LOCAL MATTERS

A Correction.—We state in our Church notes that five persons were received into Christ M. P. Church on probation last Sunday. We should have stated that they were received into full membership, and now enjoy all the privileges of the Church.

To Give Entertainment.—An entertainment for the benefit of the Chestertown Library will be given on Tuesday April 18th. An interesting programme is being arranged and a delightful evening is anticipated. Particulars will be given later.

Could Not Get His Man.—The latter part of last week deputy sheriff James Bolton went to the House of Correction to get a man whose term had expired and who was wanted here on a serious charge. When the sheriff reached the Cut, he found that the man had had his throat cut in a fight and the physician in charge refused to turn the man over. But the sheriff left his orders and he will get his man later.

Superintendent N. Y. P. & N.—Mr. Robert V. Massey, of Dover, formerly Division Engineer of the New York Division, was on Tuesday appointed superintendent of the New York, Philadelphia and Norfolk Railroad, with headquarters at Cape Charles, Va. Mr. Elisha Lee has just been made assistant to the General Manager of the Pennsylvania Railroad. He is from Chicago.

Postponed Public Sale.—On account of the very inclement weather this week the sale of the valuable personally of Mr. Robert S. Orem on the road from I. B. to Pondtown in Queen Annes, did not take place as advertised, but will be held on Wednesday next, March 15th. There is a very desirable lot of stock and farm implements to be offered at this sale. J. H. C. Legg, Esq., is the attorney. See adv. in this issue.

Appointed Assistant Teacher.—The School Board on Tuesday appointed Miss Sussie Roberts an additional teacher in the Chestertown High School, at a salary of $500. Miss Roberts will have charge of the Seventh Grade work. The vacancy created at Quaker Neck school by Miss Roberts' promotion has not been filled. Miss Roberts is a capable teacher, and she will make an excellent addition to the High School faculty.

Appointed A Notary Public.—Sidney P. Townshend Esq. referee in bankruptcy, has been appointed a Notary Public by Governor Crothers. Mr. Townshend secured this appointment from the Governor through his own personal solicatation, claiming that his business as referee in bankruptcy, which requires the settlement of so many claims necessitated his appointment as a Notary Public. The Governor saw the force of Mr. Townshend's claim, and appointed him without hesitation. This appointment will not interfere in the least with Notary Public Charles T. Estes, who has served in that capacity faithfully and well for thirty or more years.

NEWSY GLEANINGS.

Next Friday is St. Patrick's day.

Mr. Wilson, from Delmar, Del., has succeeded Mr. Nesbitt Trenchard at the basket factory here.

The heaviest snow storm of the winter of 1910-11 fell on the night of March 7th, 1911. Remember that date.

The thermometer registered 10 degrees on Thursday morning. That's going some for the 8th of March, isn't it?

Farmers Institutes will be held in Kennedyville on Monday, and in the Court House, Chestertown, on Tuesday.

As the TRANSCRIPT predicted last week, the carpenters, bricklayers and contractors satisfactorily adjusted their differences and all workmen returned to work on Monday morning.

Mr. Wm. A. Burk, agent, sold at public sale on Tuesday in front of the Court House door, the Sappington property on High street to Mr. E. F. Smith, of Worton, for $850.

The Jr. O. U. A. M. will hold an anniversary meeting next Wednesday evening. This will be the 14th anniversary celebration, and a fine program of addresses and music is being arranged.

The assessors are progressing satisfactorily with their work in Chestertown. They will finish here about April 1st, and it is thought that the assessment in the Fourth District will be increased about $250,000.

Sidney P. Townshend Esq. attorney named in the mortage, has sold the Turbitt property in Rock Hall to the Kent County Land Company. The property was withdrawn on a bid of $825 at public sale on February 21st.

While playing around Normal Hall one day this week, Mr. M. I. Bowen, one of the students, was seriously cut on the right arm by running into a glass door to avoid being hit by a snow ball. The doctor was compelled to take eight stitches in the gash.

The first roe shad of the season was caught at Tolchester on Thursday morning by Mr. Wm. Hynson, a prominent fisherman, who presented his prize to Supt. G. E. Noland for his dinner. How would you like to have been friend Noland's guest for dinner on Thursday?

The Chestertown High School base ball team will lay out a diamond on Dr. S. E. Ford's lot on Washington avenue for the scholastic association games. A "schedule" meeting was held here last night and the boys will give the fans some good base ball this summer.

The Green Spring Valley Hunt Club, of Baltimore, will visit Kent for their annual run with the hounds on Thursday, Friday and Saturday next. They will be the guests of Mr. and Mrs. George Brice at their pretty home, near Lankford, and also of other friends in the county.

The partnership heretofore existing between Ahern & Tonkin in Millington expired on March 1, Mr. John P. Ahern having purchased the interest of the late Mr. Henry Tonkin. Mr. Ahern will continue the lumber and insurance business, and will continue to serve the public with the same promptness and courtesy which has characterized the business transactions of the firm in the past. Mr. Ahern has an interesting advertisement on page 1 in reference to the business change.

