SATURDAY, JULY 15, 1911

DEMOCRATIC TICKET.

Subject to the next primaries.

FOR STATE SENATOR:
GARRETT FOXWELL.

FOR LEGISLATURE:
JAMES G. HARRIS,
CHARLES L. MILLER.

FOR COUNTY TREASURER:
CLARENCE S. HURLOCK.

FOR SHERIFF:
WILLIAM H. McKEE.

FOR COUNTY COMMISSIONERS:
W. FLETCHER MELVIN,
HARRY NICOLS,
THOMAS C. ROE.

JUDGES OF ORPHANS' COURT:
JAMES BRAMBLE,
W. BRADFORD COPPER,
CHARLES S. HILL.

A VOTE for Beck for Senator means five more years of Gibbsism. A vote for Senator Foxwell means placing the working of the roads under the supervision of the County Commissioners.

A GENTLEMAN who recently made the trip by automobile from one of the large cities to Chestertown stated that the Kent roads were the *worst* he traveled over in the entire distance. Five more years of such road management as Kent has now, will "fix" the roads of this county, and don't you forget it, Mr. Tax-Payer.

REPRESENTATIVES of the Just Government League held a public meeting on the court house green on Tuesday afternoon. The audience, though small was interested in the speeches. The ladies in the audience sat on the grass close to the speakers, while the men, who were there as representatives of their wives and sweethearts, formed the outer circle. The speakers gave good and sufficient reasons why women should vote, and Rev. Dr. L. E. Barrett presided with his usual grace and dignity. There is no doubt that this question is one of the most pressing of the present day, and we fully expect to live to see the day when women will have the right to vote.

SHERIFF MEDDERS, Mr. William W. Beck and Chauffeur Frank Lockerman started out the other afternoon in the "Organization" auto. They had the hardest kind of a time to find the key, and in fact did not find it until an Anti-man told them where it was, and when they got her started *she went backwards instead of ahead*, and somebody said that is just the way the Organization faction is running now. It don't make any difference how often Mr. Beck and his supporters go out in the country on the road looking for votes, they are not only haunted by the spectre of the road engineer, but they see the people running away from them in all directions.

THE strong and forceful letter of Senator Foxwell in our issue of last Saturday defining his position on the so-called Haman Oyster Bill, has been very well received by the oystermen of the county, and the Senator will receive the full oyster vote, because of the manly and honest manner in which he explained himself to them. The old Fifth holds a powerful surprise in store for the Organization forces, for she is going to give the Antis a rousing majority in this contest. If you care to know the truth about it ask Walter Hadaway, Elmer Leary, Benj. Durding, Charlie Wood and Charlie Miller. Charlie Miller will sweep the district for the Legislature, and like Walter Hadaway in his unequaled fight for clerk of the court, he will carry the entire Anti ticket through the district with his vote. The oystermen know who their friends are, and who will protect their interests.

OUR BIG PRESS has had a break down. She has been grinding out the truth with such persistency and regularity for the past six months that she just could not help slipping a cog, and breaking an important piece of the machinery that will put her out of business for about two weeks. In the meantime through the courtesy of the editors of the Kent News, their press will grind out the TRANSCRIPT's truths, and we are quite sure that they will be just as convincing and effective as if the TRANSCRIPT's double revolution Campbell did the work. The accident happened last Friday morning just as we were about to go to press, and the News very kindly ran off our issue for us. This is the way newspaper men do. We fight like all the world openly and aboveboard for political supremacy, but when it comes to interchange of courtesies in assistance, etc., each looks out for the other. And why should it not be so? We desire also to thank Mr. L. B. Russell for his very courteous offer of assistance. As soon as he heard of our accident he telephoned that his press was at our service, and we desire through the medium of our paper to express our appreciation of such generosity. [illegible]

A STRIKING COMPARISON.

The following is a striking comparison of the manner in which the Anti-Organization commissioners have protected the interests of the tax-payers and the manner in which the Organization wasted the money of the people on the roads, due to their thirst for political control. Here is the difference between the Organization rate of $1.85 and the Anti-Organization tax rate of $1.22.

