Will materially affect the body if the blood is pure. Every individual, even the most diseased, has within him a germ or root of that pure blood of our common mother Eve; which germ of pure blood is the supporter of his life, and is in constant struggle to throw off the heterogeneous, corrupt humors, which are the causes of disease in the individual. By purging the body of this diseased individual of its bad humors, you allow the germ of pure blood to gain ground and to make blood of a better quality, and so progressively till the whole mass is regenerated; for the good principle or good pure blood, is always striving to be predominant over the bad or diseased humors. Let all who wish to be of a fine healthy habit; who wish to have a sound mind in a sound body; who desire to be able to stand without injury the continual changes of this climate; who desire to have healthy children, use the Brandreth Pills, which will effectually cleanse the blood of all bad or corrupt humors, and restore the human body to the state of health enjoyed before the introduction of mineral medicines. Remember Brandreth Pills place within the reach of all health and long life.

HEMSLEY'S VEGETABLE TONIC.

PREPARED BY
R. F. HEMSLEY,
PHARMACEUTIST,——Easton, Md.

NO MEDICINE has acquired in so short a time so deserved a popularity; and none is prepared to present so honorable an array of certificates from the FACULTY OF MEDICINE and private individuals throughout the State as Hemsley's Vegetable Tonic. In moderate doses, regularly taken, this medicine is a sure preventive of Fever & Ague and Bilious Fever, while it affords in most instances a permanent cure when employed for the removal of these diseases. In all cases of general debility arising from old age, profracted illness, or uniform delicacy and feebleness of constitution, it is without question one of the most agreeable and efficient tonics ever offered to the public. Let all who are afflicted apply to this remedy with the full expectation of perfect relief. It promises nothing which it is not competent to perform; and must, in a very short time. be the remedy preferred to all others in the various forms of Fever and Ague and in cases of general debility. Full directions for using it will accompany each bottle.

Certificates.

The undersigned, Physicians of Baltimore, having been made acquainted with the ingredients composing "*Hemsley's Vegetable Tonic*," have no hesitation in saying that the compound, if properly used, cannot fail to conduce greatly to the accomplishment of the object proposed in its employment; and do therefore cheerfully recommended it to the afflicted public.

J. K. MILLER, M. D.
Former President of Washington Med. Col. and Profes. of Anat. Physiology, &c. &c.
SAML. K. JENNINGS, M. D.
Profes. Materia Medica and Therapeutics, Washington Med. Col.
G. R. WRIGHT, M. D.
THOS. OWINGS, M. D.
Fayette Street.

The preparation made by Mr. Hemsley, Apothecary, Easton, Md., and known as "*Hemsley's Vegetable Tonic*," is in my opinion the best article ever offered to the public for the radical cure of that distressing affection, Intermittent Fever. This composition forms a pleasant bitters, and furnishes a most desirable tonic in cases of constitutional debility resulting from natural infirmity or the ravages of disease. I have recommended this medicine extensively in my practice and have always found it to answer the desired purpose.

CHRIS. C. COX, A. M. M. D.

Mr. R. F. Hemsley, Sir:—This is to certify that for a long time I labored under the debilitating influence of that dreadful disease, *Ague & Fever*, and had recourse to many remedies recommended to me by Physicians and others, all of which proved unavailing. I heard of your celebrated '*Vegetable Tonic*,' of which I procured two bottles, and before I had taken it all I was entirely restored, and have not since felt any symptoms of its return. It has accomplished more in my case than all other remedies put together, and I most cheerfully recommend it to all those persons who may be laboring under this most wretched disease.

STAINBURN'S VEGETABLE EXTRACT PILLS.

THIS very useful and highly popular medicine is now universally used by families and invalids. Its wonderful effects in restoring health when other remedies have been tried in vain, has insured for it the fullest confidence of all who have used it.

