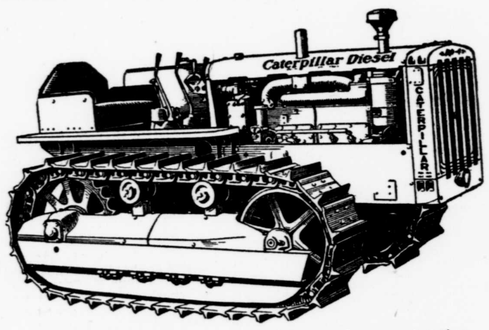
At Your Grocers

IN THE LONG RUN AND THE SHORT RUN TOO . . .

THE BEST TRACTOR COSTS THE LEAST



WHETHER you expect to work your tractor 5000 or 500 hours per year—buy it to pull your plow or drills or combine at the lowest per-acre costs, and you'll be money ahead. Just examine the savings nearby "Caterpillar" Diesel and distillate tractors are effecting for grain growers.

Buy your tractor to get the job done on time—the teamed power and stamina to stay "at it" and plow hard, dry stubble ground at regular depth without delay. The non-slip, all-weather traction to pull the combine and save your crop despite untimely wet spells. Get the tractor that rides listed ridges — and handles row crops from start to finish — not just grain alone. The "Caterpillar" track-type Tractor ideally fits all these requirements!

And buy your tractor on the basis of its resale or trade-in-value — slow depreciation is a real measure of worth. Let us tell you what the "Caterpillar" Tractor has in it in the way of highest-grade, heat-treated alloy-steels — fewer, yet stronger parts, with greatest resistance to wear and breakage — the finest lubrication system ever provided on a tractor — complete and effective protection from dust. Here's where the "Caterpillar" Tractor gets its extra thousands of hours of dependable performance.