Mr. Numsen and three other representatives of a large Baltimore Packing Co. were in Fredericktown last Monday on a tug boat to select a location for a packing house in that place. They were met by representatives of Cecil and Kent counties and selected a location fronting on the Sassafras river, north of the Tolchester Company's wharf, but on account of the uncertainty of getting title to a part of the land no definite plans were made.

Public meetings have recently been held in Kennedyville in the interest of village improvements. The people of the village and community are not at all pleased with the condition in which the state road builders left their work, and a committee composed of Messrs. John R. Bennett, Tilghman Shafer and L. A. Pennington has been appointed to bring the matter to the attention of Governor Crothers and chairman Tucker of the Good Roads Commission.

Mr. Wm. S. Carroll, contractor and builder, began this week, the erection of a fine store and dwelling for Mr. Robert Moffett on his building lot in the Burnt District. The front building will be 25½ft. x 32ft. with a front of red press brick with white mortar, and large recess plate glass windows in the meat store. The back building will be 32 ft. x 19½ ft. The whole will be three stories with mansard roof, and it will be a valuable home and store property when finished. Contractors Duyer Bros. will begin the erection of Mr. Wm. R. Maul's new buildings adjoining Mr. Moffett's as soon as the weather is favorable. Mr. Maul will have a store and dwelling on one lot and a store on the other, and they will be ornaments to the town.

Little, be returned for the fifth year. Messrs. J. Waters Russell and Clinton C. Jones were elected additional members of the Board of Stewards.

Grange Notes.

Fairlee Grange held an interesting meeting on Wednesday evening. Matters of importance were discussed and planned for. The literary programme consisted of several readings from Longfellow, and an interesting talk from Mr. J. A. McCleary. Programme for next Wednesday evening was announced. The third and fourth degrees will be conferred on all entitled to it, and they are urged to be present on the 15th.

The regular meeting of Still Pond Grange was held on Tuesday afternoon at 2.30 P. M. There was a very good attendance, and at 5.30 the ladies served supper. The evening meeting was devoted to perfecting the arrangements for the "Three Great Shows in One." The sister granges of the county are urged to be present to get some idea of how we give our candidates the third degree. Come early, as there will be no reserved seats.

Wedding Bells.

Rev. John M. Holmes, one the most prominent ministers of the Maryland Conference M. P. Church, now stationed at Alexandria, Va. and Miss E. Virginia Ferguson, of Washington, were married on Monday in Washington, by Rev. J. M. Sheridan, president of the conference. The bride was an active member of Rhode Island Avenue M. P. Church, Washingtoh of which Rev. J. M. Gill was formerly pastor, and it has been during the pastorate of Dr. Holmes in Alexandria that he met his bride. Dr. Holmes is very well-known in Chestertown, where he has preached on numerous occasions in Christ M. P. Church, and where his family have frequently been guests of Mr. Thomas G. Wroth and family.

Chesterville Items.

Sunday School in Emmanuel at 10 A. M. Preaching at 11. League service at 7.30, followed by illustrated sermon. Trinity, Millington, Sunday School at 2. Preaching at 8. League at 7.30.

Rev. E. V. Regester preached Sunday night to a good congregation, considering the condition of roads and weather. His theme was "Doing good unto all men, especially those of the household of faith."

The Fourth Quarterly Conference of Kent charge was held Monday A. M. was well attended, and had good reports.

The Epworth League of Emmanuel will hold a public function on Saturday night, March 18th. The League met last month at the parsonage and had an enjoyable evening. For this meeting Mr. Freeman has kindly allowed the League the use of the rooms in the store building. The young people of this community are in need of a place for public meetings where entertainments can be given, and it is hoped that this coming summer may see something of that sort.

A woman who has lived in this village off and on for two years was arrested and fined for using profane and vulgar language on the street. She pleaded guilty and paid her fine. She left town and the good women of the town as well as most of the men are glad that she has gone. For the most part the people of this vicinity are honest, hard-working people, and deserve credit. They are against gambling, profanity, whiskey drinking, and other sorts of loose living.

Sunday, the 18th, will be special Missionary Day in Emmanuel and Trinity. Members and friends who read this item kindly remember and send their contributions if they cannot come. For the last three years this charge has paid all assessments which have amounted each year, besides pastor's salary and all repair and running expenses, to about $400. This indeed shows the loyalty of members and friends to the cause and its work in home and foreign fields.

Betterton Notes.

We are having plenty of winter.

Mrs. G. E. Owens is still confined to her bed.

Mrs. Fountain Crew has been very sick with the mumps. There are quite a number sick.

Mr. Jester is improving.

Mr. L. A. Hickman is home for a few days.

Mrs. M. V. Turner and children are visiting her sister, Mrs. Harry Clark, of Earleville.

The Steamer Annapolis ran aground Thursday in the Sassafras river and did not make her usual run.

Mrs. Arthur Brice is spending some time in Baltimore.

The rock being scarce the men are getting discouraged. They have had some very rough weather.

We all feel very grateful to the Bayside Company for the gift of two of their lots in a very desirable location, and we hope our people will make use of same and build a good comfortable church in the near future, as no place or village was ever so badly in need of a church as Betterton now is. So let's get together and do all we can to build a church.