THE PURE EXTRACTS

of which these Pills are entirely composed, *is the very life principle* of medicinal plants and roots, drawn from the growing vegetable by a scientific and ingenious process, consequently they are free from all those injurious and useless particles which cause *griping, pain* and *nausea* after taking impure medicine; they are

NOT ADULTERATED WITH SUGAR

or any other glutinous or sticky substance; therefore they do not leave the body costive, but act pleasantly and easily on the system *without any thing in them to clog up* the stomach and bowels, or retard the full and free powers of their unfailing curative virtues.

The controlling power over Disease

which the Stainburn Pills alone possess, is easily understood by drawing a comparison between them and ordinary medicines: *For example*—If a dose of Salts or Castor Oil be taken the effect is to violently rack and purge the stomach and bowels, thereby *weakening* their *natural* action; but the secretions are not operated upon by these medicines; the *bile is not touched*—the blood is *not rendered more pure*—nor is *disease removed* from the body. How different the result when the STAINBURN EXTRACT pills are taken. As soon as they descend into the stomach they are dissolved and separated by the heat and moisture they there find, when *Each Extract* of which they are composed flies to that *section* of the body for which it has *peculiar affinity*; some to the *liver*, where they promote its healthy action by *removing* from it the obstruction caused by an *overflow of bile*; others have a tendency to *correct* the *action* of the *kidneys*; while some *Extracts*, operating upon the pores of the skin cause *perspiration* to flow; and so in like manner Every Extract in the Stainburn Pills fulfills its *own peculiar office*, while the whole together forms a mild and prompt purgative, inducing the bowels to their proper action, and thereby *carrying disease out of the body.*

Too much care cannot be used in selecting the true and genuine Pills; and

Too much confidence cannot be placed in their health-restoring and life-giving virtues; all that is required is perseverance in using them according to the directions, and they will soon prove themselves

WORTHY OF ALL PRAISE.

For sale at 25cts. per box containing 30 pills, at Dr. Stainburn's office, No. 7 Ann St., near the American Museum.

MORE PRACTICAL PROOFS of the extraordinary virtues of
WORSDELL'S PILLS.

Cure of Dyspepsia.

EASTON, Md. May 8th, 1845.

Dear Sir:—Duty to the afflicted portion of society, and gratitude to you, Sir, prompts me to communicate to you the great amount of suffering I have endured from Dyspepsia. and the incalculable benefit I have derived from using *Worsdell's Vegetable Restorative Pills.* About three years ago my digestive organs became weak, and twelve months from that time my system was much debilitated, which compelled me to quit work for two or three weeks at a time. All the medicine prescribed only gave me temporary relief, and I gradually became weaker. I tried various patent medicines with no better success; and at length I had to quit work altogether. I believe it was last October when a pamphlet was left at my house, stating the properties and effects of Worsdell's Pills, which induced me to try them, although I had given up all hopes of recovery, as I had been confined to my house three months:—the latter part of the time I was so sick that I could not bear to be out of bed. I commenced, however, using Worsdell's Pills: the first dose I took had no effect; in the evening I took another dose of eight pills, which operated a little; the following day I repeated the same dose, and they produced a brisk purge, which relieved me. This brightened my hopes, and I persevered until I had taken the contents of one box, when, to my astonishment, I was able to go out; and, by persevering with the Pills, I soon recovered strength to enable me to attend to business. For twelve months I had suffered daily with a burning pain in my stomach, attended with pain in my side and severe headache, and had to abstain from fresh meat.

I have given Worsdell's Pills a fair trial, and they have produced the desired effect, as I have now been able to attend to work steady for *six months;* and I feel as well as I ever did—I am hearty and relish my food. I sincerely believe I should have died had it not been for the timely use of those truly valuable pills. I feel thankful for the blessing I have received, and desire that all who use them may be equally benefitted.

I am yours respectfully,
SAM'L. SATTERFIELD.
To Mr. Geo. Pearson, Vestry St. N. York.

ANOTHER GREAT CURE OF FEVER AND AGUE.

