Decoration Day Matinee.

The first matinee of the season was held on Worton track on Thursday afternoon—Decoration Day. A crowd, estimated at between 500 and 600 people, witnessed some of the best sport seen on the old track in years. Owing to the green condition of the horses, and the early season, only half mile heats were raced, and in each event the contests were close and exciting. The management did everything in its power to make the afternoon enjoyable and interesting, and they succeeded admirably. The summary of the events and the officials are as follows:

Summer Resorts Open.

Old Tolchester, old in name but young in improvements, will open to-day. Supt. George E. Noland has had this popular bay-shore resort put in fine condition and is ready for thousands who annually visit this much sought and delightful spot. Here you find the merry-go-round, ten-pin alley, pony and goat carts, boating, fishing, bathing, etc. For those who are seeking rest the quiet nook is also provided.

Betterton, second to none, will formally open about the middle of June with all its gayety, hustle, bustle and fuss. This resort has perhaps grown in favor faster than any bay-shore resort in the State. It offers amusements such as dance pavilions, roller skating, ten-pin alley, boating, fishing, bathing, base ball, card parties, etc. In better shape than ever before to take care of the crowds.

"Love Point," Queen Anne's county's popular summer resort opened Monday, May 27, 1912, and this year the attractions promise to be greater and more numerous than ever. Hotel accommodations are up to-date in every way. It's fine bathing, boating and fishing are as good as can be found anywhere, and besides the attractions it has for the tourist, it also offers inducements to those wishing attractive building lots.

☞A demonstration of the value of a fly destroyer, which is of vast importance to our farmers and dairymen will take place at the farm of Mr. Walter T. Morris, near town next Tuesday afternoon. An advertisement relative to the matter appears elsewhere in this issue.