UNDER ORGANIZATION.	UNDER ANTI-ORGANIZATION.
Mr. Henry Parr, 1st Dist., assessment $2,694.	Mr. Henry Parr, 1st Dist., assessment $2,694.
In 1910 he paid in county taxes at $1.85...$49.84	In 1911 he will pay in county taxes at $1.22 $32.76.
	Difference in favor of Antis.....$17.08
Mrs. Susan C. Waters, 1st District, assessment $7,325.	Mrs. Susan C. Waters, 1st Dirtrict, assessment $7,325.
In 1910 she paid in county taxes at $1.85, $136.61	In 1911 she will pay in county taxes at $1.22 $87.57.
	Difference in favor of Antis.....$46.24
Mr. J. T. Quinn, 1st Dist., assessment $2,413.	Mr. J. T. Quinn, 1st Dist., assessment $2,413.
In 1910 he paid in county taxes at $1.85...$44.64	In 1911 he will pay in county taxes at $1.22 $29.44.
	Difference in favor of Antis.....$15.20

If the Antis can save you money in the commissioners office, Mr. Tax-payer, such as they have done in the tax rate, they can protect your interests equally as well in the Legislature, and prevent the passage of laws that simply add to your tax burdens every year and afford you no protection. A vote for Beck for Senator is decidedly against the financial interests of the tax-payers, while a vote for Foxwell is not only a protection to the tax-payers but it is a protection to the farming interests of the county as well.

EXTREMELY KIND, BUT ABSENT-MINDED.

Mr. Charles L. Dodd, in his epistles to the Kent News, is extremely kind to Mr. Hicks, but is absentminded in regard to the expert accountant matter. In his statement in the TRANSCRIPT Mr. Hicks charged Mr. Dodd with $1,767.09 expenses, while Mr. Dodd charged himself in his epistle to the Kent News with expenses of **$1782.-91**, a difference of $14.82 in Mr. Hicks' favor. In the first year of Mr. Dodd's term of office the board of which he was the clerk paid **$437.21** for the services of an expert accountant which was ordered by the grand jury after a most searching investigation of the county finances by Mr. Hope H. Barroll and the TRANSCRIPT. In the first year of Mr. Hicks' term, the expert accountant appointed by the Board of County Commissioners to investigate the county finances after the Organization board got through with them, cost the county only **$379.09** a difference in favor of Mr. Hicks of **$58.12** as far as the expert accountant's services are concerned. So you see, if you take the difference between Mr. Hicks' and Mr. Dodd's statements of general expenses and of the cost of expert accountant's services under each, you will have a difference in *Mr. Hicks' favor* according to Mr. Dodd's epistle to the Kent News of **$72.94**. Add this difference to that given by Mr. Hicks of $142.09, and you have **$215.30** in Mr. Hicks' favor. Now you can laugh, Mr. Hicks, for this is absolutely correct.

ORGANIZATION CAMPAIGN THUNDER.

Here is a sample of the kind of thunder the Organization is putting out to bolster up their forces:

Mr. Hope H. Barroll informs us that he has not driven out of Chestertown to talk politics with any one this year.

The Kent News last Saturday said he had.

Mr. Fred Usilton stated the other day that Walter Hadaway had given up the Fifth District, and that the Organization would carry the district.

Mr. Hadaway says that this is a great mistake. He says the Fifth District is in splendid shape, and that his friends will carry the district for the entire Anti-Organization ticket by a majority greater than he got two years ago. He says the oystermen of his district know who their friends are, and they will be just as loyal this time as they were before and more so. Seen anything of the Road Engineer down that way in the last six months, Walter?

It was reported that Mr. Elmer Leary had stated that he is going to vote for Mr. Beck for Senator. Mr. Leary states that he never made such a statement, and that he is not only going to vote for Mr. Foxwell, but that he will use all the influence he has to bring about Mr. Foxwell's nomination and election.

It is reported that the oystermen of the Fifth District are going to support Mr. Beck. It was said in the Dixon-Hadaway contest that the oystermen would vote for Dixon because of the manner in which he looked after their licenses, etc. Mr. Hadaway carried the Fifth District by 186, and he says the Anti majority will be as great, if not greater this time than it was for him. The oystermen know who their friends are, and they will prove their loyalty to that galaxy of men, Elmer Leary, Ben Durding, Charlie Wood, Walter Haddaway and Charlie Miller, the candidate for the Legislature, who have always fought shoulder to shoulder for the protection of the interests of the oystermen.

This is the kind of thunder they are using to keep up their constantly decreasing forces. Take it for what it is worth. Would it not be more in keeping with the truth if they should call their people of the Organization from [illegible]

MR. C. B. DUDLEY INTIMATES DEFEAT.

