Corn, etc., which will prevent the vines from getting damaged by coming in contact with the ground.

Black Cow Peas

Black Cow Peas are a little later in maturing than Clays they make a good growth of vine, are exceptionally good for medium or poor land and will stand almost any amount of wet weather without injury. We can supply Shinny Peas, Red Rippers, Blackeye Peas and Soja Beans.

Remember Bolgiano's Cow Peas are best—If your local merchant will not supply you with Bolgiano's Cow Peas—Write us direct and we will tell you where you can get them.

FREE—Send us 5c in stamps to pay postage, and mention the name of this paper, and we will send you free a 25c package of My Maryland Tomato Seed, also our 1911 Catalogue of Seeds and our 1911 Poultry Supply Catalogue.

HELP JUST A LITTLE.

Representatives of Numsen & Company, canners of Baltimore, were in town Tuesday looking over the situation as to locating a cannery here. Capt. Crane met them and stated that about 500 acres had been promised for corn and that the balance would likely be secured in case the cannery was erected. The gentlemen went away encouraged and will be heard from in a few days. It would help the town Board of Trade very much if farmers would grow a few acres at least, if not more. Help out in this enterprise, Mr. Farmer, won't you? It will be of benefit to everybody.

SUDDEN DEATH OF JUDGE MORRIS.

Judge of the Orphans' Court Edwin S. Morris and wife left their home at Sassafras Tuesday morning for the purpose of coming to Chestertown. They were to take the train at Lambson's Station, and while Mr. Morris was putting his horse in the stable he fell paralyzed at the animal's heels. His groans were heard and friends were soon at his side and conveyed him to shelter. He was carried home the same evening, but never regained consciousness and died on Wednesday, in his 73d year. He leaves a widow and three children, two sons and a married daughter. Judge Morris was a kind, generous and upright official, and his demise has cast a gloom over his associates and friends. He has been in office nearly eight years and has been faithful to his duties. Funeral services will be held at his late residence near Cecilton this Saturday morning, at 11 o'clock; interment will be in Galena cemetery.

The vacancy is filled by Gov. Crothers. Among the names suggested is that of Mr. Samuel Mann, a well-known citizen and farmer, near Lynch. His appointment and candidacy is being urged by prominent citizens in Worton.

Terrapin Scale.—Flower lovers will be interested in the facts here contained. A lady in Chestertown gave the NEWS a large Begonia leaf which was peppered with a small scale which was pronounced by Mr. Harry L. Boyd the Terrapin Scale. It was an interesting sight to look at the insect under a strong glass. The Maryland Agricultural Experiment Station recommends a standard miscible oil be employed at a strength of 1 to 15. Lime-sulphur mixtures have been found totally inefficient for its control. This scale not only destroys flowers but also fruit trees.

Sixty Hens Give 1039 Eggs in a Month.—M. Johnson, a poultry fancier of Glenville, N. Y., made a wager on February 1 that his 60 hens would lay 1000 eggs during the month. Great interest was taken in the contest, and all the neighbors called to get the latest report. At 10 A. M. it was announced that the thousandth egg had been laid, and Glenville shook with cheers. But the hens wanted to make a good victory, and at 5.30 P. M., the hour the contest was declared closed, the last hen jumped off the nest, making the count 1039. Every hen had done her duty on the last day.

CANADA BARS NEGROES

The action of the Canadian immigration officials in stopping a party of American negroes at Winnipeg, Friday, and turning them back on the ground that they were undesirable citizens attracted attention at Washington. The question had not been raised before because climatic conditions in Canada have dissuaded negroes from emigrating to that country in great numbers. The negro population of the Northern States has been growing rapidly, and now that the black race is on the verge of flowing across the border into Canadian provinces, it is stated that the Dominion officials intend to exclude blacks as well as Orientals whenever it can be held that they are undesirables.

ONE of those Ohio men who have been so busy recently confessing that they regularly sold their votes, owns up to having worked both sides. He got $10 from each party and $3 more for scratching his ticket. One person's guess as to how he actually voted is as good as another's, but the Judge of the county has decided that he will have no vote to sell for the next five years.—Philadelphia Press.

THE sensation of the week past was the resignation of Senator Bailey and his afterward withdrawal. He allowed his temper to get the better of him. Surely a man who rules himself is greater than he who taketh a city.