Marsh Hope Bridge, Del., Sep. 20, 1844.
To DR. WORSDELL,

Sir:—The great amount of suffering produced by the Chills and Fever to thousands of my fellow-creatures, induces me to make known the benefits I have derived by using your Vegetable Restorative Pills. During the past few years I have suffered much with the chills and fever, for which I have advised with Physicians, and tried their prescriptions and other medicines that were recommended, without experiencing the desired relief. Three months ago I had another severe attack, and on hearing some of my neighbors praising your Pills, who had proved their virtues, I was induced to make a trial. I perused your directions, which accompany each box of Pills, in hopes of finding something in relation to the chills and fever, but there being nothing wrote under that head, I felt reluctant to use them. However, on making further inquiries, and being assured that the Pills were safe and gentle in their effects, I concluded to try them;—I commenced by taking eight pills on going to bed, which had the effect of stopping the chills and allaying the fever; I repeated the same dose on the four following evenings, which, to my astonishment, *effectually cured me.* It is now three months since I first used the pills, and I have had no chills or sickness of any kind; in fact I have, and continue to enjoy, better health than for many years past. My wife, also, has taken your Pills, and I have administered them to my children on several occasions with success. I can confidently recommend them as a family medicine, and an effectual remedy for the chills and fever.

Grateful for the blessings I have derived by using your Vegetable Restorative Pills, and hoping you will make this known for the benefit of the suffering public,

I remain, yours sincerely,
JOHN W. JEEFERSON.

STILL ANOTHER PROOF.

[*Copied from the Baltimore daily Sun.*]

BALTIMORE, *May* 1st, 1845.

Dear Sir:—It is with pleasure I communicate to you the great benefit I and my family have received from the use of *Worsdell's Vegetable Restorative Pills. My* daughter, Catharine Bryan, was afflicted twelve months with a disease of the Liver. She had severe pains in the breast and side, sick stomach and headache, which so debilitated her that she could not btear he least exertion. Hearing of the good effects produced by Worsdell's Pills, I procured a box from *Mr.* J. K. Love, 69 *Hanover* street. She soon experienced relief, and when she had taken the contents of three boxes, was quite restored to health and enabled to attend to her domestic duties with ease. It is about six months since I commenced using these invaluable Family Pills; during that time I have used no other medicine, as I have found them to be an excellent purifier of the blood and all that is necessary for the preservation of health.

Yours, respectfully,
K. LINDSLEY, 115 Lee street.
To *Mr.* Pearson, Vesey street, New York

☞ Satisfactory accounts from those who have proved the virtues of Worsdell's Pills, are almost daily sent to the proprietor, and the unprecedented great demand for them in every section of the country where their efficacy have become known, is sufficient evidence of their extraordinary qualities.

The office of Worsdell's Pills is to go at once to the root of disease by purifying that principle of life—THE BLOOD. They preserve and improve the health and digestion relieve the lungs, promote perspiration, remove bile from the stomach and dangerous oppression from the brain; produce serenity of mind; and, in short, give tone, energy, strength, and elasticity, to all the physical functions. They do not contain an atom of *Mercury, Calomel, or any other deleterious drugs* and have been found so beneficial in almost all cases of disease which the human system is liable to, that they may justly be considered unequaled as an universal Family Medicine; being *purely vegetable*, the most delicate females find the occasional use of them materially beneficial to their general health.

CLICKENER'S SUGAR-COATED VEGETABLE EXTRACT PILLS.

A Medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, *COATED with SUGAR*, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely, griping pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of the blood. Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness rebukes them for the folly of their conduct. Still they *had* some excuse; for *heretofore*, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for

Clickener's Sugar-coated Vegetable Extract Pills

have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from he system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25cts.

CAUTION.—The public should remember that C. V. Clickener is the inventor of the Sugar-coated Pills, and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar-coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic as palming off counterfeit for genuine medicines. feb 4