County Commissioner C. Bradford Dudley was in a certain part of Queen Annes county recently and in a conversation with a gentleman whom he knows as well as he knows himself, he intimated that the Organization hasn't a ghost of a chance to nominate a single man on their ticket and he gave the impression by his conversation that so far as the Organization is concerned, they had just as well give up the fight now. The party to whom this impression was given by Mr. Dudley told a gentleman, who told us last Saturday evening. Now when two such leaders of the Organization as Mr. Beck, the candidate for Senate and Mr. Dudley, one of the County Commissioners, admit defeat, isn't it about time for the Organization to sit up and take notice of what's going on around them?

MR. BECK GIVES UP FIGHT.

Mr. Wm. W. Beck, Organization candidate for the Senate, has acknowledged within the last two weeks that he does not expect to be nominated, but that he is making this fight in order to make a good showing for the future. Has Mr. Beck got his eye on the judgeship fight next year? Mr. Beck made this statement to a prominent gentleman of the county recently, and if Mr. Beck desires to contradict the statement, we are prepared to give the name of the gentleman to whom he made the admission. We have been satisfied for some months that Mr. Beck could not defeat Senator Foxwell, but we had no idea that Mr. Beck would admit his defeat so long before the primaries. However, we are quite sure that Mr. Beck sees how strongly the tide of public opinion is running against the Organization and the issues which Mr. Beck represents, and he feels the load is too heavy for him to carry.

REPORTS from all parts of the county are most encouraging for the Antis. There is nothing desperate about the Antis. They have their contest well in hand, and if they don't win every man on their ticket by substantial majorities it will be the biggest surprise to the people of this county that ever happened. The desperation is with the Organization. They are fighting like mad to hold their crumbling forces together, but every week notes important deserters from their ranks to the Antis. They sustained two important losses in two of the districts last week, and those who were once staunch Organization leaders, are using all the influence they have to nominate Senator Foxwell and the rest of the Anti ticket. The people are waking up to what the nomination of Mr. Beck for the Senate means, and voters are leaving the Organization forces every week going to the Antis, whom they believe represent the best interests of the people. The roads, and the road engineer are doing the work for the Antis. The people realize that the Organization forces are sacrificing every other one of their candidates in their desperate effort to nominate Beck, IN ORDER TO RETAIN CONTROL OF THE ROADS AND THE ROAD ENGINEER, AND STILL KEEP THE ROADS IN POLITICS, AND THEY ARD GOING TO DEFEAT BECK BECAUSE HE STANDS FOR GIBBS, THE ROAD ENGINEER.

NEED FOR EXPERT ACCOUNTANT.

In 1903 the last year the Republicans were in control of the commissioners' office, after a searching exposure of the financial condition of the county by Mr. Hope H. Barroll and the TRANSCRIPT, the grand jury ordered an investigation of the finances by an expert accountant which cost the county $437.21, *and it was charged up as an expense to the commissioners office too.* The report of the grand jury was a most serious one, and in speaking of the amount of money spent on the roads by the Republican board said, "it seems to us with 400 miles of road in the county to keep in repair, $30,254.71 seems to be a fabulous sum." In another instance the report states that at the rate at which the total yearly expenses were being increased the county in 1904 would face a floating debt of $70,000. The grand jury of the county upon the strength of this financial condition ordered an investigation by an expert accountant. Now then the Organization board assumed control of the commissioners office in December 1903. They began with an indebtedness of $70,000, and in six years, from December, 1903, to December, 1909, they increased the total expenses of the county from $70,000 to the enormous sum of **$166,000**, and in the last year of their term of office they spent **$43,285** on the roads and bridges in the county. It was a fit subject for the grand jury of this county to investigate, but it was not done. And when in December 1909, the Anti-Organization assumed control of the commissioners' office, they acted the part of wisdom in refusing to take charge of affairs until the financial condition was investigated by an expert accountant. If the grand jury did right in ordering an investigation of the financial condition of the county after the Republicans had piled up the county's indebtedness to the outrageous sum of $166,000? It was high time that something be done, and the commissioners did right in employing an expert accountant, and he did not cost half [illegible]

THE demand on the part of the tax-payers of Cecil county to place the county on a cash basis, and stop the promiscuous issuance of certificates of debt is so strong that Mr. Frank E. Williams, representing a large number of the tax-payers of that county, applied to the circuit court for an injunction compelling the county commissioners to place the county on a cash basis. Judge Hopper granted the order for an injunction last week, and the matter will be pushed to the limit. The Kent News has been seeking to prejudice the minds of the people of the county against placing our finances on a cash basis by charging that the motive for the $1.85 tax rate was to place the county on a cash basis. Suppose such was the motive, and don't you know the nearer the county is on a cash basis the lower your tax rate will be by reason of the saving of thousands of dollars in interest annually? That is one reason Kent county got so far in debt because of the almost wholesale manner in which certificates which bore interest were given. If the motive of the commissioners is to get the county on a cash basis, let's encourage them, for it will save the tax-payers thousands of dollars in interest every year.

THE FOLLY OF IT.

THE Beck Organ is raising a great to-do about the road law being responsible for the lowering of the tax rate from $1.85 to $1.22. The folly of such a statement as this is apparent when you consider for one moment the fact that the saving to the tax-payers of the county by a reduction in the rate of 63 cents is more than TWO TIMES the amount saved by levying the lowest possible amount that could be levied under the Gibbs Road Law. Under this farcical road law, the commissioners levied 20 per cent. of the taxable basis of $8,500,000 in round numbers. The actual amount levied was $17,975.33. In 1909 the old board of commissioners spent $43,285.00 on the roads. There is therefore a *compulsory* saving due to a law which they were compelled to pass NOT FOR THE PURPOSE OF BEING ECONOMICAL BUT TO RETAIN CONTROL OF THE ROADS of $25,309.67. The reduction of 63 cents in the tax rate represents a saving to the tax-payers of **$53,550.00.** Now if the Gibbs Road Law is so economical that it saved the tax-payers $25,309.67, what became of the other $28,240.33 that is represented in the saving of 63 cents in the tax rate? Why it, with about $7,000 more of the tax-payers hard earned dollars was wasted by the old board of commissioners in the last six months of 1909 on the roads. So according to the Organization's own argument you have the reason for the $1.85 tax rate, and the explanation of the $1.22 rate and the admission is that THEY SQUANDERED THE TAX-PAYERS MONEY ON THE ROADS IN 1909, WENT TO ANNAPOLIS IN 1910 AND PASSED A LAW THAT WOULD GIVE THEM CONTROL OF THE ROADS AFTER THEY HAD LOST THE COMMISSIONERS OFFICE, AND IN 1911 THEY ARE SHOUTING ECONOMY IN ORDER TO GET VOTES WITH WHICH TO NOMINATE BECK IN ORDER TO RETAIN CONTROL OF THE ROADS. That's the shame of the whole story.

Utilities Commission.

The Utilities Commission was in Chestertown on Thursday to investigate the matter of laying the track from Worton Station to Nicholson's Station for the accommodation of the farmers in that vicinity. Representatives of the Pennsylvania Railroad Company and many farmers of the county interested in seeing the extension of the railroad made were present and arguments for and against the extension were made by the farmers and company representatives. The utilities commission will make a thorough investigation of the matter and upon their decision will rest the victory or defeat for the farmers. We see no just reason why the extension of the road from Worton should not be made. The farmers and shippers are anxious for it in order to avail themselves of northern markets, while their only means of reaching these markets now is by unnecessarily long hauls. The extension of the road to Nicholson's Station would furnish an important outlet for the farmers' products, and it is hoped that the railroad company will consent to extend their line to that point.

Still Pond Notes.

Mr. C. B. Krusen has returned home after a pleasant visit to Vineland, N. J.

Mr. Charles Hague spent Wednesday in Baltimore.

Mrs. Fred Ford, of Baltimore, is visiting her parents, Mr. and Mrs. Wm. Thompson.

Mr. and Mrs. Jack Jones, of Philadelphia, visited Mr. and Mrs. Wm. Clark over Sunday.

Miss Lillias Walter is spending the week in Baltimore.

Miss Daisye Severson is spending sometime in Philadelphia.

Miss Mae Pennington visited Miss Mary Harper the past week.

Mrs. Clarence Thompson and children, of Rock Hall, spent a few days with Mr. and Mrs. Wm. Thompson.

Mrs. Joseph Beeler and little daughter, Margaret, are visiting at the home of Mr. and Mrs. Wilmer Ford.

Miss Edna Wroth spent last week with relatives in Baltimore.

Mrs. Sallie Rasin is visiting in Clayton, Del.

The rain that fell on Wednesday morning, was certainly a blessing as gardens were burning up, and the dust something fearful. The heat has been extreme, registering one day this week 120° at Covington's corner, in the sun.

Miss Katie Dexter, of Trappe, Talbot County, is visiting at the home of Mr. and Mrs. George Atwell.

DENTIST.

R. A. WHEELER, Dentist.
[illegible]
